HOUSE CONCURRENT RESOLUTION NO. 17

WHEREAS, the State of Missouri contains 553 miles of the Missouri River, which borders 23 Missouri counties and over 50 Missouri communities, making it one of Missouri's greatest natural resources; and

WHEREAS, the Missouri General Assembly supports this natural resource as a vital link in the State of Missouri's total transportation system and desires to maximize this valuable asset in order to move freight and to support Missouri's economy; and

WHEREAS, barge transport allows for significant economic benefits and cost savings, since one barge can transport the same amount of freight as 15 rail cars or 60 trucks; and

WHEREAS, river transportation is the most environmentally friendly form of transporting goods and commodities, creating virtually no noise pollution and emitting 35 to 60 percent fewer pollutants than either trucks or trains; and

WHEREAS, barges are also the most fuel efficient method of freight transport. Barges can move one ton of cargo 576 miles per gallon of fuel compared to 423 miles per gallon of fuel for rail and only 155 miles per gallon of fuel for trucks; and

WHEREAS, the Missouri General Assembly recognizes that the State of Missouri is investing more of its resources to develop and improve public ports in the state, including those on the Missouri River; and

WHEREAS, the Flood Control Act of 1944, as amended, expresses the United States Congress' intent to support inland waterway navigation and provide flood control on our nation's rivers; and

WHEREAS, the June 4, 2003, August 16, 2005, and February 8, 2008, decisions of the United States Court of Appeals of the Eighth Circuit held that navigation and flood control are the two dominant functions of the Flood Control Act of 1944; and

WHEREAS, navigation on the Missouri River is operated in accordance with the updated Missouri River Master Water Control Manual, which contains the management plan for the River and was adopted by the United States Army Corps of Engineers in 2004; and

WHEREAS, the Missouri General Assembly recognizes that the United States Army Corps of Engineers utilized extensive public processes to complete the 2004 Missouri River Master Water Control Manual and worked to

balance the needs and desires of many competing stakeholder groups in establishing the Manual's navigation guidelines; and

WHEREAS, the 2004 Manual was finalized after 15 years of debate and litigation and after the expenditure of over \$35 million in federal funds; and

WHEREAS, the 2004 Manual reduced the length of the navigation season, shifting a large amount of water away from navigation and other downstream uses of the Missouri River to benefit upstream uses, such as reservoir recreation; and

WHEREAS, the upstream states have requested that the United States Army Corps of Engineers conduct a study to reexamine the authorized purposes of the Missouri River reservoir system as outlined in the 1944 Flood Control Act; and

WHEREAS, the study requested by the upstream states would be the first of its kind, because it would scrutinize the authorized purposes of the Missouri River reservoir system rather than studying the current Missouri River Master Water Control Manual, thereby undermining the Manual's management plan for the Missouri River; and

WHEREAS, in requesting this study, the upstream states are seeking an additional shift in water to upstream states, despite congressional authorization of downstream uses of Missouri River water, including navigation; and

WHEREAS, increasing Missouri River water in upstream states will have a significant, negative impact upon Missouri and other downstream states by impacting navigation, power generation, flood control, and drinking water availability; and

WHEREAS, eighteen power plants, which have the capacity to generate over 11,000 megawatts of electricity, draw cooling water from the lower Missouri river basin, and the viability of those power plants would be jeopardized if the authorized purposes of the Missouri River reservoir system were changed; and

WHEREAS, the State of Missouri has constructed infrastructure to support water supply and power generation in the lower Missouri River basin with the understanding that reliable navigation flows would be maintained in the future, and this study would threaten the reliability of those navigation flows; and

WHEREAS, the Missouri General Assembly believes that all of the congressionally authorized uses of the Missouri River should be promoted, not just those uses benefitting the upstream states:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-fifth General Assembly, First Regular Session, the Senate concurring therein, hereby urge the United States Congress to deny any request that would authorize a study of the Missouri River's congressionally authorized purposes; and

BE IT FURTHER RESOLVED that the Missouri General Assembly urges Missouri's Congressional delegation to actively oppose the authorization and funding of the Missouri River study proposed by the upstream states; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for the United States Army Corps of Engineers and each member of the Missouri Congressional delegation.

Mr. Speaker: Your Committee on Transportation, to which was referred **HB 683**, begs leave to report it has examined the same and recommends that it **Do Pass by Consent**, and pursuant to Rule 25(32)(f) be referred to the Committee on Rules.

Mr. Speaker: Your Committee on Transportation, to which was referred **HB 867**, begs leave to report it has examined the same and recommends that it **Do Pass by Consent**, and pursuant to Rule 25(32)(f) be referred to the Committee on Rules.

Mr. Speaker: Your Committee on Ways and Means, to which was referred **HB 802**, begs leave to report it has examined the same and recommends that it **Do Pass by Consent**, and pursuant to Rule 25(32)(f) be referred to the Committee on Rules.

Special Standing Committee on Children and Families, Chairman Davis reporting:

JOURNAL OF THE HOUSE

First Regular Session, 95th GENERAL ASSEMBLY

FORTIETH DAY, MONDAY, MARCH 23, 2009

The House met pursuant to adjournment.

Speaker Pro Tem Pratt in the Chair.

Prayer by Reverend James Earl Jackson.

Glorious God, You are awesome and mighty, lifting up those who You desire to lift up and putting down those You desire to put down (*Ps. 75:7*). I am confident that You are pleased when we demonstrate our dependency on You by coming to You with our thoughts, aspirations, plans and prayers.

Lord, not only are we called to be legislators, administrators, professionals in our own right, but we are also called with a holy calling to counsel with and encourage one another. We do this regardless of our personal leanings or alliances. Lord help us to put aside those personal agendas that foster division rather than harmony in order that we may truly hear one another. Who knows that maybe we have been called to lead in such a time as this. Enable us, precious God, to be faithful in this calling.

Now may You, the Lord of peace, give us peace always in every way. The Lord be with us all.

I ask these things in the name of Your Son. Amen.

The Pledge of Allegiance to the flag was recited.

The Journal of the thirty-eighth day was approved as corrected.

HOUSE BILLS WITH SENATE AMENDMENTS

SCS HCS HB 14, as amended - Icet

JOURNAL OF THE HOUSE

First Regular Session, 95th GENERAL ASSEMBLY

FORTY-FIRST DAY, TUESDAY, MARCH 24, 2009

The House met pursuant to adjournment.

Speaker Richard in the Chair.

Prayer by Msgr. Robert A. Kurwicks.

Lord God, Creator of us all, Your loving care for us and Your perfectly timed blessings during the special moments of our own individual lives reveal to us Your constant and personal favor.

Even before we were born You prepared a way for us with people who would know our needs and wants. We still believe to this very day that a single voice can speak wisdom over the din and noise of a crowd. Someone can ask the right questions at exactly the right time and the answer which appears hidden can be revealed.

Lord, You continue to fashion and challenge us until we all reach the full potential that You have placed within us. Therefore, we are confident in our present economic difficulties that you have placed in position those who You know can lead us into times of prosperity, peace and justice. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Luke Lalumandier, Jake Lalumandier and D. Matthew Blevins.

HOUSE CONCURRENT RESOLUTIONS

HCR 9, (2-23-09, Page 370) - Nance

JOURNAL OF THE HOUSE

First Regular Session, 95th GENERAL ASSEMBLY

FORTY-SECOND DAY, WEDNESDAY, MARCH 25, 2009

The House met pursuant to adjournment.

Speaker Richard in the Chair.

Prayer by Reverend James Earl Jackson.

Heavenly Father, we yield to the wisdom we glean from the scriptures which declare, "We should make plans, counting on God to direct us." (*Proverbs 16:9*)

Exalted Lord, You reign in perfect faithfulness over us - as individuals and as a state. You have done great and mighty things in this state, and we praise and thank You for Your goodness to us, even in the midst of economic crisis and challenge.

Lord God, we pray that we would have a heart of great wisdom, integrity and understanding about how to deal properly with our state's economic concerns. Give us insight beyond our own experience so that our state will be able to meet the pressing needs of its citizens. Help us in our efforts to provide a budget that is viable, functional, and accountable. May our collective thoughts, intellect and efforts be combined to reach this goal.

Now may You, Lord God, show us Your way and direct our path as we finish out this day and the entirety of this week.

I ask these things in the name of Your Son. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Samantha Koetting and Julia Heise.

The Journal of the forty-first day was approved as printed.

HOUSE CONCURRENT RESOLUTIONS

HCR 9, (2-23-09, Page 370) - Nance

JOURNAL OF THE HOUSE

First Regular Session, 95th GENERAL ASSEMBLY

FORTY-THIRD DAY, THURSDAY, MARCH 26, 2009

The House met pursuant to adjournment.

Speaker Pro Tem Pratt in the Chair.

Prayer by Msgr. Donald W. Lammers.

O Lord, our God,

(Mankind and all your creatures) look to you
to give them food in due time.

When you give it to them, they gather it;
When you open your hand they are filled with good things.
(Psalm 104:27-28)

Almighty God,

The new life bursting forth this Spring reveals to us that it is You, as Creator of all, who provide the resources needed for all the people.

In this House of Representatives much of our work on the budget has been a work of distributing justly the resources of creation. We ask You, O Lord, that the outcome of our work be that the people most in need find that their basic needs are met. Then, distributive justice will be complete.

We praise You as our Creator and our God forever. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Dakota Tucker, Nicolette Gurley, Emily Scott, Taylor Bledsoe, Ashley Cardona, Brent Woods, Bryan Coffman, Afeerah Malik, Candace Jones, Steven Gann, Zachary Spears, Brandy Whillock, Rebecca Sharp and D. HOUSE CONCURRENT RESOLUTIONS

HCR 9, (2-23-09, Page 370) - Nance

JOURNAL OF THE HOUSE

First Regular Session, 95th GENERAL ASSEMBLY

FORTY-FIFTH DAY, MONDAY, MARCH 30, 2009

The House met pursuant to adjournment.

Speaker Richard in the Chair.

Prayer by Reverend James Earl Jackson.

Holy God, only You are worthy of the praise of our lips and the songs of our hearts. Only You are worthy of glory and honor and majesty above all rulers, powers and authority! All hope is found in You and there is no hope apart from You. You are the Lord and master of time and we are so grateful that You look on us with love and compassion.

Heavenly Father, we pray today that Missourians will be energized and infused with power as they see Your provision for our State's needs. We are an industrious people; You have enabled us to provide much by way of our natural resources to bless our nation. Help us to take a unified approach to properly identifying and processing those core issues that would help this state to remain a beacon of light and hope to those who enjoy the fruit of our labor.

Now may the God who gives patience, steadiness, and encouragement help us to live in complete harmony with each other – each with the proper attitude towards one another.

I ask these things in the name of Your Son. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Evelyn Grace Jennings and Brianne Nicole Jennings.

PERFECTION OF HOUSE BILL

HCS HB 95, relating to co-payments for prescription drugs, was taken up by Representative Schaaf.

Representative Stevenson offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for House Bill No. 95, Page 2, Section 376.387, Line 5, by inserting after all of said line the following:

“376.388. 1. A pharmacy benefits manager, as defined in section 376.1460, shall remit on a monthly basis to the plan sponsor a summary of each claim submitted by the pharmacy benefits manager to the plan sponsor which shall include the prescription number, the eleven-digit National Drug Code (NDC) number used to calculate the charge to the plan sponsor and the National Drug Code (NDC) used to calculate the reimbursement to the pharmacy for such claim, the quantity and the net amount paid by the plan sponsor to the pharmacy benefits manager.

2. A pharmacy benefits manager shall not:

(1) Automatically enroll or passively enroll the pharmacy in a contract, or modify an existing contract without written affirmation from the pharmacy or pharmacist;

(2) Require that a pharmacy or pharmacist participate in one pharmacy benefits manager contract in order to participate in another contract; or

(3) Discriminate between in-network pharmacies or pharmacists on the basis of co-payments or days of supply unless such pharmacy declines to fill such prescriptions at the price allowed to other in-network pharmacies for such prescription.

3. When an insured presents a prescription to a pharmacy in the pharmacy benefits manager's network, the pharmacy benefits manager shall not reassign such prescription to be filled by any other pharmacy. When the pharmacy benefits manager contacts the prescribing health care practitioner to affirm or modify the original prescription, the affirmed or modified prescription shall be filled at the in-network pharmacy of the patient's choice to which the insured presented the original prescription. This subsection shall not apply to any prescribed specialty drug with a specific formulation.

376.389. 1. A health benefit plan or health care services contract that covers prescription drugs shall not limit, reduce, or deny coverage for any immunosuppressive drug if, prior to the limitation, reduction, or denial of coverage:

(1) Any insured was using the immunosuppressive drug;

(2) Such insured or insureds were covered under the plan or contract; and

(3) The immunosuppressive drug was covered under the plan or contract for such insured individual or individuals.

2. A limitation, reduction, or denial of coverage includes removing an immunosuppressive drug from the formulary or other drug list, imposing new prior authorization or other utilization management tools, or

placing the immunosuppressive drug on a formulary tier that increases the patient's cost-sharing obligations or otherwise increases the patient's cost-sharing obligations.

3. Nothing in this section shall prohibit an insurer from making uniform changes in its benefit design that apply to all covered drugs, uniformly removing a drug from the formulary list for all insureds, or increasing cost-sharing obligations merely due to a percentage coinsurance payment that necessarily increases with an increase in the underlying drug prices.

376.1460. 1. As used in sections 376.1460 to 376.1464, the following terms shall mean:

(1) "Health carrier", the same meaning as such term is defined in section 376.1350; except when such health care services are provided, delivered, arranged for, paid for, or reimbursed by the department of social services or the department of mental health;

(2) "Pharmacy benefit manager" or "PBM", a person or entity other than a pharmacy or pharmacist acting as an administrator in connection with pharmacy benefits;

(3) "Switch communication", a communication to a patient or the patient's physician from a health carrier or PBM that recommends a patient's medication be switched by the original prescribing health care professional to a different medication than the medication originally prescribed by the prescribing health care professional. A switch communication shall:

(a) Clearly identify the originally prescribed medication and the medication to which it has been proposed that the patient should be switched;

(b) Explain any financial incentives that may be provided to, or have been offered to, the prescribing health care professional by the health carrier or PBM that could result in the switch to the different drug;

(c) Explain any clinical affects that the proposed medication may have on the patient which are different than those of the originally prescribed medication;

(d) Advise the patient of the right to discuss the proposed change in treatment before such a switch takes place, including a discussion with the patient's prescribing practitioner; and

(e) Explain any cost sharing changes for which the patient is responsible; and

(f) Clearly identify the net change in cost to the health insurance payer, including employers, which will result from the use of the proposed drug in lieu of the originally prescribed medication.

2. Anytime a patient's prescribed medication is recommended to be switched to a medication other than that originally prescribed by the prescribing practitioner, the following communications shall be sent:

(1) A switch communication to the patient; and

(2) Information to the plan sponsor or health carrier utilizing a PBM regarding the recommended medication, shown in currency form, and the cost, shown in currency form, of the originally prescribed medication. Such communication shall include notice of medication switches among plan participants, including any financial incentive the health carrier or PBM may be utilizing to encourage or induce the switch. Information contained in the notification shall be in the aggregate and shall not contain any personally identifiable information.

The provisions of this subsection shall not apply to any substitution made under subsection 2 of section 338.056, RSMo, unless such substitute results in a higher cost to the patient or health insurance payer.

3. The department shall promulgate rules governing switch communications. Such rules shall include, but not be limited to the following:

(1) The manner and form for health carriers and pharmacy benefits managers shall use in switch communications to patients and communications to prescribing practitioners and health insurance payers, including employers;

(2) Procedures for verifying the accuracy of any switch communications from health benefit plans and pharmacy benefit managers to ensure that such switch communications are truthful, accurate, and not misleading based on cost to the patient and plan sponsor, the product package labeling, medical compendia recognized by the MO HealthNet program for the drug utilization review program, and peer-reviewed medical literature, with appropriate references provided;

(3) Except for a substitution due to the Food and Drug Administration's withdrawal of a drug for prescription, a requirement that all switch communications bear a prominent legend on the first page that states: "This is not a product safety notice. This is a promotional announcement from your health care insurer or pharmacy benefit manager about one of your current prescribed medications."

4. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the

provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

376.1462. 1. Issuing or delivering or causing to be issued or delivered a switch communication that has not been approved and is not in compliance with the requirements of section 376.1460 is punishable by a fine not to exceed twenty-five thousand dollars.

2. Providing a misrepresentation or false statement in a switch communication under section 376.1460 is punishable by a fine not to exceed twenty-five thousand dollars.

3. Any other material violation of section 376.1460 is punishable by a fine not to exceed twenty-five thousand dollars.

376.1464. 1. When medications for the treatment of any medical condition are restricted for use by a health carrier or PBM by a step therapy or fail first protocol, a prescriber shall have access to a clear and convenient process to expeditiously override such restriction from the PBM or health carrier. An override of such restriction shall be expeditiously granted by the health carrier or PBM when:

(1) The prescriber can demonstrate, based on sound clinical evidence, that the preferred treatment required under the step therapy or fail first protocol has been ineffective in the treatment of the covered person's disease or medical condition; or

(2) Based on sound clinical evidence or medical and scientific evidence:

(a) The prescriber can demonstrate that the preferred treatment required under the step therapy or fail first protocol is expected or likely to be ineffective based on the known relevant physical or mental characteristics of the covered person and known characteristics of the drug regimen; or

(b) The prescriber can demonstrate that the preferred treatment required under the step therapy or fail first protocol will cause or will likely cause an adverse reaction or other harm to the covered person.

2. The duration of any step therapy or fail first protocol shall not be longer than a period of fourteen days when such treatment is deemed clinically ineffective by the prescribing physician. However, when the health carrier or PBM can show, through sound clinical evidence, the originally prescribed medication is likely to require more than two weeks to provide any relief or amelioration to the patient the step therapy or fail first protocol may be extended up to seven additional days.

3. Nothing in this section shall be construed as requiring coverage for any condition which is specifically excluded by the insurance policy or contract and not otherwise required by law.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE CONCURRENT RESOLUTIONS

HCR 9, (2-23-09, Page 370) - Nance

JOURNAL OF THE HOUSE

First Regular Session, 95th GENERAL ASSEMBLY

FORTY-SEVENTH DAY, WEDNESDAY, APRIL 1, 2009

The House met pursuant to adjournment.

Speaker Pro Tem Pratt in the Chair.

Prayer by Reverend James Earl Jackson.

O Holy Lord God, You reign in mystery and majesty; so great and glorious are You that we cannot fully comprehend how awesome You are.

We praise You today for the way You understand and weigh our words, thoughts and motives. We glorify You for the way You help us say the right things at the right time. It is only through You that the words of our mouth bless rather than frustrate those that hear them.

Lord, we are in positions where pride, arrogance and compromise are easy temptations. We ask You to foster a humble spirit in our hearts and minds, helping us to seek the best for all concerned. Because of the considerable tasks ahead of us, lead us to do Your will; make Your way plain for us to follow.

Now may You, Heavenly Father, direct our way to You, whenever we are overwhelmed by the duties and responsibilities of this week.

I ask these things in the name of Your Son. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Zachary Groder, Colton Gerke, Garrett O'Riley, Devan Linch, Cameron Linch, Kara Evers, Andrew Granich, Nathan Jones, Cameron Kayser, Katy Lambirth, Jonathan Niekamp, Matthew Rehagen, Nick Rehagen, Kelsey Scheppers and Makenzie Smith.

The Journal of the forty-sixth day was approved as corrected.

Representative Flook offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for House Bill Nos. 187 & 235, Section 452.400, Page 42, Line 138, by inserting immediately after said line the following:

"452.423. 1. In all proceedings for child custody or for dissolution of marriage or legal separation where custody, visitation, or support of a child is a contested issue, the court may appoint a guardian ad litem. Disqualification of a guardian ad litem shall be ordered in any legal proceeding only pursuant to this chapter, upon the filing of a written application by any party within ten days of appointment, or within ten days of August 28, 1998, if the appointment occurs prior to August 28, 1998. Each party shall be entitled to one disqualification of a guardian ad litem appointed under this subsection in each proceeding, except a party may be entitled to additional disqualifications of a guardian ad litem for good cause shown.

2. The court shall appoint a guardian ad litem in any proceeding in which child abuse or neglect is alleged.

3. The guardian ad litem shall:

(1) Be the legal representative of the child at the hearing, and may examine, cross-examine, subpoena witnesses and offer testimony;

(2) Prior to the hearing, conduct all necessary interviews with persons having contact with or knowledge of the child in order to ascertain the child's wishes, feelings, attachments and attitudes. If appropriate, the child should be interviewed;

(3) Request the juvenile officer to cause a petition to be filed in the juvenile division of the circuit court if the guardian ad litem believes the child alleged to be abused or neglected is in danger.

4. The appointing judge shall require the guardian ad litem to faithfully discharge such guardian ad litem's duties, and upon failure to do so shall discharge such guardian ad litem and appoint another. The judge in making appointments pursuant to this section shall give preference to persons who served as guardian ad litem for the child in the earlier proceeding, unless there is a reason on the record for not giving such preference.

5. The guardian ad litem shall be awarded a reasonable fee for such services to be set by the court. The court, in its discretion, may:

(1) Issue a direct payment order to the parties. If a party fails to comply with the court's direct payment order, the court may find such party to be in contempt of court; or

(2) Award such fees as a judgment to be paid by any party to the proceedings or from public funds. Such an award of guardian fees shall constitute a final judgment in favor of the guardian ad litem. Such final judgment shall be enforceable against the parties in accordance with chapter 513, RSMo.

[6. The court may designate volunteer advocates, who may or may not be attorneys licensed to practice law, to assist in the performance of the guardian ad litem duties for the court. The volunteer advocate shall be provided with all reports relevant to the case made to or by any agency or person and shall have access to all records of such agencies or persons relating to the child or such child's family members. Any such designated person shall receive no compensation from public funds. This shall not preclude reimbursement for reasonable expenses.]"; and

Further amend said substitute, Section 452.747, Page 47, Lines 13-20, by deleting all of said lines; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Flook, **House Amendment No. 1** was adopted.

Representative Grill offered **House Amendment No. 2**.

Upon payment of the fee established by rule by the department under section 454.455, RSMo, a copy of such voluntary acknowledgment of paternity shall be provided by the state registrar to the child's mother, the father listed on the child's birth record, and the attorney representing such mother or alleged father; and**

(3) Provide oral and written notice to the affiant required by section 193.215.

3. The family support division may contract with the department of health and senior services to provide assistance and training to the hospital staff assigned responsibility for providing the information, as appropriate, to carry out duties pursuant to this section. The family support division shall develop and distribute free of charge the information on the rights and responsibilities of parents that is required to be distributed pursuant to this section. The department of health and senior services shall provide free of charge to hospitals the acknowledgment of paternity affidavit, and instructions on the completion of the affidavit.

4. If no contract is developed with the department of health and senior services, then the family support division shall provide the assistance and training activities to hospitals pursuant to subsection 3 of this section.

5. Any affiant who intentionally misidentifies another person as a parent may be prosecuted for perjury, pursuant to section 575.040, RSMo.

6. Due to lack of cooperation by public assistance recipients, the family support division shall either suspend the entire public assistance cash grant, or remove the needs of the adult recipient of public assistance from the cash grant, subject to good cause exceptions pursuant to federal law or regulations.

193.215. 1. A certificate or report registered pursuant to sections 193.005 to 193.325 may be amended only pursuant to the provisions of sections 193.005 to 193.325, and regulations adopted by the department.

2. A certificate or report that is amended pursuant to this section shall be marked "Amended" except as otherwise provided in this section. The date of amendment and a summary description of the evidence submitted in support of the amendment shall be endorsed on or made part of the record.

3. Upon receipt of a certified copy of an order of a court of competent jurisdiction changing the name of a person born in this state and upon request of such person or such person's parents, guardian, or legal representative, the state registrar shall amend the certificate of birth to show the new name. The court order shall include such facts as are necessary to locate and identify the certificate of birth of the person whose name is being changed.

4. When an applicant does not submit the minimum documentation required in the regulations for amending a vital record or when the state registrar has reasonable cause to question the validity or adequacy of the applicant's sworn statements or the documentary evidence, and if the deficiencies are not corrected, the state registrar shall not amend the vital record and shall advise the applicant of the reason for this action and the applicant's right of appeal to a court of competent jurisdiction.

5. When a certificate or report is amended pursuant to this section, the state registrar shall report the amendment to any other custodians of the vital record and their record shall be amended accordingly.

6. Upon written request of both parents and receipt of a sworn acknowledgment of paternity notarized and signed by both parents of a child born out of wedlock, the state registrar shall amend the certificate of birth to show such paternity. The acknowledgment affidavit form shall be developed by the state registrar and shall include the minimum requirements prescribed by the secretary of the Department of Health and Human Services pursuant to 42 U.S.C. Section 652(a)(7). The acknowledgment form shall include provisions to allow the parents to change the surname of the child and such surname shall be changed on the birth record if the parents elect to change the child's surname. The signature of the parents shall be notarized or the signature shall be witnessed by at least two disinterested adults whose signatures and addresses shall be plainly written thereon. Further amend said bill, Pages 65 and 66, Section 475.375, Lines 1 to 39, by deleting all of said lines and inserting in lieu thereof the following:

"475.375. 1. Any individual over the age of eighteen who has been adjudged incompetent under this chapter or who has been involuntarily committed under chapter 632, RSMo, may file a petition for the removal of the disqualification to purchase, possess, or transfer a firearm when the individual no longer suffers from the condition that resulted in the individual's incapacity or involuntary commitment and no longer poses a danger to self or others for purposes of the purchase, possession, or transfer of firearms under 18 U.S.C. Section 922 and that granting relief under this section is not contrary to the public interest. No individual who has been found not guilty by reason of mental defect may petition a court for restoration under this section.

2. The petition shall be filed in the circuit court which entered the letters of guardianship or the most recent order for involuntary commitment, whichever is later. Upon receipt of the petition, the clerk shall schedule a hearing and provide notice of the hearing to the petitioner and the attorney general. Copies of the petition must be served on the director of the treatment facility and the attorney general.

3. The burden is on the petitioner to establish by clear and convincing evidence that the petitioner no longer suffers from the condition that resulted in the incapacity or the involuntary commitment and no longer poses a danger to self or others for purposes of the purchase, possession, or transfer of firearms under 18 U.S.C. Section 922 and that granting relief under this section is not contrary to the public interest. The attorney general may present any and all relevant information to the contrary. For these purposes, the attorney general may access and use any and all mental health records, juvenile records, and criminal history of the petitioner wherever maintained.

4. Upon the filing of the petition, the court shall endeavor whenever possible to review the petition and determine if the petition is based upon frivolous grounds and if so may deny the petition without a hearing.

5. If the petitioner is filing the petition as a result of an involuntary commitment under chapter 632, RSMo, the hearing and records shall be closed to the public, unless the court finds that the public interest would be better served by conducting the hearing in public. If the court determines the hearing should be open to the public, upon motion by the petitioner, the court may allow for the in-camera inspection of any mental health records. The court may allow the use of the record but shall restrict it from public disclosure, unless it finds that the public interest would be better served by making the record public.

6. The court shall enter an order that the petitioner does or does not continue to suffer from the condition that resulted in commitment and does or does not continue to pose a danger to self or others for purposes of the purchase, possession, or transfer of firearms under 18 U.S.C. Section 922 and that granting relief under this section is not contrary to the public interest. The court shall include in its order the specific findings of fact on which it based its decision.

7. Upon a judicial determination to grant a petition under this section, the clerk in the county where the petition was granted shall forward the order to the Missouri state highway patrol for updating of the petitioner's record with the National Instant Criminal Background Check System (NICS).

8. (1) Any person who has been denied a petition for the removal of the disqualification to purchase, possess, or transfer a firearm under this section shall not be eligible to file another petition for the removal of the disqualification to purchase, possess, or transfer a firearm until the expiration of one year from such denial.

(2) If a person has previously filed a petition for the removal of the disqualification to purchase, possess, or transfer a firearm and the court determined either upon review of the petition or following a hearing that the petitioner's petition was frivolous or that the petitioner's condition had not so changed such that the person continued to suffer from the condition that resulted in the individual's incapacity or involuntary commitment and continued to pose a danger to self or others for purposes of purchase, possession, or transfer of firearms under 18 U.S.C. Section 922 and that granting relief under this section would be contrary to the public interest, the court shall deny the subsequent petition unless the petition contains additional facts upon which the court could find the condition of the petitioner had so changed that a hearing was warranted."; and

"452.426. 1. In any court proceeding under this chapter, if credible evidence is presented to the court indicating a potential risk of the international abduction of a child by a parent of the child, the court, on its own motion or at the request of a party, shall determine whether it is necessary for the court to take one or more of the measures described in section 452.428 to protect the child from the risk of abduction by the parent.

2. In determining whether to take any of the measures described in section 452.428, the court shall consider the following:

(1) The public policies of this state set forth in sections 452.375 and 452.400, and the relevant custody factors and the best interest of the child as set forth in sections 452.375 and 452.400;

(2) The risk of international abduction of the child by a parent of the child based on the court's evaluation of the risk factors set forth in section 452.427;

(3) Any obstacles, legal or otherwise, to locating, recovering, and returning the child if the child were abducted to a foreign country; and

(4) The potential physical or psychological harm to the child if the child were abducted to a foreign country.

452.427. 1. In determining whether there is a risk of the international abduction of a child by a parent of the child, the court shall consider evidence that the parent:

(1) Has taken, enticed away, kept, withheld, or concealed a child in violation of another person's right of custody, visitation, or access to a child, unless the parent presents evidence that the parent believed in good faith that the parent's conduct was necessary to avoid imminent harm to the child;

(6) Has a criminal history or a history of violating court orders.

2. If the court finds that there is credible evidence of a risk of abduction of the child by a parent of the child based on the court's consideration of the factors listed in subsection 1 of this section, the court shall also consider evidence regarding the following factors to evaluate the risk of international abduction of the child by a parent:

(1) Whether the parent has strong familial, emotional, or cultural ties to another country, particularly a country that is not a signatory to or compliant with the Hague Convention on the Civil Aspects of International Child Abduction; and

(2) Whether the parent lacks strong ties to the United States, regardless of whether the parent is a citizen or permanent resident of the United States.

3. If the court finds that there is credible evidence of a risk of abduction of the child by a parent of the child based on the court's consideration of the factors in subsection 1 of this section, the court may also consider evidence regarding the following factors to evaluate the risk of international abduction of the child by a parent:

(1) Whether the parent is undergoing a change in status with the United States Immigration and Naturalization Service that would adversely affect such parent's ability to legally remain in the United States;

(2) Whether the parent's application for United States citizenship has been denied by the United States Immigration and Naturalization Service;

(3) Whether the parent has forged or presented misleading or false evidence to obtain a visa, passport, Social Security card, or any other identification card, or has made any misrepresentation to the United States government; or

c. Restricts the child's ability to legally leave the country after the child reaches the age of majority due to the child's gender, nationality, or religion;

(d) Is included by the United States Department of State on a list of state sponsors of terrorism;

(e) Is a country for which the United States Department of State has issued a travel warning to United States citizens regarding travel to such country;

(f) Has an embassy of the United States in the country;

(g) Is engaged in any active military action or war, including a civil war;

(h) Is a party to and compliant with the Hague Convention on the Civil Aspects of International Child Abduction according to the most recent report on compliance issued by the United States Department of State;

(i) Provides for the extradition of a parental abductor and the expeditious return of the child to the United States; or

(j) Poses a risk that the child's physical health or safety would be endangered in the country due to specific circumstances relating to the child or due to human rights violations committed against children, including arranged marriages, lack of freedom of religion, child labor, lack of child abuse laws, female genital mutilation, and any form of slavery.

452.428. If the court finds that it is necessary under section 452.426 to take measures to protect a child from international abduction by a parent of the child, in addition to the authority of the court under sections 452.375 and 452.400, the court may take any of the following actions:

(1) Appoint a person other than the parent of the child who presents a risk of abducting the child as the sole custodian of the child;

- (2) Require supervised visitation of the parent until the court finds under section 452.400 that supervised visitation is no longer necessary;
- (3) Enjoin the parent or any person acting on the parent's behalf from:

 - (c) Prohibit the parent from applying on behalf of the child for a new or replacement passport or international travel visa;

 - (b) The court proof of receipt of the written notice required under subparagraph a. of paragraph (a) of this subdivision by the United States Department of State's Office of Children's Issues and the relevant foreign consulate or embassy;- (6) Order the parent to execute a bond or deposit security in an amount sufficient to offset the cost of recovering the child if the child is abducted by the parent to a foreign country;
- (7) Authorize the appropriate law enforcement agencies to take measures to prevent the abduction of the child by the parent; or
- (8) Include in the court's order provisions:
 - (a) Identifying the United States as the country of habitual residence of the child;
 - (b) Defining the basis for the court's exercise of jurisdiction; and
 - (c) Stating that a party's violation of the order may subject the party to a civil or criminal penalty, or both."; and

Further amend said title, enacting clause and intersectional references accordingly.

On motion of Representative Lipke, **House Amendment No. 7** was adopted.

Representative Oxford offered **House Amendment No. 8**.

House Amendment No. 8

AMEND House Committee Substitute for House Bill Nos. 187 & 235, Page 37, Section 452.312, Line 17, by inserting after said line the following:

"452.340. 1. In a proceeding for dissolution of marriage, legal separation or child support, the court may order either or both parents owing a duty of support to a child of the marriage to pay an amount reasonable or necessary for the support of the child, including an award retroactive to the date of filing the petition, without regard to marital misconduct, after considering all relevant factors including:

- (1) The financial needs and resources of the child;
- (2) The financial resources and needs of the parents;
- (3) The standard of living the child would have enjoyed had the marriage not been dissolved;
- (4) The physical and emotional condition of the child, and the child's educational needs;
- (5) The child's physical and legal custody arrangements, including the amount of time the child spends with each parent and the reasonable expenses associated with the custody or visitation arrangements; and
- (6) The reasonable work-related child care expenses of each parent.

2. The obligation of the parent ordered to make support payments shall abate, in whole or in part, for such periods of time in excess of thirty consecutive days that the other parent has voluntarily relinquished physical custody of a child to the parent ordered to pay child support, notwithstanding any periods of visitation or temporary physical and legal or physical or legal custody pursuant to a judgment of dissolution or legal separation or any modification thereof. In a IV-D case, the family support division may determine the amount of the abatement pursuant to this subsection for any child support order and shall record the amount of abatement in the automated child support system record established pursuant to chapter 454, RSMo. If the case is not a IV-D case and upon court order, the circuit clerk shall record the amount of abatement in the automated child support system record established in chapter 454, RSMo.

3. Unless the circumstances of the child manifestly dictate otherwise and the court specifically so provides, the obligation of a parent to make child support payments shall terminate when the child:

- (1) Dies;
- (2) Marries;
- (3) Enters active duty in the military;
- (4) Becomes self-supporting, provided that the custodial parent has relinquished the child from parental control by express or implied consent;
- (5) Reaches age eighteen, unless the provisions of subsection 4 or 5 of this section apply; or
- (6) Reaches age [twenty-one] **twenty-two**, unless the provisions of the child support order specifically extend the parental support order past the child's twenty-first birthday for reasons provided by subsection 4 of this section.

4. If the child is physically or mentally incapacitated from supporting himself and insolvent and unmarried, the court may extend the parental support obligation past the child's eighteenth birthday.

5. If when a child reaches age eighteen, the child is enrolled in and attending a secondary school program of instruction, the parental support obligation shall continue, if the child continues to attend and progresses toward completion of said program, until the child completes such program or reaches age twenty-one, whichever first occurs. If the child is enrolled in an institution of vocational or higher education not later than October first following graduation from a secondary school or completion of a graduation equivalence degree program and so long as the child enrolls for and completes at least twelve hours of credit each semester, not including the summer semester, at an institution of vocational or higher education and achieves grades sufficient to reenroll at such institution, the parental support obligation shall continue until the child completes his or her education, or until the child reaches the age of [twenty-one] **twenty-two**, whichever first occurs. To remain eligible for such continued parental support, at the beginning of each semester the child shall submit to each parent a transcript or similar official document provided by the institution of vocational or higher education which includes the courses the child is enrolled in and has completed for each term, the grades and credits received for each such course, and an official document from the institution listing the courses which the child is enrolled in for the upcoming term and the number of credits for each such course. When enrolled in at least twelve credit hours, if the child receives failing grades in half or more of his or her courseload in any one semester, payment of child support may be terminated and shall not be eligible for reinstatement. Upon request for notification of the child's grades by the noncustodial parent, the child shall produce the required documents to the noncustodial parent within thirty days of receipt of grades from the education institution. If the child fails to produce the required documents, payment of child support may terminate without the accrual of any child support arrearage and shall not be eligible for reinstatement. If the circumstances of the child manifestly dictate, the court may waive the

October first deadline for enrollment required by this subsection. If the child is enrolled in such an institution, the child or parent obligated to pay support may petition the court to amend the order to direct the obligated parent to make the payments directly to the child. As used in this section, an "institution of vocational education" means any postsecondary training or schooling for which the student is assessed a fee and attends classes regularly. "Higher education" means any junior college, community college, college, or university at which the child attends classes regularly. A child who has been diagnosed with a developmental disability, as defined in section 630.005, RSMo, or whose physical disability or diagnosed health problem limits the child's ability to carry the number of credit hours prescribed in this subsection, shall remain eligible for child support so long as such child is enrolled in and attending an institution of vocational or higher education, and the child continues to meet the other requirements of this subsection. A child who is employed at least fifteen hours per week during the semester may take as few as nine credit hours per semester and remain eligible for child support so long as all other requirements of this subsection are complied with.

6. The court shall consider ordering a parent to waive the right to claim the tax dependency exemption for a child enrolled in an institution of vocational or higher education in favor of the other parent if the application of state and federal tax laws and eligibility for financial aid will make an award of the exemption to the other parent appropriate.

7. The general assembly finds and declares that it is the public policy of this state that frequent, continuing and meaningful contact with both parents after the parents have separated or dissolved their marriage is in the best interest of the child except for cases where the court specifically finds that such contact is not in the best interest of the child. In order to effectuate this public policy, a court with jurisdiction shall enforce visitation, custody and child support orders in the same manner. A court with jurisdiction may abate, in whole or in part, any past or future obligation of support and may transfer the physical and legal or physical or legal custody of one or more children if it finds that a parent has, without good cause, failed to provide visitation or physical and legal or physical or legal custody to the other parent pursuant to the terms of a judgment of dissolution, legal separation or modifications thereof. The court shall also award, if requested and for good cause shown, reasonable expenses, attorney's fees and court costs incurred by the prevailing party.

8. The Missouri supreme court shall have in effect a rule establishing guidelines by which any award of child support shall be made in any judicial or administrative proceeding. Said guidelines shall contain specific, descriptive and numeric criteria which will result in a computation of the support obligation. The guidelines shall address how the amount of child support shall be calculated when an award of joint physical custody results in the child or children spending substantially equal time with both parents. The Missouri supreme court shall publish child support guidelines and specifically list and explain the relevant factors and assumptions that were used to calculate the child support guidelines. Any rule made pursuant to this subsection shall be reviewed by the promulgating body not less than once every four years to ensure that its application results in the determination of appropriate child support award amounts.

9. There shall be a rebuttable presumption, in any judicial or administrative proceeding for the award of child support, that the amount of the award which would result from the application of the guidelines established pursuant to subsection 8 of this section is the correct amount of child support to be awarded. A written finding or specific finding on the record in a judicial or administrative proceeding that the application of the guidelines would be unjust or inappropriate in a particular case, after considering all relevant factors, including the factors set out in subsection 1 of this section, is required if requested by a party and shall be sufficient to rebut the presumption in the case. The written finding or specific finding on the record shall detail the specific relevant factors that required a deviation from the application of the guidelines.

10. Pursuant to this or any other chapter, when a court determines the amount owed by a parent for support provided to a child by another person, other than a parent, prior to the date of filing of a petition requesting support, or when the director of the family support division establishes the amount of state debt due pursuant to subdivision (2) of subsection 1 of section 454.465, RSMo, the court or director shall use the guidelines established pursuant to subsection 8 of this section. The amount of child support resulting from the application of the guidelines shall be applied retroactively for a period prior to the establishment of a support order and the length of the period of retroactivity shall be left to the discretion of the court or director. There shall be a rebuttable presumption that the amount resulting from application of the guidelines under subsection 8 of this section constitutes the amount owed by the parent for the period prior to the date of the filing of the petition for support or the period for which state debt is being established. In applying the guidelines to determine a retroactive support amount, when information as to average monthly income is available, the court or director may use the average monthly income of the noncustodial parent, as averaged over the period of retroactivity, in determining the amount of presumed child support owed for the period of retroactivity. The court or director may enter a different amount in a particular case upon finding, after consideration of all relevant factors, including the factors set out in subsection 1 of this section, that there is sufficient cause to rebut the presumed amount.

11. The obligation of a parent to make child support payments may be terminated as follows:

(1) Provided that the child support order contains the child's date of birth, the obligation shall be deemed terminated without further judicial or administrative process when the child reaches age [twenty-one] **twenty-two** if the child support order does not specifically require payment of child support beyond age [twenty-one] **twenty-two** for reasons provided by subsection 4 of this section;

(2) The obligation shall be deemed terminated without further judicial or administrative process when the parent receiving child support furnishes a sworn statement or affidavit notifying the obligor parent of the child's emancipation in accordance with the requirements of subsection 4 of section 452.370, and a copy of such sworn statement or affidavit is filed with the court which entered the order establishing the child support obligation, or the division of child support enforcement;

(3) The obligation shall be deemed terminated without further judicial or administrative process when the parent paying child support files a sworn statement or affidavit with the court which entered the order establishing the child support obligation, or the family support division, stating that the child is emancipated and reciting the factual basis for such statement; which statement or affidavit is served by the court or division on the child support obligee; and which is either acknowledged and affirmed by the child support obligee in writing, or which is not responded to in writing within thirty days of receipt by the child support obligee;

(4) The obligation shall be terminated as provided by this subdivision by the court which entered the order establishing the child support obligation, or the family support division, when the parent paying child support files a sworn statement or affidavit with the court which entered the order establishing the child support obligation, or the family support division, stating that the child is emancipated and reciting the factual basis for such statement; and which statement or affidavit is served by the court or division on the child support obligee. If the obligee denies the statement or affidavit, the court or division shall thereupon treat the sworn statement or affidavit as a motion to modify the support obligation pursuant to section 452.370 or section 454.496, RSMo, and shall proceed to hear and adjudicate such motion as provided by law; provided that the court may require the payment of a deposit as security for court costs and any accrued court costs, as provided by law, in relation to such motion to modify.

12. The court may enter a judgment terminating child support pursuant to subdivisions (1) to (3) of subsection 11 of this section without necessity of a court appearance by either party. The clerk of the court shall mail a copy of a judgment terminating child support entered pursuant to subsection 11 of this section on both the obligor and obligee parents. The supreme court may promulgate uniform forms for sworn statements and affidavits to terminate orders of child support obligations for use pursuant to subsection 11 of this section and subsection 4 of section 452.370."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Representative Aull offered **House Amendment No. 9**.

House Amendment No. 9

AMEND House Committee Substitute for House Bill Nos. 187 & 235, Page 38, Section 452.343, Line 7, by inserting after said the line the following:

"452.377. 1. For purposes of this section and section 452.375, "relocate" or "relocation" means a change in the principal residence of a child for a period of ninety days or more, but does not include a temporary absence from the principal residence.

2. Notice of a proposed relocation of the residence of the child, or any party entitled to custody or visitation of the child, shall be given in writing by certified mail, return receipt requested, to any party with custody or visitation rights. Absent exigent circumstances as determined by a court with jurisdiction, written notice shall be provided at least sixty days in advance of the proposed relocation. The notice of the proposed relocation shall include the following information:

(1) The intended new residence, including the specific address and mailing address, if known, and if not known, the city;

- (2) The home telephone number of the new residence, if known;
- (3) The date of the intended move or proposed relocation;
- (4) A brief statement of the specific reasons for the proposed relocation of a child, if applicable; and
- (5) A proposal for a revised schedule of custody or visitation with the child, if applicable.

3. A party required to give notice of a proposed relocation pursuant to subsection 2 of this section has a continuing duty to provide a change in or addition to the information required by this section as soon as such information becomes known.

4. In exceptional circumstances where the court makes a finding that the health or safety of any adult or child would be unreasonably placed at risk by the disclosure of the required identifying information concerning a proposed relocation of the child, the court may order that:

(1) The specific residence address and telephone number of the child, parent or person, and other identifying information shall not be disclosed in the pleadings, notice, other documents filed in the proceeding or the final order except for an in camera disclosure;

(2) The notice requirements provided by this section shall be waived to the extent necessary to protect the health or safety of a child or any adult; or

(3) Any other remedial action the court considers necessary to facilitate the legitimate needs of the parties and the best interest of the child.

5. The court shall consider a failure to provide notice of a proposed relocation of a child as:

- (1) A factor in determining whether custody and visitation should be modified;
- (2) A basis for ordering the return of the child if the relocation occurs without notice; and
- (3) Sufficient cause to order the party seeking to relocate the child to pay reasonable expenses and attorneys fees incurred by the party objecting to the relocation.

6. If the parties agree to a revised schedule of custody and visitation for the child, which includes a parenting plan, they may submit the terms of such agreement to the court with a written affidavit signed by all parties with custody or visitation assenting to the terms of the agreement, and the court may order the revised parenting plan and applicable visitation schedule without a hearing.

7. The residence of the child may be relocated sixty days after providing notice, as required by this section, unless a parent files a motion seeking an order to prevent the relocation within thirty days after receipt of such notice. Such motion shall be accompanied by an affidavit setting forth the specific factual basis supporting a prohibition of the relocation. The person seeking relocation shall file a response to the motion within fourteen days, unless extended by the court for good cause, and include a counter-affidavit setting forth the facts in support of the relocation as well as a proposed revised parenting plan for the child. **In the case of the relocation of a child of less than forty miles from the residence at the time original custody was granted, such motion to prevent the relocation shall not apply.**

8. If relocation of the child is proposed, a third party entitled by court order to legal custody of or visitation with a child and who is not a parent may file a cause of action to obtain a revised schedule of legal custody or visitation, but shall not prevent a relocation.

9. The party seeking to relocate shall have the burden of proving that the proposed relocation is made in good faith and is in the best interest of the child.

10. If relocation is permitted:

(1) The court shall order contact with the nonrelocating party including custody or visitation and telephone access sufficient to assure that the child has frequent, continuing and meaningful contact with the nonrelocating party unless the child's best interest warrants otherwise; and

(2) The court shall specify how the transportation costs will be allocated between the parties and adjust the child support, as appropriate, considering the costs of transportation.

11. After August 28, 1998, every court order establishing or modifying custody or visitation shall include the following language: "Absent exigent circumstances as determined by a court with jurisdiction, you, as a party to this action, are ordered to notify, in writing by certified mail, return receipt requested, and at least sixty days prior to the proposed relocation, each party to this action of any proposed relocation of the principal residence of the child, including the following information:

(1) The intended new residence, including the specific address and mailing address, if known, and if not known, the city;

- (2) The home telephone number of the new residence, if known;
- (3) The date of the intended move or proposed relocation;

- (4) A brief statement of the specific reasons for the proposed relocation of the child; and
- (5) A proposal for a revised schedule of custody or visitation with the child.

Your obligation to provide this information to each party continues as long as you or any other party by virtue of this order is entitled to custody of a child covered by this order. Your failure to obey the order of this court regarding the proposed relocation may result in further litigation to enforce such order, including contempt of court. In addition, your failure to notify a party of a relocation of the child may be considered in a proceeding to modify custody or visitation with the child. Reasonable costs and attorney fees may be assessed against you if you fail to give the required notice."

12. Violation of the provisions of this section or a court order under this section may be deemed a change of circumstance under section 452.410, allowing the court to modify the prior custody decree. In addition, the court may utilize any and all powers relating to contempt conferred on it by law or rule of the Missouri supreme court.

13. Any party who objects in good faith to the relocation of a child's principal residence shall not be ordered to pay the costs and attorney's fees of the party seeking to relocate."; and

JOURNAL OF THE HOUSE

First Regular Session, 95th GENERAL ASSEMBLY

FORTY-EIGHTH DAY, THURSDAY, APRIL 2, 2009

The House met pursuant to adjournment.

Speaker Richard in the Chair.

Prayer by Msgr. Donald W. Lammers.

Almighty God, we pray for our President traveling overseas. May his meetings with leaders of other nations advance good will, increase justice between nations and promote peace.

We pray that the distribution bail out and economic stimulus monies, in our own nation, works, not for the advancement a political philosophy or party, but for the wellbeing of the people. In our successes, when our efforts bear fruit, may we have the grace to avoid gathering the glory for ourselves. May we give the glory to You, and become the statesmen and stateswomen we are called to be.

Help us to grow personally through our hard work and through our suffering. Give us a passion for the common good. For You are God of all, forever and ever. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Grace Victor, Kendyl LePage, Logan Roling, Grant Bryan, Shania Hardin, Layton Hampton, Brailynn Hunter, Ke-Von Whitaker and Kayla Yanskey.

The Journal of the forty-seventh day was approved as printed.

JOURNAL OF THE HOUSE

First Regular Session, 95th GENERAL ASSEMBLY

FORTY-NINTH DAY, MONDAY, APRIL 6, 2009

The House met pursuant to adjournment.

Speaker Pro Tem Pratt in the Chair.

Prayer by Reverend James Earl Jackson.

Heavenly Father, we are instructed in Your Word, "Be very careful how You live – not as unwise but as wise, making the most of every opportunity, because these are difficult days. Don't act thoughtlessly, but try to find out and do whatever the Lord wills." (*Ephesians 5:15-18*)

Sovereign God, Your plans are perfect and Your ways are proper and just. We look to You and see the beauty of all You have designed. We trust in Your perfect will and Your way, particularly when it comes to the process of selecting and establishing law.

Lord God, assist us, in this House of Representatives, to desire what is best for our constituents, instead of what might bring individual gain or glory. Show us the value of asking You for insight and obedience to Your direction, in humble recognition of Your presence and love. Let us pursue integrity and honesty as we serve throughout this week.

Now may the Lord of peace Himself, give us peace always in every way. The Lord be with us all.

I ask these things in the name of Your Son. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Emily Smith and Matthew Smith.

The Journal of the forty-eighth day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

First Regular Session, 95th GENERAL ASSEMBLY

FIFTIETH DAY, TUESDAY, APRIL 7, 2009

The House met pursuant to adjournment.

Speaker Pro Tem Pratt in the Chair.

Prayer by Msgr. Jack Schuler, St. Ferdinand Catholic Church, Florissant, Missouri.

Dear Lord,

Never before in our lifetime has there been such a desperate need for leadership in our state. As countless individuals lose their homes, as thousands and thousands lose their jobs, as scores of businesses, big and small, close their doors, as millions of youth and children look for opportunity, may we rise to the occasion.

May we askew petty partisanship to form potent partnerships. May we find in this hour of precedented need parts of our souls that we have never reached before so that our weaknesses and our pride may not obscure what needs to be done for the welfare of the people of the State of Missouri. May corruption and greed be exposed and eradicated; for lives and livelihoods are at stake.

May churches, synagogues, and mosques visibly and powerfully support the efforts of our state leaders and may You bless our state leaders, our religious leaders, our business leaders, and all the people of our state. It is time for all people of heart and soul to stand together to build the State of Missouri that God planned. We thank You and praise You for You are God forever and ever. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Carter Bielinski, Mareena Bielinski, Clay Saffran-Johnson, Donte Hopkins, Jonathon Loosmore, Sammi Shawver, Nicky Matteucci, Gannen Caruso and Erin Buckley.

The Journal of the forty-ninth day was approved as printed.

SECOND READING OF HOUSE BILL - APPROPRIATIONS

HB 15 was read the second time.

PERFECTION OF HOUSE BILLS

HCS HB 575, relating to business incentives, was taken up by Representative Diehl.

Representative Jones (89) assumed the Chair.

Representative Hobbs offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for House Bill No. 575, Page 7, Section 100.770, Line 13, by inserting after all of said line the following:

"135.680. 1. As used in this section, the following terms shall mean:

(1) "Adjusted purchase price", the product of:

(a) The amount paid to the issuer of a qualified equity investment for such qualified equity investment; and

(b) The following fraction:

a. The numerator shall be the dollar amount of qualified low-income community investments held by the issuer in this state as of the credit allowance date during the applicable tax year; and

b. The denominator shall be the total dollar amount of qualified low-income community investments held by the issuer in all states as of the credit allowance date during the applicable tax year;

c. For purposes of calculating the amount of qualified low-income community investments held by an issuer, an investment shall be considered held by an issuer even if the investment has been sold or repaid; provided that the issuer reinvests an amount equal to the capital returned to or recovered by the issuer from the original investment, exclusive of any profits realized, in another qualified low-income community investment within twelve months of the receipt of such capital. An issuer shall not be required to reinvest capital returned from qualified low-income community investments after the sixth anniversary of the issuance of the qualified equity investment, the proceeds of which were used to make the qualified low-income community investment, and the qualified low-income community investment shall be considered held by the issuer through the seventh anniversary of the qualified equity investment's issuance;

(2) "Applicable percentage", zero percent for each of the first two credit allowance dates, seven percent for the third credit allowance date, and eight percent for the next four credit allowance dates;

(3) "Credit allowance date", with respect to any qualified equity investment:

(a) The date on which such investment is initially made; and

(b) Each of the six anniversary dates of such date thereafter;

(4) "Long-term debt security", any debt instrument issued by a qualified community development entity, at par value or a premium, with an original maturity date of at least seven years from the date of its issuance, with no acceleration of repayment, amortization, or prepayment features prior to its original maturity date, and with no distribution, payment, or interest features related to the profitability of the qualified community development entity or the performance of the qualified community development entity's investment portfolio. The foregoing shall in no way limit the holder's ability to accelerate payments on the debt instrument in situations where the issuer has defaulted on covenants designed to ensure compliance with this section or Section 45D of the Internal Revenue Code of 1986, as amended;

(5) "Qualified active low-income community business", the meaning given such term in Section 45D of the Internal Revenue Code of 1986, as amended; provided that any business that derives or projects to derive fifteen percent or more of its annual revenue from the rental or sale of real estate shall not be considered to be a qualified active low-income community business;

(6) "Qualified community development entity", the meaning given such term in Section 45D of the Internal Revenue Code of 1986, as amended; provided that such entity has entered into an allocation agreement with the Community Development Financial Institutions Fund of the U.S. Treasury Department with respect to credits authorized by Section 45D of the Internal Revenue Code of 1986, as amended, which includes the state of Missouri within the service area set forth in such allocation agreement;

(7) "Qualified equity investment", any equity investment in, or long-term debt security issued by, a qualified community development entity that:

(a) Is acquired after September 4, 2007, at its original issuance solely in exchange for cash;

(b) Has at least eighty-five percent of its cash purchase price used by the issuer to make qualified low-income community investments; and

(c) Is designated by the issuer as a qualified equity investment under this subdivision and is certified by the department of economic development as not exceeding the limitation contained in subsection 2 of this section.

This term shall include any qualified equity investment that does not meet the provisions of paragraph (a) of this subdivision if such investment was a qualified equity investment in the hands of a prior holder;

(8) "Qualified low-income community investment", any capital or equity investment in, or loan to, any qualified active low-income community business. With respect to any one qualified active low-income community business, the maximum amount of qualified low-income community investments made in such business, on a collective basis with all

of its affiliates, that may be used from the calculation of any numerator described in subparagraph a. of paragraph (b) of subdivision (1) of this subsection shall be ten million dollars whether issued to one or several qualified community development entities;

(9) "Tax credit", a credit against the tax otherwise due under chapter 143, RSMo, excluding withholding tax imposed in sections 143.191 to 143.265, RSMo, or otherwise due under section 375.916, RSMo, or chapter 147, 148, or 153, RSMo;

(10) "Taxpayer", any individual or entity subject to the tax imposed in chapter 143, RSMo, excluding withholding tax imposed in sections 143.191 to 143.265, RSMo, or the tax imposed in section 375.916, RSMo, or chapter 147, 148, or 153, RSMo.

2. A taxpayer that makes a qualified equity investment earns a vested right to tax credits under this section. On each credit allowance date of such qualified equity investment the taxpayer, or subsequent holder of the qualified equity investment, shall be entitled to a tax credit during the taxable year including such credit allowance date. The tax credit amount shall be equal to the applicable percentage of the adjusted purchase price paid to the issuer of such qualified equity investment. The amount of the tax credit claimed shall not exceed the amount of the taxpayer's state tax liability for the tax year for which the tax credit is claimed. No tax credit claimed under this section shall be refundable or transferable. Tax credits earned by a partnership, limited liability company, S-corporation, or other pass-through entity may be allocated to the partners, members, or shareholders of such entity for their direct use in accordance with the provisions of any agreement among such partners, members, or shareholders. Any amount of tax credit that the taxpayer is prohibited by this section from claiming in a taxable year may be carried forward to any of the taxpayer's five subsequent taxable years. The department of economic development shall limit the monetary amount of qualified equity investments permitted under this section to a level necessary to limit tax credit utilization at no more than [fifteen] **twenty-seven million five hundred thousand** dollars of tax credits in any fiscal year. Such limitation on qualified equity investments shall be based on the anticipated utilization of credits without regard to the potential for taxpayers to carry forward tax credits to later tax years.

3. The issuer of the qualified equity investment shall certify to the department of economic development the anticipated dollar amount of such investments to be made in this state during the first twelve-month period following the initial credit allowance date. If on the second credit allowance date, the actual dollar amount of such investments is different than the amount estimated, the department of economic development shall adjust the credits arising on the second allowance date to account for such difference.

4. The department of economic development shall recapture the tax credit allowed under this section with respect to such qualified equity investment under this section if:

(1) Any amount of the federal tax credit available with respect to a qualified equity investment that is eligible for a tax credit under this section is recaptured under Section 45D of the Internal Revenue Code of 1986, as amended; or

(2) The issuer redeems or makes principal repayment with respect to a qualified equity investment prior to the seventh anniversary of the issuance of such qualified equity investment. Any tax credit that is subject to recapture shall be recaptured from the taxpayer that claimed the tax credit on a return.

5. The department of economic development shall promulgate rules to implement the provisions of this section, including recapture provisions on a scaled proportional basis, and to administer the allocation of tax credits issued for qualified equity investments, which shall be conducted on a first-come, first-serve basis. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after September 4, 2007, shall be invalid and void.

6. For fiscal years following fiscal year [2010] **2012**, qualified equity investments shall not be made under this section unless reauthorization is made pursuant to this subsection. For all fiscal years following fiscal year [2010] **2012**, unless the general assembly adopts a concurrent resolution granting authority to the department of economic development to approve qualified equity investments for the Missouri new markets development program and clearly describing the amount of tax credits available for the next fiscal year, or otherwise complies with the provisions of this subsection, no qualified equity investments may be permitted to be made under this section. The amount of available tax credits contained in such a resolution shall not exceed the limitation provided under subsection 2 of this section. In any year in which the provisions of this section shall sunset pursuant to subsection 7 of this section, reauthorization shall be made by general law and not by concurrent resolution. Nothing in this subsection shall preclude a taxpayer who makes a

qualified equity investment prior to the expiration of authority to make qualified equity investments from claiming tax credits relating to such qualified equity investment for each applicable credit allowance date.

7. Under section 23.253, RSMo, of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall automatically sunset six years after September 4, 2007, unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset.

However, nothing in this subsection shall preclude a taxpayer who makes a qualified equity investment prior to sunset of this section under the provisions of section 23.253, RSMo, from claiming tax credits relating to such qualified equity investment for each credit allowance date."; and

Further amend said title, enacting clause and intersectional references accordingly.

In other cases of discharge or acquittal the costs shall be paid by the county, except when the prosecution is commenced by complaint and the prosecuting attorney declines to file information thereon, in which case the proceedings shall be dismissed at the cost of the party filing the complaint.]" ; and

WHEREAS, the right of the people to keep and bear arms is guaranteed under the Second Amendment of the United States Constitution and under Article I, Section 23 of the Missouri Constitution; and

WHEREAS, on June 26, 2008, the United States Supreme Court made its first major pronouncement on the right of individuals to keep and bear arms since the 1791 ratification of the Second Amendment to the United States Constitution. In *District of Columbia v. Heller*, the Supreme Court ruled that:

- (1) The Second Amendment protects an individual's civil right to possess a firearm unconnected with service in a militia;
- (2) The Second Amendment protects an individual's civil right to use arms for traditionally lawful purposes;
- (3) The Second Amendment protects the lawful use of arms for self-defense within the home;

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-fifth General Assembly, First Regular Session, the Senate concurring therein, hereby join in the opinion of the United States Supreme Court recognizing that the Second Amendment to the United States Constitution does protect an individual's civil right to possess a firearm unconnected with service in a militia and protects an individual's civil right to use arms for traditionally lawful purposes and protects the lawful use of arms for self defense within the home and recognizes that the core lawful purpose of the Second Amendment to the United States Constitution is self defense; and

JOURNAL OF THE HOUSE

First Regular Session, 95th GENERAL ASSEMBLY

FIFTY-FIRST DAY, WEDNESDAY, APRIL 8, 2009

The House met pursuant to adjournment.

Speaker Richard in the Chair.

Prayer by Reverend James Earl Jackson.

O God Most High, You are our shelter and strength; You are our help in times of trouble, our safe place in danger, our tower of strength in the storm. *(Ps 46:1)*

As we ponder our coming and going this day and accept the grace of living, give us, O God, Your wisdom and strength, enabling us to fulfill our responsibilities above and beyond our human capacity. For You have said in Your Word, "Wisdom will enter your heart and knowledge will be pleasant to your soul; discretion will guard you, understanding will watch over you. We humbly yield our time, our activities, and our decisions to your wisdom, knowledge and direction in all things. May we gain great insight as we periodically take a breather and ponder the way of truth.

Now may You, the God of peace, make us complete in every good work to do Your will, working in us what is well pleasing in Your sight. To Whom be glory forever and ever.

In the name of Your Son, I pray. Amen.

(1) "Baseline year", the calendar year prior to the adoption of an ordinance by the municipality approving a redevelopment project; provided, however, if local sales tax revenues or state sales tax revenues, from businesses other than any out-of-state business or businesses locating in the redevelopment project area, decrease in the redevelopment project area in the year following the year in which the ordinance approving a redevelopment project is approved by a municipality, the baseline year may, at the option of the municipality approving the redevelopment project, be the year following the year of the adoption of the ordinance approving the redevelopment project. When a redevelopment project area is located within a county for which public and individual assistance has been requested by the governor under Section 401 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121, et seq., for an emergency proclaimed by the governor under section 44.100, RSMo, due to a natural disaster of major proportions and the redevelopment project area is a central business district that sustained severe damage as a result of such natural disaster, as determined by the state emergency management agency, the baseline year may, at the option of the municipality approving the redevelopment project, be the calendar year in which the natural disaster occurred or the year following the year in which the natural disaster occurred, provided that the municipality adopts an ordinance approving the redevelopment project within one year after the occurrence of the natural disaster;

(2) "Blighted area", an area which, by reason of the predominance of defective or inadequate street layout, unsanitary or unsafe conditions, deterioration of site improvements, improper subdivision or obsolete platting, or the existence of conditions which endanger life or property by fire and other causes, or any combination of such factors, retards the provision of housing accommodations or constitutes an economic or social liability or a menace to the public health, safety, morals, or welfare in its present condition and use;

(3) "Central business district", the area at or near the historic core that is locally known as the "downtown" of a municipality that has a median household income of sixty-two thousand dollars or less, according to the last decennial census. In addition, at least fifty percent of existing buildings in this area will have been built in excess of thirty-five years prior or vacant lots that had prior structures built in excess of thirty-five years prior to the adoption of the ordinance approving the redevelopment plan. The historical land use emphasis of a central business district prior to redevelopment will have been a mixed use of business, commercial, financial, transportation, government, and multifamily residential uses;

(4) "Conservation area", any improved area within the boundaries of a redevelopment area located within the territorial limits of a municipality in which fifty percent or more of the structures in the area have an age of thirty-five years or more, and such an area is not yet a blighted area but is detrimental to the public health, safety, morals, or welfare and may become a blighted area because of any one or more of the following factors: dilapidation; obsolescence; deterioration; illegal use of individual structures; presence of structures below minimum code standards; abandonment; excessive vacancies; overcrowding of structures and community facilities; lack of ventilation, light or sanitary facilities; inadequate utilities; excessive land coverage; deleterious land use or layout; depreciation of physical maintenance; and lack of community planning;

(6) "Local sales tax increment", at least fifty percent of the local sales tax revenue from taxes that are imposed by a municipality and its county, and that are generated by economic activities within a redevelopment area over the amount of such taxes generated by economic activities within such a redevelopment area in the calendar year prior to the adoption of the ordinance designating such a redevelopment area while financing under sections 99.1080 to 99.1092 remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, licenses, fees, or special assessments; provided however, the governing body of any county may, by resolution, exclude any portion of any countywide sales tax of such county. For redevelopment projects or redevelopment plans approved after August 28, 2005, if a retail establishment relocates within one year from one facility within the same county and the governing body of the municipality finds that the retail establishment is a direct beneficiary of tax increment financing, then for the purposes of this subdivision, the economic activity taxes generated by the retail establishment shall equal the total additional revenues from economic activity taxes that are imposed by a municipality or other taxing district over the amount of economic activity taxes generated by the retail establishment in the calendar year prior to its relocation to the redevelopment area;

(7) "Local sales tax revenue", city sales tax revenues received under sections 94.500 to 94.550, RSMo, and county sales tax revenues received under sections 67.500 to 67.594, RSMo;

(11) "Ordinance", an ordinance enacted by the governing body of any municipality;

(12) **"Other net new revenues", the amount of state sales tax increment or state income tax increment or the combination of the amount of each such increment as determined under section 99.918;**

(a) It can be renovated through one or more redevelopment projects;

(b) It is located in the central business district;

(c) The redevelopment area shall not exceed ten percent of the entire geographic area of the municipality.

[(16)] (17) "Redevelopment project costs" include such costs to the redevelopment plan or a redevelopment project, as applicable, which are expended on public property, buildings, or rights-of-way for public purposes to provide infrastructure to support a redevelopment project, including facades. Such costs shall only be allowed as an initial expense which, to be recoverable, must be included in the costs of a redevelopment plan or redevelopment project, except in circumstances of plan amendments approved by the department of economic development. In no event shall the percentage exceed two percent;**

[(17)] (19) "State sales tax increment", up to one-half of the incremental increase in the state sales tax revenue in the redevelopment project area provided the local taxing jurisdictions commit one-half of their local sales tax to paying for redevelopment project costs. The incremental increase shall be the amount by which the state sales tax revenue generated at the facility or within the redevelopment project area exceeds the state sales tax revenue generated at the facility or within the redevelopment project area in the baseline year. For redevelopment projects or redevelopment plans

approved after August 28, 2005, if a retail establishment relocates within one year from one facility to another facility within the same county and the governing body of the municipality finds that the retail establishment is a direct beneficiary of tax increment financing, then for the purposes of this subdivision, the economic activity taxes generated by the retail establishment shall equal the total additional revenues from economic activity taxes that are imposed by a municipality or other taxing district over the amount of economic activity taxes generated by the retail establishment in the calendar year prior to the relocation to the redevelopment area;

99.1088. 1. Prior to the adoption of the ordinance designating a redevelopment area, adopting a redevelopment plan, or approving a redevelopment project, the municipality or authority shall fix a time and place for a public hearing and notify each taxing district located wholly or partially within the boundaries of the proposed redevelopment area or redevelopment project area affected. Such notice shall comply with the provisions of subsections 2 and 3 of this section. At the public hearing any interested person or affected taxing district may file with the municipality or authority written objections to, or comments on, and may be heard orally in respect to any issues regarding the plan or issues embodied in the notice. The municipality or authority shall hear and consider all protests, objections, comments, and other evidence presented at the hearing. The hearing may be continued to another date without further notice other than a motion to be entered upon the minutes fixing the time and place of the subsequent hearing. Prior to the conclusion of the hearing, changes may be made in the redevelopment plan, redevelopment project, redevelopment area or redevelopment project area, provided that written notice of such changes is available at the public hearing. After the public hearing but prior to the adoption of an ordinance designating a redevelopment area, adopting a redevelopment plan or approving a redevelopment project, changes may be made to any such proposed redevelopment plan, redevelopment project, redevelopment area, or redevelopment project area without a further hearing, if such changes do not enlarge the exterior boundaries of the redevelopment area, and do not substantially affect the general land uses established in a redevelopment plan or redevelopment project, provided that notice of such changes shall be given by mail to each affected taxing district and by publication in a newspaper of general circulation in the redevelopment area or redevelopment project area, as applicable, not less than ten days prior to the adoption of the changes by ordinance. After the adoption of an ordinance designating the redevelopment area, adopting a redevelopment plan, approving a redevelopment project, or designating a redevelopment project area, no ordinance shall be adopted altering the exterior boundaries of the redevelopment area or a redevelopment project area affecting the general land uses established under the redevelopment plan or the general nature of a redevelopment project without holding a public hearing in accordance with this section. One public hearing may be held for the simultaneous consideration of a redevelopment area, redevelopment plan, redevelopment project, or redevelopment project area.

2. Notice of the public hearing required by this section shall be given by publication and mailing. Notice by publication shall be given by publication at least twice, the first publication to be not more than thirty days and the second publication to be not more than ten days prior to the hearing, in a newspaper of general circulation in the proposed redevelopment area or redevelopment project area, as applicable. Notice by mailing shall be given by depositing such notice in the United States mail by certified mail addressed to the person or persons in whose name the general taxes for the last preceding year were paid on each lot, block, tract, or parcel of land lying within the proposed redevelopment area or redevelopment project area, as applicable. Such notice shall be mailed not less than ten working days prior to the date set for the public hearing.

3. The notices issued under this section shall include the following:

- (1) The time and place of the public hearing;
- (2) The general boundaries of the proposed redevelopment area or redevelopment project area, as applicable, by street location, where possible;
- (3) A statement that all interested persons shall be given an opportunity to be heard at the public hearing;
- (4) A description of the redevelopment plan and the proposed redevelopment projects and a location and time where the entire redevelopment plan or redevelopment projects proposed may be reviewed by any interested party;
- (5) A statement that [redevelopment financing involving tax revenues is being sought for the project] **financial assistance is being sought under sections 99.1080 to 99.1092** and an estimate of the amount of [local redevelopment financing that will be requested, if applicable] **assistance that will be requested**; and

(6) Such other matters as the municipality or authority may deem appropriate.

4. Not less than forty-five days prior to the date set for the public hearing, the municipality or authority shall give notice by mail as provided in subsection 2 of this section to all taxing districts whose taxes are affected in the redevelopment area or redevelopment project area, as applicable, and in addition to the other requirements under subsection 3 of this section, the notice shall include an invitation to each taxing district to submit comments to the municipality or authority concerning the subject matter of the hearing prior to the date of the hearing.

5. A copy of any and all hearing notices required by this section shall be submitted by the municipality or authority to the director of the department of economic development and the date such notices were mailed or published, as applicable.

99.1090. 1. A municipality shall submit an application to the department of economic development for review and determination as to approval of the disbursement of the project costs of one or more redevelopment projects from the downtown revitalization preservation fund. The department of economic development shall forward the application to the commissioner of the office of administration for approval. In no event shall any approval authorize a disbursement of one or more redevelopment projects from the downtown revitalization preservation fund which exceeds the allowable amount of other net new revenues derived from the redevelopment area. An application submitted to the department of economic development shall contain the following, in addition to the items set forth in section 99.1086:

(1) An estimate that one hundred percent of the local sales tax increment deposited to the special allocation fund must and will be used to pay redevelopment project costs or obligations issued to finance redevelopment project costs to achieve the objectives of the redevelopment plan;

(2) Identification of the existing businesses located within the redevelopment project area and the redevelopment area;

(3) The aggregate baseline year amount of state sales tax revenues reported by existing businesses within the redevelopment project area. Provisions of section 32.057, RSMo, notwithstanding, municipalities will provide this information to the department of revenue for verification. The department of revenue will verify the information provided by the municipalities within forty-five days of receiving a request for such verification from a municipality;

(4) An estimate of the state sales tax increment **and state income tax increment** within the redevelopment project area after redevelopment. The department of economic development shall have the discretion to exempt smaller projects from this requirement;

(5) An affidavit that is signed by the developer or developers attesting that the provision of subdivision (2) of subsection 2 of section 99.1086 has been met;

(6) The amounts and types of other net new revenues sought by the applicant to be disbursed from the downtown revitalization preservation fund over the term of the redevelopment plan;

(7) The methodologies and underlying assumptions used in determining the estimate of the state sales tax increment **and state income tax increment**; and

(8) Any other information reasonably requested by the department of economic development.

2. The department of economic development shall make all reasonable efforts to process applications within a reasonable amount of time.

3. The department of economic development shall make a determination regarding the application for a certificate allowing disbursements from the downtown revitalization preservation fund and shall forward such determination to the commissioner of the office of administration. In no event shall the amount of disbursements from the downtown revitalization preservation fund approved for a project, in addition to any other state economic redevelopment funding or other state incentives, exceed the projected state benefit of the redevelopment project, as determined by the department of economic development through a cost-benefit analysis. Any political subdivision located either wholly or partially within the redevelopment area shall be permitted to submit information to the department of economic development for consideration in its cost-benefit analysis. Upon approval of downtown revitalization preservation financing, a certificate of approval shall be issued by the department of economic development containing the terms and limitations of the disbursement.

4. At no time shall the annual amount of other net new revenues approved for disbursements from the downtown revitalization preservation fund exceed fifteen million dollars.

5. Redevelopment projects receiving disbursements from the downtown revitalization preservation fund shall be limited to receiving such disbursements for twenty-five years. The approved term notwithstanding, downtown revitalization preservation financing shall terminate when redevelopment financing for a redevelopment project is terminated by a municipality.

6. The municipality shall deposit payments received from the downtown revitalization preservation redevelopment fund in a separate segregated account for other net new revenues within the special allocation fund.

7. Redevelopment project costs may include, at the prerogative of the state, the portion of salaries and expenses of the department of economic development and the department of revenue reasonably allocable to each redevelopment project approved for disbursements from the downtown revitalization preservation fund for the ongoing administrative functions associated with such redevelopment project. Such amounts shall be recovered from new state revenues deposited into the downtown revitalization preservation fund created under section 99.1092.

8. A redevelopment project approved for downtown revitalization preservation financing shall not thereafter elect to receive tax increment financing under the real property tax increment allocation redevelopment act, sections 99.800 to 99.865, and continue to receive downtown revitalization financing under sections 99.1080 to 99.1092.

9. The department of economic development may establish the procedures and standards for the determination and approval of applications by the promulgation of rules and publish forms to implement the provisions of this section and section 99.1092.

10. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section and section 99.1092 shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section, section 99.1092, and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly under chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

99.1092. 1. There is hereby established within the state treasury a special fund to be known as the "Downtown Revitalization Preservation Fund", to be administered by the department of economic development. Any unexpended balance and any interest in the fund at the end of the biennium shall be exempt from the provisions of section 33.080, RSMo, relating to the transfer of unexpended balances to the general revenue fund. The fund shall consist of:

- (1) The first fifteen million dollars of other net new revenues generated annually by the redevelopment projects;
- (2) Money received from costs charged under subsection 7 of section 99.1090; and
- (3) Gifts, contributions, grants, or bequests received from federal, private, or other sources.

2. Notwithstanding the provisions of section 144.700, RSMo, to the contrary, the department of revenue shall annually submit the first fifteen million dollars of other net new revenues generated by the redevelopment projects to the treasurer for deposit in the downtown revitalization preservation fund.

3. The department of economic development shall annually disburse funds from the downtown revitalization preservation fund in amounts determined under the certificates of approval for projects, providing that the amounts of other net new revenues generated from the redevelopment area have been verified and all of the conditions of sections 99.1080 to 99.1092 are met. If the revenues appropriated from the downtown revitalization preservation fund are not sufficient to equal the amounts determined to be disbursed under such certificates of approval, the department of economic development shall disburse the revenues on a pro rata basis to all such projects and other costs approved under section 99.1090.

4. In no event shall the amounts distributed to a project from the downtown revitalization preservation fund exceed the lesser of the amount of the certificates of approval for projects or the actual other net new revenues generated by the projects.

5. The department of economic development shall not disburse any moneys from the downtown revitalization preservation fund for any project which has not complied with the annual reporting requirements determined by the department of economic development.

6. Money in the downtown revitalization preservation fund may be spent for the reasonable and necessary costs associated with the administration of the program authorized under sections 99.1080 to 99.1092.

7. No municipality shall obligate or commit the expenditure of disbursements received from the downtown revitalization preservation fund prior to receiving a certificate of approval for the redevelopment project generating other net new revenues. In addition, no municipality shall commence work on a redevelopment project prior to receiving a certificate of approval for the redevelopment project.

8. Taxpayers in any redevelopment area who are required to remit sales taxes under chapter 144, RSMo, **or income tax withholdings under chapter 143, RSMo**, shall provide additional information to the department of revenue in a form prescribed by the department by rule. Such information shall include, but shall not be limited to, information upon which other net new revenues can be calculated and sales tax generated in the redevelopment area by such taxpayer in the baseline year and during the time period related to the **withholding or** sales tax remittance.

9. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created pursuant to the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to

delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2003, shall be invalid and void."; and

"21.750. 1. The general assembly hereby occupies and preempts the entire field of legislation touching in any way firearms, components, ammunition and supplies to the complete exclusion of any order, ordinance or regulation by any political subdivision of this state. Any existing or future orders, ordinances or regulations in this field are hereby and shall be null and void except as provided in subsection 3 of this section.

3. Nothing contained in this section shall prohibit any ordinance of any political subdivision which conforms exactly with any of the provisions of sections 571.010 to 571.070, RSMo, with appropriate penalty provisions, [or which regulates the open carrying of firearms readily capable of lethal use] or the discharge of firearms within a jurisdiction, provided such ordinance complies with the provisions of section 252.243, RSMo, **and incorporates the justification defenses found in chapter 563, RSMo.**

This subsection shall apply to any suit pending as of October 12, 2003, as well as any suit which may be brought in the future. Provided, however, that nothing in this section shall restrict the rights of individual citizens to recover for injury or death caused by the negligent or defective design or manufacture of firearms or ammunition.

JOURNAL OF THE HOUSE

First Regular Session, 95th GENERAL ASSEMBLY

FIFTY-SECOND DAY, THURSDAY, APRIL 9, 2009

The House met pursuant to adjournment.

Speaker Richard in the Chair.

Prayer by Msgr. Donald W. Lammers.

*(Yesterday, at sunset, the Jewish Feast of Passover began.
Today, in the Christian calendar, is Holy Thursday.
And today, we begin Easter break.)*

Almighty God, we praise and thank You for the love and concern You have for every person on the face of the Earth. We thank You for every way You have caused evil to pass over them that they might live in the peace, justice and freedom they have!

We pray for all who are away from home this holiday weekend in service of our country. We pray that the evils of violence, war and terrorism pass over them that they might return home soon.

We pray for the ability to so represent the people of our state that we cause justice and right to increase, so that every form of oppression pass over all the people. Then, may we all live in greater freedom and peace and celebrate the holidays together.

We thank You Almighty God, forever and ever. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: James Kedley, Trevon Parks, MaTaya Dukes, Seth Viebrock, Matthew O'Dell, Amanda O'Dell, Elisabeth O'Dell, Hillary Foster, Thomas Brown, Alayna Brown and Natalie Denzer.

The Journal of the fifty-first day was approved as corrected.

SENATE CONCURRENT RESOLUTION NO. 8

WHEREAS, horse processing is the most tightly regulated of any animal harvest, and the horse is the only animal that has its transportation to processing regulated. If horse processing plants are forced to close and export options are eliminated, the Horse Welfare Coalition estimates that 90,000 to 100,000 unwanted horses annually would be exposed to potential abandonment and neglect; and

WHEREAS, the 90,000 to 100,000 additional unwanted horses each year would compete for adoption with the 32,000 wild horses that United States taxpayers are already paying \$40 million to shelter and feed; and

WHEREAS, the nation's inadequate, overburdened, and unregulated horse rescue and adoption facilities cannot handle the influx of the approximately 60,000 or more additional horses each year that would result from a harvesting ban, according to the Congressional Research Service; and

WHEREAS, many zoo animal diets rely on equine protein because it mimics what the animal would receive in the wild. Veterinarians and animal nutritionists say it is the healthiest diet for big cats and rare birds. If legislation shuts down horse processing facilities, the only source for this meat that is inspected by the U.S. Department of Agriculture (USDA) will be eliminated:

NOW THEREFORE BE IT RESOLVED that the members of the Missouri Senate, Ninety-Fifth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby urge the United States Congress to strongly support the continuation of horse processing in the United States and to offer incentives that help create horse processing plants throughout the United States, such as state-inspected horse harvest for export; and

BE IT FURTHER RESOLVED that the members of the Missouri General Assembly strongly encourage Congress to support new horse processing facilities and the continuation of existing facilities on both the state and national level; and

BE IT FURTHER RESOLVED that the members of the Missouri General Assembly urge Congress to oppose any legislation introduced in the 111th Congress that would restrict the transportation and processing of horses in the United States and internationally; and

BE IT FURTHER RESOLVED that the members of the Missouri General Assembly support the location of USDA-approved horse processing facilities on state, tribal, or private lands under mutually-acceptable and market-driven land leases and, if necessary, a mutually-acceptable assignment of revenues that meet the needs of all parties involved with the facility; and

BE IT FURTHER RESOLVED that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the President of the United States Senate, the Speaker of the United States House of Representatives and the members of the Missouri Congressional delegation.

Mr. Speaker: Your Special Standing Committee on Emerging Issues in Animal Agriculture, to which was referred **SCS SB 153**, begs leave to report it has examined the same and recommends that it **Do Pass**, and pursuant to Rule 25(32)(f) be referred to the Committee on Rules.

JOURNAL OF THE HOUSE

First Regular Session, 95th GENERAL ASSEMBLY

FIFTY-FIFTH DAY, WEDNESDAY, APRIL 15, 2009

The House met pursuant to adjournment.

Speaker Pro Tem Pratt in the Chair.

Prayer by Reverend James Earl Jackson.

Heavenly Father, Your Word instructs us in this manner, "let the wise listen and add to their learning, and let the discerning get guidance." (*Pr. 1:5*)

We are grateful that You guide and direct us with wisdom through various avenues and people. Thank You for the wise counsel we receive from our family, constituents, personal staff assistants, colleagues and, particularly, those who provide the overall daily administrative support.

We are confident that when Your wisdom enters our heart: knowledge will be pleasant to our soul, good judgment will protect us, and understanding will guard us and keep us from unwise decisions and unreasonable demands. May wisdom be our constant companion throughout this day and the weeks ahead.

Now may You, Lord God, fill us with thankfulness by which we may offer acceptable service with reverence and awe.

These things I pray in the name of Your Son. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Amanda Swanson, Marshall T Peeples, Tim Weber, Natalie Graneto, Zachary Holtgrewe and Carly Kleinheider.

The Journal of the fifty-fourth day was approved as printed.

Representative Nieves assumed the Chair.

PERFECTION OF HOUSE BILLS

HCS HB 795, relating to small business recovery, was taken up by Representative Dethrow.

Representative Pollock offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for House Bill No. 795, Section 290.500, Page 3, Line 70, by inserting immediately after said line the following:

"536.310. 1. The board shall:

- (1) Provide state agencies with input regarding rules that adversely affect small businesses;
- (2) Solicit input and conduct hearings from small business owners and state agencies regarding any rules proposed by a state agency; and
- (3) Provide an evaluation report to the governor and the general assembly, including any recommendations and evaluations of state agencies regarding regulatory fairness for Missouri's small businesses. The report shall include comments from small businesses, state agency responses, and a summary of any public testimony on rules brought before the board for consideration.

2. In any inquiry conducted by the board because of a request from a small business owner, the board may make recommendations to the state agency. If the board makes recommendations, such recommendations shall be based on any of the following grounds:

- (1) The rule creates an undue barrier to the formation, operation, and expansion of small businesses in a manner that significantly outweighs the rule's benefits to the public; or
- (2) New or significant economic information indicates the proposed rule would create an undue impact on small businesses; or
- (3) Technology, economic conditions, or other relevant factors justifying the purpose for the rule has changed or no longer exists; or
- (4) If the rule was adopted after August 28, 2004, whether the actual effect on small businesses was not reflected in or significantly exceeded the small business impact statement submitted prior to the adoption of the rules.

JOURNAL OF THE HOUSE

First Regular Session, 95th GENERAL ASSEMBLY

FIFTY-SEVENTH DAY, MONDAY, APRIL 20, 2009

The House met pursuant to adjournment.

Speaker Richard in the Chair.

Prayer by Reverend James Earl Jackson.

Loving God, Your kindness extends to all You have made. You show Your awesome love day to day as You reveal Yourself in manifold ways. Thank You for Your many promises to lead and guide us when we consult with You in humility and love.

Lord, we come before You today, as public servants, seeking the wisdom that only You can give. May we take hold of Your instructions; never letting them go, guarding them, for they are the key to life and true success. May we follow the path of decency, integrity, honesty, and dignity. As we contemplate the work ahead of us this week, help us in our deliberations to avoid any appearance of wrongdoing.

Now may You God of comfort, be our confidence and our hope as we move forward in this week.

I ask these things in the name of Your Son. Amen.

The Pledge of Allegiance to the flag was recited.

The Journal of the fifty-sixth day was approved as corrected.

2. 3. The state fire marshal shall develop or approve existing training programs necessary for volunteer firefighters to claim the credit authorized in this section, shall establish procedures for providing documentation that the taxpayer is a volunteer firefighter in good standing with a registered fire department, as required in chapter 320, RSMo, and has completed the training requirements in this section, and shall promulgate rules to implement the provisions of this section.

5. The director of revenue shall establish the procedure by which the tax credit in this section may be claimed, and shall promulgate rules to implement the provisions of this section.

6. (1) The provisions of the new program authorized under this section shall automatically sunset on December thirty-first six years after the effective date of this section unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset on December thirty-first twelve years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset."; and

House Amendment No. 5

AMEND House Committee Substitute for House Bill No. 958, Page 1, Line 5 of the Title, by inserting after the word "provision" the words "and an emergency clause for certain sections"; and

Further amend said bill, Page 52, Section 148.064, Line 76, by inserting after all of said line the following:

"205.202. 1. The governing body of any hospital district established under sections 205.160 to 205.379 in any county of the third classification without a township form of government and with more than thirteen thousand five hundred but fewer than thirteen thousand six hundred inhabitants may, by resolution, abolish the property tax levied in such district under this chapter and impose a sales tax on all retail sales made within the district which are subject to sales tax under chapter 144, RSMo. The tax authorized in this section shall be not more than one percent, and shall be imposed solely for the purpose of funding the hospital district. The tax authorized in this section shall be in addition to all other sales taxes imposed by law, and shall be stated separately from all other charges and taxes.

2. No such resolution adopted under this section shall become effective unless the governing body of the hospital district submits to the voters residing within the district at a state general, primary, or special election a proposal to authorize the governing body of the district to impose a tax under this section. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the tax shall become effective on the first day of the second calendar quarter after the director of revenue receives notification of adoption of the local sales tax. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, then the tax shall not become effective unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.

3. All revenue collected under this section by the director of the department of revenue on behalf of the hospital district, except for one percent for the cost of collection which shall be deposited in the state's general revenue fund, shall be deposited in a special trust fund, which is hereby created and shall be known as the "Hospital District Sales Tax Fund", and shall be used solely for the designated purposes. Moneys in the fund shall not be deemed to be state funds, and shall not be commingled with any funds of the state. The director may make refunds from the amounts in the fund and credited to the district for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such district. Any funds in the

special fund which are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. The governing body of any hospital district that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters on any date available for elections for the district. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

5. Whenever the governing body of any hospital district that has adopted the sales tax authorized in this section receives a petition, signed by a number of registered voters of the district equal to at least ten percent of the number of registered voters of the district voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the district a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

6. If the tax is repealed or terminated by any means, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes, and the hospital district shall notify the director of the department of revenue of the action at least ninety days before the effective date of the repeal and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such district, the director shall remit the balance in the account to the district and close the account of that district. The director shall notify each district of each instance of any amount refunded or any check redeemed from receipts due the district."; and

Further amend said bill, Page 54, Section 1, Line 4, by inserting after all of said line the following:

"Section B. Because immediate action is necessary to allow certain hospital districts to lower their property tax levies, the enactment of section 206.165 of section A of this act is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the enactment of section 206.165 of section A of this act shall be in full force and effect upon its passage and approval."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Dethrow, **House Amendment No. 5** was adopted.

Representative Bivins offered **House Amendment No. 6**.

House Amendment No. 6

AMEND House Committee Substitute for House Bill No. 958, Section 137.016, Page 34, Line 77, by adding after all of said line the following:

"137.073. 1. As used in this section, the following terms mean:

(1) "General reassessment", changes in value, entered in the assessor's books, of a substantial portion of the parcels of real property within a county resulting wholly or partly from reappraisal of value or other actions of the assessor or county equalization body or ordered by the state tax commission or any court;

(2) "Tax rate", "rate", or "rate of levy", singular or plural, includes the tax rate for each purpose of taxation of property a taxing authority is authorized to levy without a vote and any tax rate authorized by election, including bond interest and sinking fund;

(3) "Tax rate ceiling", a tax rate as revised by the taxing authority to comply with the provisions of this section or when a court has determined the tax rate; except that, other provisions of law to the contrary notwithstanding, a school district may levy the operating levy for school purposes required for the current year pursuant to subsection 2 of section 163.021, RSMo, less all adjustments required pursuant to article X, section 22 of the Missouri Constitution, if such tax rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year. This is the maximum tax rate that may be levied, unless a higher tax rate ceiling is approved by voters of the political subdivision as provided in this section;

(4) "Tax revenue", when referring to the previous year, means the actual receipts from ad valorem levies on all classes of property, including state-assessed property, in the immediately preceding fiscal year of the political subdivision, plus an allowance for taxes billed but not collected in the fiscal year and plus an additional allowance for the revenue which would have been collected from property which was annexed by such political subdivision but which was not previously used in determining tax revenue pursuant to this section. The term "tax revenue" shall not include any receipts from ad valorem levies on any property of a railroad corporation or a public utility, as these terms are defined in section 386.020, RSMo, which were assessed by the assessor of a county or city in the previous year but are assessed by the state tax commission in the current year. All school districts and those counties levying sales taxes pursuant to chapter 67, RSMo, shall include in the calculation of tax revenue an amount equivalent to that by which they reduced property tax levies as a result of sales tax pursuant to section 67.505, RSMo, and section 164.013, RSMo, or as excess home dock city or county fees as provided in subsection 4 of section 313.820, RSMo, in the immediately preceding fiscal year but not including any amount calculated to adjust for prior years. For purposes of political subdivisions which were authorized to levy a tax in the prior year but which did not levy such tax or levied a reduced rate, the term "tax revenue", as used in relation to the revision of tax levies mandated by law, shall mean the revenues equal to the amount that would have been available if the voluntary rate reduction had not been made.

2. Whenever changes in assessed valuation are entered in the assessor's books for any personal property, in the aggregate, or for any subclass of real property as such subclasses are established in section 4(b) of article X of the Missouri Constitution and defined in section 137.016, the county clerk in all counties and the assessor of St. Louis City shall notify each political subdivision wholly or partially within the county or St. Louis City of the change in valuation of each subclass of real property, individually, and personal property, in the aggregate, exclusive of new construction and improvements. All political subdivisions shall immediately revise the applicable rates of levy for each purpose for each subclass of real property, individually, and personal property, in the aggregate, for which taxes are levied to the extent necessary to produce from all taxable property, exclusive of new construction and improvements, substantially the same amount of tax revenue as was produced in the previous year for each subclass of real property, individually, and personal property, in the aggregate, except that the rate may not exceed the most recent voter-approved rate. Such tax revenue shall not include any receipts from ad valorem levies on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property. Where the taxing authority is a school district for the purposes of revising the applicable rates of levy for each subclass of real property, the tax revenues from state-assessed railroad and utility property shall be apportioned and attributed to each subclass of real property based on the percentage of the total assessed valuation of the county that each subclass of real property represents in the current taxable year. As provided in section 22 of article X of the constitution, a political subdivision may also revise each levy to allow for inflationary assessment growth occurring within the political subdivision. The inflationary growth factor for any such subclass of real property or personal property shall be limited to the actual assessment growth in such subclass or class, exclusive of new construction and improvements, and exclusive of the assessed value on any real property which was assessed by the assessor of a county or city in the current year in a different subclass of real property, but not to exceed the consumer price index or five percent, whichever is lower. Should the tax revenue of a political subdivision from the various tax rates determined in this subsection be different than the tax revenue that would have been determined from a single tax rate as calculated pursuant to the method of calculation in this subsection prior to January 1, 2003, then the political subdivision shall revise the tax rates of those subclasses of real property, individually, and/or personal property, in the aggregate, in which there is a tax rate reduction, pursuant to the provisions of this subsection. Such revision shall yield an amount equal to such difference and shall be apportioned among such subclasses of real property, individually, and/or personal property, in the aggregate, based on the relative assessed valuation of the class or subclasses of property experiencing a tax rate reduction. Such revision in the tax rates of each class or subclass shall be made by computing the percentage of current year adjusted assessed valuation of each class or subclass with a tax rate reduction to the total current year adjusted assessed valuation of the class or subclasses with a tax rate reduction, multiplying the resulting percentages by the revenue difference between the single rate calculation and the calculations pursuant to this subsection and dividing by the respective adjusted current year assessed valuation of each class or subclass to determine the adjustment to the rate to be levied upon each class or subclass of property. The adjustment computed herein shall be multiplied by one hundred, rounded to four decimals in the manner provided in this subsection, and added to the initial

rate computed for each class or subclass of property. Notwithstanding any provision of this subsection to the contrary, no revision to the rate of levy for personal property shall cause such levy to increase over the levy for personal property from the prior year.

3. (1) Where the taxing authority is a school district, it shall be required to revise the rates of levy to the extent necessary to produce from all taxable property, including state-assessed railroad and utility property, which shall be separately estimated in addition to other data required in complying with section 164.011, RSMo, substantially the amount of tax revenue permitted in this section. In the year following tax rate reduction, the tax rate ceiling may be adjusted to offset such district's reduction in the apportionment of state school moneys due to its reduced tax rate. However, in the event any school district, in calculating a tax rate ceiling pursuant to this section, requiring the estimating of effects of state-assessed railroad and utility valuation or loss of state aid, discovers that the estimates used result in receipt of excess revenues, which would have required a lower rate if the actual information had been known, the school district shall reduce the tax rate ceiling in the following year to compensate for the excess receipts, and the recalculated rate shall become the tax rate ceiling for purposes of this section.

(2) For any political subdivision which experiences a reduction in the amount of assessed valuation relating to a prior year, due to decisions of the state tax commission or a court pursuant to sections 138.430 to 138.433, RSMo, or due to clerical errors or corrections in the calculation or recordation of any assessed valuation:

(a) Such political subdivision may revise the tax rate ceiling for each purpose it levies taxes to compensate for the reduction in assessed value occurring after the political subdivision calculated the tax rate ceiling for the particular subclass of real property or for personal property, in the aggregate, in a prior year. Such revision by the political subdivision shall be made at the time of the next calculation of the tax rate for the particular subclass of real property or for personal property, in the aggregate, after the reduction in assessed valuation has been determined and shall be calculated in a manner that results in the revised tax rate ceiling being the same as it would have been had the corrected or finalized assessment been available at the time of the prior calculation;

(b) In addition, for up to three years following the determination of the reduction in assessed valuation as a result of circumstances defined in this subdivision, such political subdivision may levy a tax rate for each purpose it levies taxes above the revised tax rate ceiling provided in paragraph (a) of this subdivision to recoup any revenues it was entitled to receive had the corrected or finalized assessment been available at the time of the prior calculation.

4. (1) In order to implement the provisions of this section and section 22 of article X of the Constitution of Missouri, the term "improvements" shall apply to both real and personal property. In order to determine the value of new construction and improvements, each county assessor shall maintain a record of real property valuations in such a manner as to identify each year the increase in valuation for each political subdivision in the county as a result of new construction and improvements. The value of new construction and improvements shall include the additional assessed value of all improvements or additions to real property which were begun after and were not part of the prior year's assessment, except that the additional assessed value of all improvements or additions to real property which had been totally or partially exempt from ad valorem taxes pursuant to sections 99.800 to 99.865, RSMo, sections 135.200 to 135.255, RSMo, and section 353.110, RSMo, shall be included in the value of new construction and improvements when the property becomes totally or partially subject to assessment and payment of all ad valorem taxes. The aggregate increase in valuation of personal property for the current year over that of the previous year is the equivalent of the new construction and improvements factor for personal property. Notwithstanding any opt-out implemented pursuant to subsection 15 of section 137.115, the assessor shall certify the amount of new construction and improvements and the amount of assessed value on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property separately for each of the three subclasses of real property for each political subdivision to the county clerk in order that political subdivisions shall have this information for the purpose of calculating tax rates pursuant to this section and section 22, article X, Constitution of Missouri. In addition, the state tax commission shall certify each year to each county clerk the increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor publications, as defined and officially reported by the United States Department of Labor, or its successor agency. The state tax commission shall certify the increase in such index on the latest twelve-month basis available on February first of each year over the immediately preceding prior twelve-month period in order that political subdivisions shall have this information available in setting their tax rates according to law and section 22 of article X of the Constitution of Missouri. For purposes of implementing the provisions of this section and section 22 of article X of the Missouri Constitution, the term "property" means all taxable property, including state-assessed property.

(2) Each political subdivision required to revise rates of levy pursuant to this section or section 22 of article X of the Constitution of Missouri shall calculate each tax rate it is authorized to levy and, in establishing each tax rate, shall consider each provision for tax rate revision provided in this section and section 22 of article X of the Constitution

of Missouri, separately and without regard to annual tax rate reductions provided in section 67.505, RSMo, and section 164.013, RSMo. Each political subdivision shall set each tax rate it is authorized to levy using the calculation that produces the lowest tax rate ceiling. It is further the intent of the general assembly, pursuant to the authority of section 10(c) of article X of the Constitution of Missouri, that the provisions of such section be applicable to tax rate revisions mandated pursuant to section 22 of article X of the Constitution of Missouri as to reestablishing tax rates as revised in subsequent years, enforcement provisions, and other provisions not in conflict with section 22 of article X of the Constitution of Missouri. Annual tax rate reductions provided in section 67.505, RSMo, and section 164.013, RSMo, shall be applied to the tax rate as established pursuant to this section and section 22 of article X of the Constitution of Missouri, unless otherwise provided by law.

5. (1) In all political subdivisions, the tax rate ceiling established pursuant to this section shall not be increased unless approved by a vote of the people. Approval of the higher tax rate shall be by at least a majority of votes cast. When a proposed higher tax rate requires approval by more than a simple majority pursuant to any provision of law or the constitution, the tax rate increase must receive approval by at least the majority required.

(2) When voters approve an increase in the tax rate, the amount of the increase shall be added to the tax rate ceiling as calculated pursuant to this section to the extent the total rate does not exceed any maximum rate prescribed by law. If a ballot question presents a stated tax rate for approval rather than describing the amount of increase in the question, the stated tax rate approved shall be adjusted as provided in this section and, so adjusted, shall be the current tax rate ceiling. The increased tax rate ceiling as approved shall be adjusted such that when applied to the current total assessed valuation of the political subdivision, excluding new construction and improvements since the date of the election approving such increase, the revenue derived from the adjusted tax rate ceiling is equal to the sum of: the amount of revenue which would have been derived by applying the voter-approved increased tax rate ceiling to total assessed valuation of the political subdivision, as most recently certified by the city or county clerk on or before the date of the election in which such increase is approved, increased by the percentage increase in the consumer price index, as provided by law. Such adjusted tax rate ceiling may be applied to the total assessed valuation of the political subdivision at the setting of the next tax rate. If a ballot question presents a phased-in tax rate increase, upon voter approval, each tax rate increase shall be adjusted in the manner prescribed in this section to yield the sum of: the amount of revenue that would be derived by applying such voter-approved increased rate to the total assessed valuation, as most recently certified by the city or county clerk on or before the date of the election in which such increase was approved, increased by the percentage increase in the consumer price index, as provided by law, from the date of the election to the time of such increase and, so adjusted, shall be the current tax rate ceiling.

(3) The governing body of any political subdivision may levy a tax rate lower than its tax rate ceiling and may, in a nonreassessment year, increase that lowered tax rate to a level not exceeding the tax rate ceiling without voter approval in the manner provided under subdivision (4) of this subsection. Nothing in this section shall be construed as prohibiting a political subdivision from voluntarily levying a tax rate lower than that which is required under the provisions of this section or from seeking voter approval of a reduction to such political subdivision's tax rate ceiling.

(4) In a year of general reassessment, a governing body whose tax rate is lower than its tax rate ceiling shall revise its tax rate pursuant to the provisions of subsection 4 of this section as if its tax rate was at the tax rate ceiling. In a year following general reassessment, if such governing body intends to increase its tax rate, the governing body shall conduct a public hearing, and in a public meeting it shall adopt an ordinance, resolution, or policy statement justifying its action prior to setting and certifying its tax rate. The provisions of this subdivision shall not apply to any political subdivision which levies a tax rate lower than its tax rate ceiling solely due to a reduction required by law resulting from sales tax collections. The provisions of this subdivision shall not apply to any political subdivision which has received voter approval for an increase to its tax rate ceiling subsequent to setting its most recent tax rate.

(5) Notwithstanding any other provision of law to the contrary, for the assessment performed in 2009, when the required majority of voters in any school district with its administrative headquarters located in a census designated place with more than twenty-eight thousand eight hundred but fewer than twenty-nine thousand inhabitants passes an increase in the school district's tax rate ceiling, the school district shall use the current rate ceiling and any increase approved by the voters in establishing the rates of levy for the tax year immediately following the election. Using the most recently approved tax rate ceiling shall be revenue neutral as required in section 22, article X, Constitution of Missouri, and to the extent that the assessed valuation of real estate in such school district is reduced in any following year, such school district may raise its tax rate ceiling so that the revenue received from its local real property tax rates equals the amount the school district would have received from such increase in the tax rate ceiling had there been no reduction in the assessed valuation of real estate in the school district.

6. (1) For the purposes of calculating state aid for public schools pursuant to section 163.031, RSMo, each taxing authority which is a school district shall determine its proposed tax rate as a blended rate of the classes or

subclasses of property. Such blended rate shall be calculated by first determining the total tax revenue of the property within the jurisdiction of the taxing authority, which amount shall be equal to the sum of the products of multiplying the assessed valuation of each class and subclass of property by the corresponding tax rate for such class or subclass, then dividing the total tax revenue by the total assessed valuation of the same jurisdiction, and then multiplying the resulting quotient by a factor of one hundred. Where the taxing authority is a school district, such blended rate shall also be used by such school district for calculating revenue from state-assessed railroad and utility property as defined in chapter 151, RSMo, and for apportioning the tax rate by purpose.

(2) Each taxing authority proposing to levy a tax rate in any year shall notify the clerk of the county commission in the county or counties where the tax rate applies of its tax rate ceiling and its proposed tax rate. Each taxing authority shall express its proposed tax rate in a fraction equal to the nearest one-tenth of a cent, unless its proposed tax rate is in excess of one dollar, then one/one-hundredth of a cent. If a taxing authority shall round to one/one-hundredth of a cent, it shall round up a fraction greater than or equal to five/one-thousandth of one cent to the next higher one/one-hundredth of a cent; if a taxing authority shall round to one-tenth of a cent, it shall round up a fraction greater than or equal to five/one-hundredths of a cent to the next higher one-tenth of a cent. Any taxing authority levying a property tax rate shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating such tax rate complies with Missouri law. All forms for the calculation of rates pursuant to this section shall be promulgated as a rule and shall not be incorporated by reference. The state auditor shall promulgate rules for any and all forms for the calculation of rates pursuant to this section which do not currently exist in rule form or that have been incorporated by reference. In addition, each taxing authority proposing to levy a tax rate for debt service shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating the tax rate for debt service complies with Missouri law. A tax rate proposed for annual debt service requirements will be *prima facie* valid if, after making the payment for which the tax was levied, bonds remain outstanding and the debt fund reserves do not exceed the following year's payments. The county clerk shall keep on file and available for public inspection all such information for a period of three years. The clerk shall, within three days of receipt, forward a copy of the notice of a taxing authority's tax rate ceiling and proposed tax rate and any substantiating data to the state auditor. The state auditor shall, within fifteen days of the date of receipt, examine such information and return to the county clerk his or her findings as to compliance of the tax rate ceiling with this section and as to compliance of any proposed tax rate for debt service with Missouri law. If the state auditor believes that a taxing authority's proposed tax rate does not comply with Missouri law, then the state auditor's findings shall include a recalculated tax rate, and the state auditor may request a taxing authority to submit documentation supporting such taxing authority's proposed tax rate. The county clerk shall immediately forward a copy of the auditor's findings to the taxing authority and shall file a copy of the findings with the information received from the taxing authority. The taxing authority shall have fifteen days from the date of receipt from the county clerk of the state auditor's findings and any request for supporting documentation to accept or reject in writing the rate change certified by the state auditor and to submit all requested information to the state auditor. A copy of the taxing authority's acceptance or rejection and any information submitted to the state auditor shall also be mailed to the county clerk. If a taxing authority rejects a rate change certified by the state auditor and the state auditor does not receive supporting information which justifies the taxing authority's original or any subsequent proposed tax rate, then the state auditor shall refer the perceived violations of such taxing authority to the attorney general's office and the attorney general is authorized to obtain injunctive relief to prevent the taxing authority from levying a violative tax rate.

7. No tax rate shall be extended on the tax rolls by the county clerk unless the political subdivision has complied with the foregoing provisions of this section.

8. Whenever a taxpayer has cause to believe that a taxing authority has not complied with the provisions of this section, the taxpayer may make a formal complaint with the prosecuting attorney of the county. Where the prosecuting attorney fails to bring an action within ten days of the filing of the complaint, the taxpayer may bring a civil action pursuant to this section and institute an action as representative of a class of all taxpayers within a taxing authority if the class is so numerous that joinder of all members is impracticable, if there are questions of law or fact common to the class, if the claims or defenses of the representative parties are typical of the claims or defenses of the class, and if the representative parties will fairly and adequately protect the interests of the class. In any class action maintained pursuant to this section, the court may direct to the members of the class a notice to be published at least once each week for four consecutive weeks in a newspaper of general circulation published in the county where the civil action is commenced and in other counties within the jurisdiction of a taxing authority. The notice shall advise each member that the court will exclude him or her from the class if he or she so requests by a specified date, that the judgment, whether favorable or not, will include all members who do not request exclusion, and that any member who does not request exclusion may, if he or she desires, enter an appearance. In any class action brought pursuant to this section, the court, in addition to the relief requested, shall assess against the taxing authority found to be in violation of this section the reasonable costs of bringing the action, including reasonable attorney's fees, provided no attorney's fees shall be awarded

any attorney or association of attorneys who receive public funds from any source for their services. Any action brought pursuant to this section shall be set for hearing as soon as practicable after the cause is at issue.

9. If in any action, including a class action, the court issues an order requiring a taxing authority to revise the tax rates as provided in this section or enjoins a taxing authority from the collection of a tax because of its failure to revise the rate of levy as provided in this section, any taxpayer paying his or her taxes when an improper rate is applied has erroneously paid his or her taxes in part, whether or not the taxes are paid under protest as provided in section 139.031, RSMo, or otherwise contested. The part of the taxes paid erroneously is the difference in the amount produced by the original levy and the amount produced by the revised levy. The township or county collector of taxes or the collector of taxes in any city shall refund the amount of the tax erroneously paid. The taxing authority refusing to revise the rate of levy as provided in this section shall make available to the collector all funds necessary to make refunds pursuant to this subsection. No taxpayer shall receive any interest on any money erroneously paid by him or her pursuant to this subsection. Effective in the 1994 tax year, nothing in this section shall be construed to require a taxing authority to refund any tax erroneously paid prior to or during the third tax year preceding the current tax year.

10. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Bivins, House Amendment No. 6 was adopted.

Representative Sutherland offered House Amendment No. 7.

JOURNAL OF THE HOUSE

First Regular Session, 95th GENERAL ASSEMBLY

FIFTY-EIGHTH DAY, TUESDAY, APRIL 21, 2009

The House met pursuant to adjournment.

Speaker Pro Tem Pratt in the Chair.

Prayer by Msgr. Donald W. Lammers.

Let us pray, first from *Psalm 126*:

Then they said among the nations,
"The Lord has done great things for them."
The Lord has done great things for us;
we are glad indeed. (*Psalm 126:2-3*)

Almighty God, the resources at our disposal ultimately are among the great things You have given us. We are entrusted to participate in their distribution. Help us to do so with the greatest sense of justice and right.

May the virtues enshrined in the decor of this House Chamber fall upon us and come alive in our work. Then by us our people will be served and You will be glorified.

To You be glory and honor forever. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Holly Loncarich, Cheyenne Loncarich, Kelly Jordan and Ashley Snyder.

The Journal of the fifty-seventh day was approved as printed.

633.401. 1. For purposes of this section, the following terms mean:

(1) "Engaging in the business of providing health benefit services", accepting payment for health benefit services;

(2) "Intermediate care facility for the mentally retarded", a private or department of mental health facility which admits persons who are mentally retarded or developmentally disabled for residential habilitation and other services pursuant to chapter 630, RSMo. Such term shall include habilitation centers and private or public intermediate care facilities for the mentally retarded that have been certified to meet the conditions of participation under 42 CFR, Section 483, Subpart 1;

(3) "Net operating revenues from providing services of intermediate care facilities for the mentally retarded" shall include, without limitation, all moneys received on account of such services pursuant to rates of reimbursement established and paid by the department of social services, but shall not include charitable contributions, grants, donations, bequests and income from nonservice related fund-raising activities and government deficit financing, contractual allowance, discounts or bad debt;

(4) "Services of intermediate care facilities for the mentally retarded" has the same meaning as the term used in Title 42 United States Code, Section 1396b(w)(7)(A)(iv), as amended, and as such qualifies as a class of health care services recognized in federal Public Law 102-234, the Medicaid Voluntary Contribution and Provider Specific Tax Amendment of 1991.

2. Beginning July 1, 2008, each provider of services of intermediate care facilities for the mentally retarded shall, in addition to all other fees and taxes now required or paid, pay assessments on their net operating revenues for the privilege of engaging in the business of providing services of the intermediate care facilities for the mentally retarded or developmentally disabled in this state.

3. Each facility's assessment shall be based on a formula set forth in rules and regulations promulgated by the department of mental health.

4. For purposes of determining rates of payment under the medical assistance program for providers of services of intermediate care facilities for the mentally retarded, the assessment imposed pursuant to this section on net operating

revenues shall be a reimbursable cost to be reflected as timely as practicable in rates of payment applicable within the assessment period, contingent, for payments by governmental agencies, on all federal approvals necessary by federal law and regulation for federal financial participation in payments made for beneficiaries eligible for medical assistance under Title XIX of the federal Social Security Act.

5. Assessments shall be submitted by or on behalf of each provider of services of intermediate care facilities for the mentally retarded on a monthly basis to the director of the department of mental health or his or her designee and shall be made payable to the director of the department of revenue.

6. In the alternative, a provider may direct that the director of the department of social services offset, from the amount of any payment to be made by the state to the provider, the amount of the assessment payment owed for any month.

7. Assessment payments shall be deposited in the state treasury to the credit of the "Intermediate Care Facility Mentally Retarded Reimbursement Allowance Fund", which is hereby created in the state treasury. All investment earnings of this fund shall be credited to the fund. Notwithstanding the provisions of section 33.080, RSMo, to the contrary, any unexpended balance in the intermediate care facility mentally retarded reimbursement allowance fund at the end of the biennium shall not revert to the general revenue fund but shall accumulate from year to year. The state treasurer shall maintain records that show the amount of money in the fund at any time and the amount of any investment earnings on that amount.

8. Each provider of services of intermediate care facilities for the mentally retarded shall keep such records as may be necessary to determine the amount of the assessment for which it is liable under this section. On or before the forty-fifth day after the end of each month commencing July 1, 2008, each provider of services of intermediate care facilities for the mentally retarded shall submit to the department of social services a report on a cash basis that reflects such information as is necessary to determine the amount of the assessment payable for that month.

9. Every provider of services of intermediate care facilities for the mentally retarded shall submit a certified annual report of net operating revenues from the furnishing of services of intermediate care facilities for the mentally retarded. The reports shall be in such form as may be prescribed by rule by the director of the department of mental health. Final payments of the assessment for each year shall be due for all providers of services of intermediate care facilities for the mentally retarded upon the due date for submission of the certified annual report.

10. The director of the department of mental health shall prescribe by rule the form and content of any document required to be filed pursuant to the provisions of this section.

11. Upon receipt of notification from the director of the department of mental health of a provider's delinquency in paying assessments required under this section, the director of the department of social services shall withhold, and shall remit to the director of the department of revenue, an assessment amount estimated by the director of the department of mental health from any payment to be made by the state to the provider.

12. In the event a provider objects to the estimate described in subsection 11 of this section, or any other decision of the department of mental health related to this section, the provider of services may request a hearing. If a hearing is requested, the director of the department of mental health shall provide the provider of services an opportunity to be heard and to present evidence bearing on the amount due for an assessment or other issue related to this section within thirty days after collection of an amount due or receipt of a request for a hearing, whichever is later. The director shall issue a final decision within forty-five days of the completion of the hearing. After reconsideration of the assessment determination and a final decision by the director of the department of mental health, an intermediate care facility for the mentally retarded provider's appeal of the director's final decision shall be to the administrative hearing commission in accordance with sections 208.156 and 621.055, RSMo.

13. Notwithstanding any other provision of law to the contrary, appeals regarding this assessment shall be to the circuit court of Cole County or the circuit court in the county in which the facility is located. The circuit court shall hear the matter as the court of original jurisdiction.

14. Nothing in this section shall be deemed to affect or in any way limit the tax-exempt or nonprofit status of any intermediate care facility for the mentally retarded granted by state law.

15. The director of the department of mental health shall promulgate rules and regulations to implement this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2008, shall be invalid and void.

16. The provisions of this section shall expire on [June] **September** 30, [2009] **2011**."; and

"610.040. 1. Each elected or appointed public official who is a member of a public governmental body subject to this chapter shall complete a course of training of not less than one and not more than two hours regarding the responsibilities of the public governmental body and its members concerning open meetings laws not later than the ninetieth day after the date the member:

(1) Takes the oath of office, if the member is required to take an oath of office to assume the person's duties as a member of the public governmental body; or

(2) Otherwise assumes responsibilities as a member of the public governmental body, if the member is not required to take an oath of office to assume the person's duties as a member of the public governmental body.

2. The attorney general shall ensure that the training is made available. The office of the attorney general may provide the training and may also approve any acceptable course of training offered by a public governmental body or other entity. The attorney general shall ensure that at least one course of training approved or provided by the attorney general is available on videotape or a functionally similar and widely available medium at no cost. The training must include:

- (1) The general background of the legal requirements for open meetings;
- (2) The applicability of this chapter to public governmental bodies;
- (3) Procedures and requirements regarding quorums, notice, and record keeping under this chapter;
- (4) Procedures and requirements for holding an open meeting and for holding a closed meeting under this chapter;
- (5) Procedures for retaining e-mails, memos, and other office communications; and
- (6) Penalties and other consequences for failure to comply with this chapter.

3. The office of the attorney general or other entity providing the training shall provide a certificate of course completion to persons who complete the training required by this section. A public governmental body shall maintain and make available for public inspection the record of its members' completion of the training.

4. Completing the required training as a member of the public governmental body satisfies the requirements of this section with regard to the member's service on a committee or subcommittee of the public governmental body and the member's ex-officio service on any other public governmental body.

5. The training required by this section may be used to satisfy any corresponding training requirements concerning this chapter or open meetings required by law for the members of a public governmental body. The attorney general shall attempt to coordinate the training required by this section with training required by other law to the extent practicable.

6. The failure of one or more members of a public governmental body to complete the training required by this section does not affect the validity of an action taken by the public governmental body.

7. A certificate of course completion is admissible as evidence in a criminal prosecution under this chapter. However, evidence that a defendant completed a course of training offered under this section is not prima facie evidence that the defendant knowingly violated this chapter.

2. Each public official shall complete a course of training of not less than one and not more than two hours regarding the responsibilities of the public governmental body with which the official serves and its officers and employees concerning open records and public information laws not later than the ninetieth day after the date the public official:

3. A public official may designate a public information coordinator to satisfy the training requirements of this section for the public official if the public information coordinator is primarily responsible for administering the responsibilities of the public official or public governmental body under this chapter. Designation of a public information coordinator under this subsection does not relieve a public official from the duty to comply with any other requirement of this chapter that applies to the public official. The designated public information coordinator shall complete the training course regarding the responsibilities of the public governmental body with which the coordinator serves and of its officers and employees under this chapter not later than the ninetieth day after the date the coordinator assumes the person's duties as coordinator.

- (2) The applicability of this chapter to public governmental bodies;
- (3) Procedures and requirements regarding complying with a request for information under this chapter;
- (4) The role of the attorney general under this chapter;

- (6) Penalties and other consequences for failure to comply with this chapter.

A public governmental body shall maintain and make available for public inspection the record of its public officials or, if applicable, the public information coordinator's completion of the training.

6. 7. The attorney general shall attempt to coordinate the training required by this section with training required by other law to the extent practicable.

8. A certificate of course completion is admissible as evidence in a criminal prosecution under this chapter. However, evidence that a defendant completed a course of training offered under this section is not prima facie evidence that the defendant knowingly violated this chapter.

(b) The average monthly employment covered under this law for the first four of the most recent six completed calendar quarters ending before the end of such thirteen-week period.

(5) "Regular benefits" means benefits payable to an individual under this law or under any other state law (including benefits payable to federal civilian employees and ex-servicemen pursuant to 5 U.S.C. chapter 85) other than extended benefits.

(6) "Extended benefits" means benefits (including benefits payable to federal civilian employees and to ex-servicemen pursuant to 5 U.S.C. chapter 85) payable to an individual under the provisions of this section for weeks of unemployment in his **or her** eligibility period.

(7) "Eligibility period" of an individual means the period consisting of the weeks in his **or her** benefit year which begin in an extended benefit period and, if his **or her** benefit year ends within such extended benefit period, any weeks thereafter which begin in such period.

(8) "Exhaustee" means an individual who, with respect to any week of unemployment in his **or her** eligibility period:

(a) Has received, prior to such week, all of the regular benefits that were available to him **or her** under this law or any other state law (including dependents' allowances and benefits payable to federal civilian employees and ex-servicemen under 5 U.S.C. chapter 85) in his **or her** current benefit year that includes such week; provided, that, for the purposes of this paragraph, an individual shall be deemed to have received all of the regular benefits that were available to him **or her** although as a result of a pending appeal with respect to wages or employment, or both, that were not considered in the original monetary determination in his **or her** benefit year, he may subsequently be determined to be entitled to added regular benefits; or

(b) Has received, prior to such week, all the regular compensation available to him **or her** in his **or her** current benefit year that includes such week under the unemployment compensation law of the state in which he **or she** files a claim for extended compensation or the unemployment compensation law of any other state after a cancellation of some or all of his **or her** wage credits or the partial or total reduction of his **or her** right to regular compensation; or

(c) His **or her** benefit year having expired prior to such week, he **or she** has insufficient wages or employment, or both, on the basis of which he **or she** could establish in any state a new benefit year that would include such week, or having established a new benefit year that includes such week, he **or she** is precluded from receiving regular compensation by reason of a state law provision which meets the requirement of section 3304(a)(7) of the Internal Revenue Code of 1954; and

(d) a. Has no right to unemployment benefits or allowances, as the case may be, under the Railroad Unemployment Insurance Act, the Trade Expansion Act of 1962, the Automotive Products Trade Act of 1965 and such other federal laws as are specified in regulations issued by the United States Secretary of Labor; and

b. Has not received and is not seeking unemployment benefits under the unemployment compensation law of Canada; but if he **or she** is seeking such benefits and the appropriate agency finally determines that he **or she** is not entitled to benefits under such law he **or she** is considered an exhaustee.

(9) "State law" means the unemployment insurance law of any state, approved by the United States Secretary of Labor under section 3304 of the Internal Revenue Code of 1954.

2. Except when the result would be inconsistent with the other provisions of this section, as provided in the regulations of the director, the provisions of this law which apply to claims for, or the payment of, regular benefits shall apply to claims for, and the payment of, extended benefits.

3. An individual shall be eligible to receive extended benefits with respect to any week of unemployment in his **or her** eligibility period only if the deputy finds that with respect to such week:

(1) He **or she** is an "exhaustee" as defined in subdivision (8) of subsection 1 of this section;

(2) He **or she** has satisfied the requirements of this law for the receipt of regular benefits that are applicable to individuals claiming extended benefits, including not being subject to a disqualification for the receipt of benefits; except that, in the case of a claim for benefits filed in another state, which is acting as an agent state under the Interstate Benefits Payment Plan as provided by regulation, which claim is based on benefit credits accumulated in this state, eligibility for extended benefits shall be limited to the first two compensable weeks unless there is an extended benefit period in effect in both this state and the agent state in which the claim was filed;

(3) The other provisions of this law notwithstanding, as to new extended benefit claims filed after September 25, 1982, an individual shall be eligible to receive extended benefits with respect to any week of unemployment in his **or her** eligibility period only if the deputy finds that the total wages in the base period of his **or her** benefit year equal at least one and one-half times the wages paid during that quarter of his **or her** base period in which his **or her** wages were highest.

4. A claimant shall not be eligible for extended benefits following any disqualification imposed under subsection 1 or 2 of section 288.050, unless subsequent to the effective date of the disqualification, the claimant has been employed during at least four weeks and has earned wages equal to at least four times his **or her** weekly benefit amount.

5. For the purposes of determining eligibility for extended benefits, the term "suitable work" means any work which is within such individual's capabilities except that, if the individual furnishes satisfactory evidence that the prospects for obtaining work in his **or her** customary occupation within a reasonably short period are good, the determination of what constitutes "suitable work" shall be made in accordance with the provisions of subdivision (3) of subsection 1 of section 288.050. If a deputy finds that a person who is claiming extended benefits has refused to accept or to apply for suitable work, as defined in this subsection, or has failed to actively engage in seeking work subsequent to the effective date of his **or her** claim for extended benefits, that person shall be ineligible for extended benefits for the period beginning with the first day of the week in which such refusal or failure occurred. That ineligibility shall remain in effect until the person has been employed for at least four weeks after the week in which the refusal or failure occurred and has earned wages equal to at least four times his **or her** weekly benefit amount.

6. Extended benefits shall not be denied under subsection 5 of this section to any individual for any week by reason of a failure to accept an offer of or apply for suitable work if:

(1) The gross average weekly remuneration for such work does not exceed the individual's weekly benefit amount plus the amount of any supplemental unemployment benefits, as defined in section 501(c)(17)(d) of the Internal Revenue Code, payable to such individual for such week; or

(2) The position was not offered to such individual in writing or was not listed with the state employment service; or

(3) If the remuneration for the work offered is less than the minimum wage provided by section 6(a)(1) of the Fair Labor Standards Act of 1938, as amended, without regard to any exemption or any applicable state or local minimum wage, whichever is the greater.

7. For the purposes of this section, an individual shall be considered as actively engaged in seeking work during any week with respect to which the individual has engaged in a systematic and sustained effort to obtain work as indicated by tangible evidence which the individual provides to the division.

8. Extended benefits shall not be denied for failure to apply for or to accept suitable work if such failure would not result in a denial of benefits under subdivision (3) of subsection 1 of section 288.050 to the extent that the provisions of subdivision (3) of subsection 1 of section 288.050 are not inconsistent with the provisions of subsection 5 and subsection 6 of this section.

9. The division shall refer any claimant entitled to extended benefits under this law to any suitable work which meets the criteria established in subsections 5 and 6 of this section.

10. Notwithstanding other provisions of this chapter to the contrary, as to claims of extended benefits, subsections 4 to 9 of this section shall not apply to weeks of unemployment beginning after March 6, 1993, and before January 1, 1995. Entitlement to extended benefits for weeks beginning after March 6, 1993, and before January 1, 1995, shall be determined in accordance with provisions of this chapter not excluded by this subsection.

11. "Weekly extended benefit amount." The weekly extended benefit amount payable to an individual for a week of total unemployment in his **or her** eligibility period shall be an amount equal to the weekly benefit amount payable to him **or her** during his **or her** applicable benefit year, reduced by a percentage equal to the percentage of the

reduction in federal payments to states under section 204 of the Federal State Extended Unemployment Compensation Act of 1970, in accord with any order issued under any law of the United States. Such weekly benefit amount, if not a multiple of one dollar, shall be reduced to the nearest lower full dollar amount.

12. (1) "Total extended benefit amount." The total extended benefit amount payable to any eligible individual with respect to his **or her** applicable benefit year shall be the lesser of the following amounts:

(a) Fifty percent of the total amount of regular benefits which were payable to him **or her** under this law in his **or her** applicable benefit year;

(b) Thirteen times his **or her** weekly benefit amount which was payable to him **or her** under this law for a week of total unemployment in the applicable benefit year.

(2) Notwithstanding subdivision (1) of this subsection, during any fiscal year in which federal payments to states under section 204 of the Federal State Extended Unemployment Compensation Act of 1970 are reduced under any order issued under any law of the United States, the total extended benefit amount payable to an individual with respect to his **or her** applicable benefit year shall be reduced by an amount equal to the aggregate of the reductions under subsection 11 of this section in the weekly amounts paid to the individual.

(3) Notwithstanding the other provisions of this subsection, if the benefit year of any individual ends within an extended benefit period, the remaining balance of extended benefits that such individual would, but for this subdivision, be entitled to receive in that extended benefit period, with respect to weeks of unemployment beginning after the end of the benefit year, shall be reduced, but not below zero, by the product of the number of weeks for which the individual received trade readjustment allowances under the Trade Act of 1974, as amended, within that benefit year, multiplied by the individual's weekly benefit amount for extended benefits.

(4) (a) **Effective with respect to weeks beginning in a high unemployment period, subdivision (1) of this subsection shall be applied by substituting:**

a. Eighty percent for fifty percent in paragraph (a) of subdivision (1) of this subsection; and

b. Twenty times for thirteen times in paragraph (b) of subdivision (1) of this subsection.

(b) **For purposes of paragraph (a) of this subdivision, the term "high unemployment period" means any period during which an extended benefit period would be in effect if subparagraph a. of paragraph (c) of subdivision (2) of subsection 1 of this section were applied by substituting eight percent for six and one-half percent.**

13. (1) Whenever an extended benefit period is to become effective in this state as a result of a state "on" indicator, or an extended benefit period is to be terminated in this state as a result of a state "off" indicator, the director shall make an appropriate public announcement.

(2) Computations required by the provisions of subdivision (4) of subsection 1 of this section, shall be made by the director, in accordance with regulations prescribed by the United States Secretary of Labor."; and

Further amend said title, enacting clause and intersectional references accordingly.

Senate Amendment No. 2

AMEND Senate Committee Substitute for House Bill No. 269, Page 6, Section 301.190, Line 190, by inserting immediately after said line the following:

"301.560. 1. In addition to the application forms prescribed by the department, each applicant shall submit the following to the department:

- (1) Every application other than a renewal application for a motor vehicle franchise dealer shall include a certification that the applicant has a bona fide established place of business. Such application shall include an annual certification that the applicant has a bona fide established place of business for the first three years and only for every other year thereafter. The certification shall be performed by a uniformed member of the Missouri state highway patrol or authorized or designated employee stationed in the troop area in which the applicant's place of business is located; except that in counties of the first classification, certification may be performed by an officer of a metropolitan police department when the applicant's established place of business of distributing or selling motor vehicles or trailers is in the metropolitan area where the certifying metropolitan police officer is employed. When the application is being made for licensure as a boat manufacturer or boat dealer, certification shall be performed by a uniformed member of the Missouri state water patrol stationed in the district area in which the applicant's place of business is located or by a uniformed member of the Missouri state highway patrol stationed in the troop area in which the applicant's place of business is located or, if the applicant's place of business is located within the jurisdiction of a metropolitan police department in a first class county, by an officer of such metropolitan police department. A bona fide established place of business for any new motor vehicle franchise dealer, used motor vehicle dealer, boat dealer, powersport dealer,

wholesale motor vehicle dealer, trailer dealer, or wholesale or public auction shall be a permanent enclosed building or structure, either owned in fee or leased and actually occupied as a place of business by the applicant for the selling, bartering, trading, servicing, or exchanging of motor vehicles, boats, personal watercraft, or trailers and wherein the public may contact the owner or operator at any reasonable time, and wherein shall be kept and maintained the books, records, files and other matters required and necessary to conduct the business. The applicant's place of business shall contain a working telephone which shall be maintained during the entire registration year. In order to qualify as a bona fide established place of business for all applicants licensed pursuant to this section there shall be an exterior sign displayed carrying the name of the business set forth in letters at least six inches in height and clearly visible to the public and there shall be an area or lot which shall not be a public street on which multiple vehicles, boats, personal watercraft, or trailers may be displayed. The sign shall contain the name of the dealership by which it is known to the public through advertising or otherwise, which need not be identical to the name appearing on the dealership's license so long as such name is registered as a fictitious name with the secretary of state, has been approved by its line-make manufacturer in writing in the case of a new motor vehicle franchise dealer and a copy of such fictitious name registration has been provided to the department. Dealers who sell only emergency vehicles as defined in section 301.550 are exempt from maintaining a bona fide place of business, including the related law enforcement certification requirements, and from meeting the minimum yearly sales;

(2) The initial application for licensure shall include a photograph, not to exceed eight inches by ten inches but no less than five inches by seven inches, showing the business building, lot, and sign. A new motor vehicle franchise dealer applicant who has purchased a currently licensed new motor vehicle franchised dealership shall be allowed to submit a photograph of the existing dealership building, lot and sign but shall be required to submit a new photograph upon the installation of the new dealership sign as required by sections 301.550 to 301.573. Applicants shall not be required to submit a photograph annually unless the business has moved from its previously licensed location, or unless the name of the business or address has changed, or unless the class of business has changed;

(3) Every applicant as a new motor vehicle franchise dealer, a used motor vehicle dealer, a powersport dealer, a wholesale motor vehicle dealer, trailer dealer, or boat dealer shall furnish with the application a corporate surety bond or an irrevocable letter of credit as defined in section 400.5-103, RSMo, issued by any state or federal financial institution in the penal sum of twenty-five thousand dollars on a form approved by the department. The bond or irrevocable letter of credit shall be conditioned upon the dealer complying with the provisions of the statutes applicable to new motor vehicle franchise dealers, used motor vehicle dealers, powersport dealers, wholesale motor vehicle dealers, trailer dealers, and boat dealers, and the bond shall be an indemnity for any loss sustained by reason of the acts of the person bonded when such acts constitute grounds for the suspension or revocation of the dealer's license. The bond shall be executed in the name of the state of Missouri for the benefit of all aggrieved parties or the irrevocable letter of credit shall name the state of Missouri as the beneficiary; except, that the aggregate liability of the surety or financial institution to the aggrieved parties shall, in no event, exceed the amount of the bond or irrevocable letter of credit. The proceeds of the bond or irrevocable letter of credit shall be paid upon receipt by the department of a final judgment from a Missouri court of competent jurisdiction against the principal and in favor of an aggrieved party. Additionally, every applicant as a new motor vehicle franchise dealer, a used motor vehicle dealer, a powersport dealer, a wholesale motor vehicle dealer, trailer dealer, or boat dealer shall furnish with the application a copy of a current dealer garage policy bearing the policy number and name of the insurer and the insured;

(4) Payment of all necessary license fees as established by the department. In establishing the amount of the annual license fees, the department shall, as near as possible, produce sufficient total income to offset operational expenses of the department relating to the administration of sections 301.550 to 301.573. All fees payable pursuant to the provisions of sections 301.550 to 301.573, other than those fees collected for the issuance of dealer plates or certificates of number collected pursuant to subsection 6 of this section, shall be collected by the department for deposit in the state treasury to the credit of the "Motor Vehicle Commission Fund", which is hereby created. The motor vehicle commission fund shall be administered by the Missouri department of revenue. The provisions of section 33.080, RSMo, to the contrary notwithstanding, money in such fund shall not be transferred and placed to the credit of the general revenue fund until the amount in the motor vehicle commission fund at the end of the biennium exceeds two times the amount of the appropriation from such fund for the preceding fiscal year or, if the department requires permit renewal less frequently than yearly, then three times the appropriation from such fund for the preceding fiscal year. The amount, if any, in the fund which shall lapse is that amount in the fund which exceeds the multiple of the appropriation from such fund for the preceding fiscal year.

2. In the event a new vehicle manufacturer, boat manufacturer, motor vehicle dealer, wholesale motor vehicle dealer, boat dealer, powersport dealer, wholesale motor vehicle auction, trailer dealer, or a public motor vehicle auction submits an application for a license for a new business and the applicant has complied with all the provisions of this

section, the department shall make a decision to grant or deny the license to the applicant within eight working hours after receipt of the dealer's application, notwithstanding any rule of the department.

3. Upon the initial issuance of a license by the department, the department shall assign a distinctive dealer license number or certificate of number to the applicant and the department shall issue one number plate or certificate bearing the distinctive dealer license number or certificate of number and two additional number plates or certificates of number within eight working hours after presentment of the application. Upon renewal, the department shall issue the distinctive dealer license number or certificate of number as quickly as possible. The issuance of such distinctive dealer license number or certificate of number shall be in lieu of registering each motor vehicle, trailer, vessel or vessel trailer dealt with by a boat dealer, boat manufacturer, manufacturer, public motor vehicle auction, wholesale motor vehicle dealer, wholesale motor vehicle auction or new or used motor vehicle dealer.

4. Notwithstanding any other provision of the law to the contrary, the department shall assign the following distinctive dealer license numbers to:

New motor vehicle franchise dealers D-0 through D-999

New powersport dealers and motorcycle franchise dealers D-1000 through D-1999

Used motor vehicle, used powersport, and used motorcycle dealers D-2000 through D-9999

Wholesale motor vehicle dealers W-0 through W-1999

Wholesale motor vehicle auctions WA-0 through WA-999

New and used trailer dealers T-0 through T-9999

Motor vehicle, trailer, and boat manufacturers DM-0 through DM-999

Public motor vehicle auctions A-0 through A-1999

Boat dealers M-0 through M-9999

New and used recreational motor vehicle dealers RV-0 through RV-999

For purposes of this subsection, qualified transactions shall include the purchase of salvage titled vehicles by a licensed salvage dealer. A used motor vehicle dealer who also holds a salvage dealer's license shall be allowed one additional plate or certificate number per fifty-unit qualified transactions annually. In order for salvage dealers to obtain number plates or certificates under this section, dealers shall submit to the department of revenue on August first of each year a statement certifying, under penalty of perjury, the dealer's number of purchases during the reporting period of July first of the immediately preceding year to June thirtieth of the present year.

The provisions of this subsection shall become effective on the date the director of the department of revenue begins to reissue new license plates under section 301.130, or on December 1, 2008, whichever occurs first. If the director of revenue begins reissuing new license plates under the authority granted under section 301.130 prior to December 1, 2008, the director of the department of revenue shall notify the revisor of statutes of such fact.

5. Upon the sale of a currently licensed new motor vehicle franchise dealership the department shall, upon request, authorize the new approved dealer applicant to retain the selling dealer's license number and shall cause the new dealer's records to indicate such transfer.

6. In the case of new motor vehicle manufacturers, motor vehicle dealers, powersport dealers, recreational motor vehicle dealers, and trailer dealers, the department shall issue one number plate bearing the distinctive dealer license number and may issue two additional number plates to the applicant upon payment by the manufacturer or dealer of a fifty dollar fee for the number plate bearing the distinctive dealer license number and ten dollars and fifty cents for each additional number plate. Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. Boat dealers and boat manufacturers shall be entitled to one certificate of number bearing such number upon the payment of a fifty dollar fee. Additional number plates and as many additional certificates of number may be obtained upon payment of a fee of ten dollars and fifty cents for each additional plate or certificate. New motor vehicle manufacturers

shall not be issued or possess more than three hundred forty-seven additional number plates or certificates of number annually. New and used motor vehicle dealers, powersport dealers, wholesale motor vehicle dealers, boat dealers, and trailer dealers are limited to one additional plate or certificate of number per ten-unit qualified transactions annually, **except that this limitation shall not apply to any wholesale motor vehicle dealer that is operated in conjunction with a wholesale motor vehicle auction by the same owner.** New and used recreational motor vehicle dealers are limited to two additional plates or certificate of number per ten-unit qualified transactions annually for their first fifty transactions and one additional plate or certificate of number per ten-unit qualified transactions thereafter. An applicant seeking the issuance of an initial license shall indicate on his or her initial application the applicant's proposed annual number of sales in order for the director to issue the appropriate number of additional plates or certificates of number. A motor vehicle dealer, trailer dealer, boat dealer, powersport dealer, recreational motor vehicle dealer, motor vehicle manufacturer, boat manufacturer, or wholesale motor vehicle dealer obtaining a distinctive dealer license plate or certificate of number or additional license plate or additional certificate of number, throughout the calendar year, shall be required to pay a fee for such license plates or certificates of number computed on the basis of one-twelfth of the full fee prescribed for the original and duplicate number plates or certificates of number for such dealers' licenses, multiplied by the number of months remaining in the licensing period for which the dealer or manufacturers shall be required to be licensed. In the event of a renewing dealer, the fee due at the time of renewal shall not be prorated. Wholesale and public auctions shall be issued a certificate of dealer registration in lieu of a dealer number plate. In order for dealers to obtain number plates or certificates under this section, dealers shall submit to the department of revenue on August first of each year a statement certifying, under penalty of perjury, the dealer's number of sales during the reporting period of July first of the immediately preceding year to June thirtieth of the present year.

7. The plates issued pursuant to subsection 3 or 6 of this section may be displayed on any motor vehicle owned by a new motor vehicle manufacturer. The plates issued pursuant to subsection 3 or 6 of this section may be displayed on any motor vehicle or trailer owned and held for resale by a motor vehicle dealer for use by a customer who is test driving the motor vehicle, for use and display purposes during, but not limited to, parades, private events, charitable events, or for use by an employee or officer, but shall not be displayed on any motor vehicle or trailer hired or loaned to others or upon any regularly used service or wrecker vehicle. Motor vehicle dealers may display their dealer plates on a tractor, truck or trailer to demonstrate a vehicle under a loaded condition. Trailer dealers may display their dealer license plates in like manner, except such plates may only be displayed on trailers owned and held for resale by the trailer dealer.

8. The certificates of number issued pursuant to subsection 3 or 6 of this section may be displayed on any vessel or vessel trailer owned and held for resale by a boat manufacturer or a boat dealer, and used by a customer who is test driving the vessel or vessel trailer, or is used by an employee or officer on a vessel or vessel trailer only, but shall not be displayed on any motor vehicle owned by a boat manufacturer, boat dealer, or trailer dealer, or vessel or vessel trailer hired or loaned to others or upon any regularly used service vessel or vessel trailer. Boat dealers and boat manufacturers may display their certificate of number on a vessel or vessel trailer when transporting a vessel or vessels to an exhibit or show.

9. (1) Every application for the issuance of a used motor vehicle dealer's license shall be accompanied by proof that the applicant, within the last twelve months, has completed an educational seminar course approved by the department as prescribed by subdivision (2) of this subsection. Wholesale and public auto auctions and applicants currently holding a new or used license for a separate dealership shall be exempt from the requirements of this subsection. The provisions of this subsection shall not apply to current new motor vehicle franchise dealers or motor vehicle leasing agencies or applicants for a new motor vehicle franchise or a motor vehicle leasing agency. The provisions of this subsection shall not apply to used motor vehicle dealers who were licensed prior to August 28, 2006.

(2) The educational seminar shall include, but is not limited to, the dealer requirements of sections 301.550 to 301.573, the rules promulgated to implement, enforce, and administer sections 301.550 to 301.570, and any other rules and regulations promulgated by the department."; and

Further amend the title and enacting clause accordingly.

In which the concurrence of the House is respectfully requested.

JOURNAL OF THE HOUSE

First Regular Session, 95th GENERAL ASSEMBLY

FIFTY-NINTH DAY, WEDNESDAY, APRIL 22, 2009

The House met pursuant to adjournment.

Speaker Richard in the Chair.

Prayer by Reverend James Earl Jackson.

O Holy Lord God, I praise and thank You for how You call persons into relationship with You and then into vocations to serve Your purposes in the world. In Your love and kindness You look on every person and see a special purpose and calling.

We are grateful to be called to represent the citizens of this state in a manner that allows their hopes, dreams, concerns, and desires to be considered and expressed when bills are introduced and discussed. Help us to concentrate and remain focused on the tasks at hand, rejecting the distractions that contend for our time. Grant us moments of relief and rest when flooded by the cares and responsibilities this day will most certainly bring.

Now, Lord God, fulfill Your purpose in us; Your loving-kindness endures forever – do not abandon the work of Your hand. (*Psalms 138:8*)

These things I pray in the name of Your Son. Amen.

(*Excerpts from 77 Days of Prayer*)

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Alex Basi, Julianna Basi, Nicholas Basi, Mackenzie Smith, Dayne Hansen and Landon Summerville.

The Journal of the fifty-eighth day was approved as printed.

AMEND House Bill No. 644, Page 1, Section Title, Line 3, by striking "salvage" and inserting in lieu thereof the following: "registration and licensing of motor"; and

Further amend said bill and page, Section A, Line 3, by inserting immediately after said line the following:

"301.190. 1. No certificate of registration of any motor vehicle or trailer, or number plate therefor, shall be issued by the director of revenue unless the applicant therefor shall make application for and be granted a certificate of ownership of such motor vehicle or trailer, or shall present satisfactory evidence that such certificate has been previously issued to the applicant for such motor vehicle or trailer. Application shall be made within thirty days after the applicant acquires the motor vehicle or trailer upon a blank form furnished by the director of revenue and shall contain the applicant's identification number, a full description of the motor vehicle or trailer, the vehicle identification number, and the mileage registered on the odometer at the time of transfer of ownership, as required by section 407.536, RSMo,

together with a statement of the applicant's source of title and of any liens or encumbrances on the motor vehicle or trailer, provided that for good cause shown the director of revenue may extend the period of time for making such application. **When an owner wants to add or delete a name or names on an application for certificate of ownership of a motor vehicle or trailer that would cause it to be inconsistent with the name or names listed on the notice of lien, the owner shall provide the director with documentation evidencing the lienholder's authorization to add or delete a name or names on an application for certificate of ownership.**

2. The director of revenue shall use reasonable diligence in ascertaining whether the facts stated in such application are true and shall, to the extent possible without substantially delaying processing of the application, review any odometer information pertaining to such motor vehicle that is accessible to the director of revenue. If satisfied that the applicant is the lawful owner of such motor vehicle or trailer, or otherwise entitled to have the same registered in his name, the director shall thereupon issue an appropriate certificate over his signature and sealed with the seal of his office, procured and used for such purpose. The certificate shall contain on its face a complete description, vehicle identification number, and other evidence of identification of the motor vehicle or trailer, as the director of revenue may deem necessary, together with the odometer information required to be put on the face of the certificate pursuant to section 407.536, RSMo, a statement of any liens or encumbrances which the application may show to be thereon, and, if ownership of the vehicle has been transferred, the name of the state issuing the transferor's title and whether the transferor's odometer mileage statement executed pursuant to section 407.536, RSMo, indicated that the true mileage is materially different from the number of miles shown on the odometer, or is unknown.

3. The director of revenue shall appropriately designate on the current and all subsequent issues of the certificate the words "Reconstructed Motor Vehicle", "Motor Change Vehicle", "Specially Constructed Motor Vehicle", or "Non-USA-Std Motor Vehicle", as defined in section 301.010. Effective July 1, 1990, on all original and all subsequent issues of the certificate for motor vehicles as referenced in subsections 2 and 3 of section 301.020, the director shall print on the face thereof the following designation: "Annual odometer updates may be available from the department of revenue.". On any duplicate certificate, the director of revenue shall reprint on the face thereof the most recent of either:

(1) The mileage information included on the face of the immediately prior certificate and the date of purchase or issuance of the immediately prior certificate; or

(2) Any other mileage information provided to the director of revenue, and the date the director obtained or recorded that information.

4. The certificate of ownership issued by the director of revenue shall be manufactured in a manner to prohibit as nearly as possible the ability to alter, counterfeit, duplicate, or forge such certificate without ready detection. In order to carry out the requirements of this subsection, the director of revenue may contract with a nonprofit scientific or educational institution specializing in the analysis of secure documents to determine the most effective methods of rendering Missouri certificates of ownership nonalterable or noncounterfeitable.

5. The fee for each original certificate so issued shall be eight dollars and fifty cents, in addition to the fee for registration of such motor vehicle or trailer. If application for the certificate is not made within thirty days after the vehicle is acquired by the applicant, a delinquency penalty fee of twenty-five dollars for the first thirty days of delinquency and twenty-five dollars for each thirty days of delinquency thereafter, not to exceed a total of two hundred dollars, but such penalty may be waived by the director for a good cause shown. If the director of revenue learns that any person has failed to obtain a certificate within thirty days after acquiring a motor vehicle or trailer or has sold a vehicle without obtaining a certificate, he shall cancel the registration of all vehicles registered in the name of the person, either as sole owner or as a co-owner, and shall notify the person that the cancellation will remain in force until the person pays the delinquency penalty fee provided in this section, together with all fees, charges and payments which the person should have paid in connection with the certificate of ownership and registration of the vehicle. The certificate shall be good for the life of the motor vehicle or trailer so long as the same is owned or held by the original holder of the certificate and shall not have to be renewed annually.

6. Any applicant for a certificate of ownership requesting the department of revenue to process an application for a certificate of ownership in an expeditious manner requiring special handling shall pay a fee of five dollars in addition to the regular certificate of ownership fee.

7. It is unlawful for any person to operate in this state a motor vehicle or trailer required to be registered under the provisions of the law unless a certificate of ownership has been applied for as provided in this section.

8. Before an original Missouri certificate of ownership is issued, an inspection of the vehicle and a verification of vehicle identification numbers shall be made by the Missouri state highway patrol on vehicles for which there is a current title issued by another state if a Missouri salvage certificate of title has been issued for the same vehicle but no prior inspection and verification has been made in this state, except that if such vehicle has been inspected in another state by a law enforcement officer in a manner comparable to the inspection process in this state and the vehicle

identification numbers have been so verified, the applicant shall not be liable for the twenty-five dollar inspection fee if such applicant submits proof of inspection and vehicle identification number verification to the director of revenue at the time of the application. The applicant, who has such a title for a vehicle on which no prior inspection and verification have been made, shall pay a fee of twenty-five dollars for such verification and inspection, payable to the director of revenue at the time of the request for the application, which shall be deposited in the state treasury to the credit of the state highways and transportation department fund.

9. Each application for an original Missouri certificate of ownership for a vehicle which is classified as a reconstructed motor vehicle, specially constructed motor vehicle, kit vehicle, motor change vehicle, non-USA-std motor vehicle, or other vehicle as required by the director of revenue shall be accompanied by a vehicle examination certificate issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The vehicle examination shall include a verification of vehicle identification numbers and a determination of the classification of the vehicle. The owner of a vehicle which requires a vehicle examination certificate shall present the vehicle for examination and obtain a completed vehicle examination certificate prior to submitting an application for a certificate of ownership to the director of revenue. The fee for the vehicle examination application shall be twenty-five dollars and shall be collected by the director of revenue at the time of the request for the application and shall be deposited in the state treasury to the credit of the state highways and transportation department fund. If the vehicle is also to be registered in Missouri, the safety inspection required in chapter 307, RSMo, and the emissions inspection required under chapter 643, RSMo, shall be completed and the fees required by section 307.365, RSMo, and section 643.315, RSMo, shall be charged to the owner.

10. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri or as required by section 301.020, it shall be accompanied by a current inspection form certified by a duly authorized official inspection station as described in chapter 307, RSMo. The completed form shall certify that the manufacturer's identification number for the vehicle has been inspected, that it is correctly displayed on the vehicle and shall certify the reading shown on the odometer at the time of inspection. The inspection station shall collect the same fee as authorized in section 307.365, RSMo, for making the inspection, and the fee shall be deposited in the same manner as provided in section 307.365, RSMo. If the vehicle is also to be registered in Missouri, the safety inspection required in chapter 307, RSMo, and the emissions inspection required under chapter 643, RSMo, shall be completed and only the fees required by section 307.365, RSMo, and section 643.315, RSMo, shall be charged to the owner. This section shall not apply to vehicles being transferred on a manufacturer's statement of origin.

11. Motor vehicles brought into this state in a wrecked or damaged condition or after being towed as an abandoned vehicle pursuant to another state's abandoned motor vehicle procedures shall, in lieu of the inspection required by subsection 10 of this section, be inspected by the Missouri state highway patrol in accordance with subsection 9 of this section. If the inspection reveals the vehicle to be in a salvage or junk condition, the director shall so indicate on any Missouri certificate of ownership issued for such vehicle. Any salvage designation shall be carried forward on all subsequently issued certificates of title for the motor vehicle.

12. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as a reconstructed motor vehicle, motor change vehicle, specially constructed motor vehicle, or prior salvage vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the name of the issuing state and such prior designation. The absence of any prior designation shall not relieve a transferor of the duty to exercise due diligence with regard to such certificate of ownership prior to the transfer of a certificate. If a transferor exercises any due diligence with regard to a certificate of ownership, the legal transfer of a certificate of ownership without any designation that is subsequently discovered to have or should have had a designation shall be a transfer free and clear of any liabilities of the transferor associated with the missing designation.

13. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as non-USA-std motor vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the words "Non-USA-Std Motor Vehicle".

14. The director of revenue and the superintendent of the Missouri state highway patrol shall make and enforce rules for the administration of the inspections required by this section. 15. Each application for an original Missouri certificate of ownership for a vehicle which is classified as a reconstructed motor vehicle, manufactured forty or more years prior to the current model year, and which has a value of three thousand dollars or less shall be accompanied by:

(1) A proper affidavit submitted by the owner explaining how the motor vehicle or trailer was acquired and, if applicable, the reasons a valid certificate of ownership cannot be furnished;

(2) Photocopies of receipts, bills of sale establishing ownership, or titles, and the source of all major component parts used to rebuild the vehicle;

(3) A fee of one hundred fifty dollars in addition to the fees described in subsection 5 of this section. Such fee shall be deposited in the state treasury to the credit of the state highways and transportation department fund; and

(4) An inspection certificate, other than a motor vehicle examination certificate required under subsection 9 of this section, completed and issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The inspection performed by the highway patrol or other authorized local law enforcement agency shall include a check for stolen vehicles. The department of revenue shall issue the owner a certificate of ownership designated with the words "Reconstructed Motor Vehicle" and deliver such certificate of ownership in accordance with the provisions of this chapter. Notwithstanding subsection 9 of this section, no owner of a reconstructed motor vehicle described in this subsection shall be required to obtain a vehicle examination certificate issued by the Missouri state highway patrol."; and

Further amend said bill, Page 2, Section 301.218, Line 38, by inserting immediately after said line the following:

"306.410. 1. If an owner creates a lien or encumbrance on an outboard motor, motorboat, vessel, or watercraft:

(1) The owner shall immediately execute the application, either in the space provided therefor on the certificate of title or on a separate form the director of revenue prescribes, to name the lienholder on the certificate of title, showing the name and address of the lienholder and the date of his or her security agreement, and shall cause the certificate of title, the application and the required fee to be mailed or delivered to the director of revenue. Failure of the owner to do so is a class A misdemeanor;

(2) The lienholder or an authorized agent licensed pursuant to sections 301.112 to 301.119, RSMo, shall deliver to the director of revenue a notice of lien as prescribed by the director accompanied by all other necessary documentation to perfect a lien pursuant to section 306.400;

(3) To perfect a lien for a subordinate lienholder when a transfer of ownership occurs, the subordinate lienholder shall either mail or deliver, or cause to be mailed or delivered, a completed notice of lien to the department of revenue, accompanied by authorization from the first lienholder. The owner shall ensure the subordinate lienholder is recorded on the application for title at the time the application is made to the department of revenue. To perfect a lien for a subordinate lienholder when there is no transfer of ownership, the owner or lienholder in possession of the certificate shall either mail or deliver, or cause to be mailed or delivered, the owner's application for title, certificate, notice of lien, authorization from the first lienholder and title fee to the department of revenue. The delivery of the certificate and executing a notice of authorization to add a subordinate lien does not affect the rights of the first lienholder under the security agreement;

(4) Upon receipt of the documents and fee required in subdivision (3) of this section, the director of revenue shall issue a new certificate of title containing the name and address of the new lienholder, and mail the certificate of title to the owner named in it or if a lienholder has elected to have the director of revenue retain possession of an electronic certificate of title, the lienholder shall either mail or deliver to the director a notice of authorization for the director to add a subordinate lienholder to the existing certificate as prescribed in section 306.405. Upon receipt of such authorization and a notice of lien from a subordinate lienholder, the director shall add the subordinate lienholder to the certificate of title being electronically retained by the director and provide confirmation of the addition to both lienholders.

2. When an owner wants to add or delete a name or names on an application for certificates of title of an outboard motor, motorboat, vessel, or watercraft that would cause it to be inconsistent with the name or names listed on the notice of lien, the owner shall provide the director with documentation evidencing the lienholder's authorization to add or delete a name or names on an application for certificate of title.

430.082. 1. Every person expending labor, services, skill or material upon any motor vehicle or trailer, as defined in chapter 301, RSMo, vessel, as defined in chapter 306, RSMo, outboard motor or aircraft at a written request of its owner, authorized agent of the owner, or person in lawful possession thereof, or who provides storage for a motor vehicle, trailer, outboard motor or vessel, at the written request of its owner, authorized agent of the owner, or person in lawful possession thereof, or at the written request of a peace officer in lieu of the owner or owner's agent, where such owner or agent is not available to request storage thereof, shall, where the maximum amount to be charged for labor, services, skill or material has been stated as part of the written request or the daily charge for storage has been stated as part of the written request, have a lien upon the chattel beginning upon the date of commencement of the expenditure of labor, services, skill, materials or storage for the actual value of all the expenditure of labor, services, skill, materials

or storage until the possession of that chattel is voluntarily relinquished to the owner, authorized agent, or one entitled to possession thereof. The person furnishing labor, services, skill or material may retain the lien after surrendering possession of the aircraft or part or equipment thereof by filing a statement in the office of the county recorder of the county where the owner of the aircraft or part or equipment thereof resides, if known to the claimant, and in the office of the county recorder of the county where the claimant performed the services. Such statement shall be filed within thirty days after surrendering possession of the aircraft or part or equipment thereof and shall state the claimant's name and address, the items on account, the name of the owner and a description of the property, and shall not bind a bona fide purchaser unless the lien has also been filed with the Federal Aviation Administration Aircraft Registry.

2. If the chattel is not redeemed within [three months] **forty-five days** of the completion of the requested labor, services, skill or material, the lienholder may apply to the director of revenue for a certificate of ownership or certificate of title.

3. If the charges are for storage or the service of towing the motor vehicle, trailer, outboard motor or vessel, and the chattel has not been redeemed [three months] **within forty-five days** after the charges for storage commenced, the lienholder shall notify by certified mail, postage prepaid, the owner and any lienholders of record other than the person making the notification, at the person's last known address that application for a lien title will be made unless the owner or lienholder within [forty-five] **thirty** days makes satisfactory arrangements with the person holding the chattel for payment of storage or service towing charges, if any, or makes satisfactory arrangements with the lienholder for paying such charges or for continued storage of the chattel if desired. [Forty-five] **Thirty** days after the notification has been mailed and the chattel is unredeemed, **or the notice has been returned marked "not forwardable" or "addressee unknown"**, and no satisfactory arrangement has been made with the lienholder for payment or continued storage, the lienholder may apply to the director of revenue for a certificate of ownership or certificate of title as provided in this section.

4. The application shall be accompanied by:

(1) The original or a conformed or photostatic copy of the written request of the owner or the owner's agent or of a peace officer with the maximum amount to be charged stated therein;

(2) An affidavit [of the] **from the** lienholder that **written notice was provided to all owners and lienholders of the applicants' intent to apply for a certificate of ownership and** the owner has defaulted on payment of labor, services, skill or material and that payment is [three months] **forty-five days** past due, or that owner has defaulted on payment or has failed to make satisfactory arrangements for continued storage of the chattel for [forty-five] **thirty** days since notification of intent to make application for a certificate of ownership or certificate of title. **The affidavit shall be accompanied by a copy of the thirty-day notice given by certified mail to any owner and person holding a valid security interest and a copy of the certified mail receipt indicating that the owner and lienholder of record was sent a notice as required in this section;**

(3) A statement of the actual value of the expenditure of labor, services, skill or material, or the amount of storage due on the date of application for a certificate of ownership or certificate of title, and the amount which is unpaid; and

(4) A fee of ten dollars.

5. If the director is satisfied with the genuineness of the application, **proof of lienholder notification in the form of a certified mail receipt**, and supporting documents, [the director shall notify by certified mail, postage prepaid, the owner and any lienholders of record, other than the applicant, at their last known address that application has been made for a lien title on the chattel.

6. Thirty days after notification of the owner and lienholders,] **and** if no lienholder or the owner has redeemed the chattel or no satisfactory arrangement has been made concerning payment or continuation of storage [and the application has not been withdrawn], and if no owner or lienholder has informed the director that the owner or lienholder demands a hearing [and enforcement of the lien] as provided in [section 430.160] **this section**, the director shall issue, in the same manner as a repossessed title is issued, a certificate of ownership or certificate of title to the applicant which shall clearly be captioned "Lien Title".

[7.] **6.** Upon receipt of a lien title, the holder shall within ten days begin proceedings to sell the chattel as prescribed in section 430.100.

[8.] **7.** The provisions of section 430.110 shall apply to the disposition of proceeds, and the lienholder shall also be entitled to any actual and necessary expenses incurred in obtaining the lien title, including, but not limited to, court costs and reasonable attorney's fees.

700.320. 1. The owner of any new or used manufactured home, as defined in section 700.010, shall make application to the director of revenue for an official certificate of title to such manufactured home in the manner prescribed by law for the acquisition of certificates of title to motor vehicles, and the rules promulgated pursuant thereto.

All fees required by section 301.190, RSMo, for the titling of motor vehicles and all penalties provided by law for the failure to title motor vehicles shall apply to persons required to make application for an official certificate of title by this subsection. In case there is any duplication in serial numbers assigned any manufactured homes, or no serial number has been assigned by the manufacturer, the director shall assign the serial numbers for the manufactured homes involved.

2. At the time the owner of any new manufactured home, as defined in section 700.010, which was acquired in a transaction subject to sales tax under the Missouri sales tax law makes application to the director of revenue for an official certificate of title for such manufactured home, he shall present to the director of revenue evidence satisfactory to the director of revenue showing the purchase price exclusive of any charge incident to the extension of credit paid by or charged to the applicant in the acquisition of the manufactured home, or that no sales tax was incurred in its acquisition, and if sales tax was incurred in its acquisition, the applicant shall pay or cause to be paid to the director of revenue the sales tax provided by the Missouri sales tax law in addition to the registration fees now or hereafter required according to law, and the director of revenue shall not issue a certificate of title for any new manufactured home subject to sales tax as provided in the Missouri sales tax law until the tax levied for the sale of the same under sections 144.010 to 144.510, RSMo, has been paid as provided in this section. As used in this subsection, the term "purchase price" shall mean the total amount of the contract price agreed upon between the seller and the applicant in the acquisition of the new manufactured home regardless of the medium of payment therefor. In the event that the purchase price is unknown or undisclosed, or that the evidence thereof is not satisfactory to the director of revenue, the same shall be fixed by appraisal by the director. The director of the department of revenue shall endorse upon the official certificate of title issued by him upon such application an entry showing that such sales tax has been paid or that the manufactured home represented by the certificate is exempt from sales tax and state the ground for such exemption.

3. A certificate of title for a manufactured home issued in the names of two or more persons that does not show on the face of the certificate that the persons hold their interest in the manufactured home as tenants in common, on death of one of the named persons, may be transferred to the surviving owner or owners. On proof of death of one of the persons in whose names the certificate was issued, surrender of the outstanding certificate of title, and on application and payment of the fee for an original certificate of title, the director of revenue shall issue a new certificate of title for the manufactured home to the surviving owner or owners; and the current valid certificate of number shall be so transferred.

4. A certificate of title for a manufactured home issued in the names of two or more persons that shows on its face that the persons hold their interest in the manufactured home as tenants in common, on death of one of the named persons, may be transferred by the director of revenue on application by the surviving owners and the personal representative or successors of the deceased owner. Upon being presented proof of death of one of the persons in whose names the certificate of title was issued, surrender of the outstanding certificate of title, and on application and payment of the fee for an original certificate of title, the director of revenue shall issue a new certificate of title for the manufactured home to the surviving owners and personal representative or successors of the deceased owner; and the current valid certificate of number shall be so transferred.

5. When an owner wants to add or delete a name or names on an application for certificate of title to a manufactured home that would cause it to be inconsistent with the name or names listed on the notice of lien, the owner shall provide the director with documentation evidencing the lienholder's authorization to add or delete a name or names on an application for certificate of title."; and

JOURNAL OF THE HOUSE

First Regular Session, 95th GENERAL ASSEMBLY

SIXTY-SECOND DAY, MONDAY, APRIL 27, 2009

The House met pursuant to adjournment.

Speaker Richard in the Chair.

Prayer by Reverend James Earl Jackson.

Holy Lord God, You are strong, mighty and powerful, and You move among us so that we cannot miss Your presence and activity in the world. You know all things, and all things are revealed by You and before You, and we thank You for that truth today.

Guide and direct us, this week, into what You know and have seen concerning the final weeks of this session. Help us to seriously consider the consequence of every decision made in this House and its long term effect on our state and its citizens.

May we continue to make a difference and have a positive influence, for good, in our state.

And now may You, Lord, Who is good, show kindness and truth to each of these, Your servants, who endeavor to do what is good, for the benefit of all.

I ask these things in the name of Your Son. Amen.

The Pledge of Allegiance to the flag was recited.

The Journal of the sixtieth day was approved as printed.

The Journal of the sixty-first day was approved as printed.

There shall be no limit on the number of license plates any person qualified pursuant to this section may obtain so long as each set of license plates issued pursuant to this section is issued for vehicles owned solely or jointly by such person. License plates issued pursuant to the provisions of this section shall not be transferable to any other person except that any registered co-owner of the motor vehicle shall be entitled to operate the motor vehicle with such plates for the duration of the year licensed in the event of the death of the qualified person."; and

JOURNAL OF THE HOUSE

First Regular Session, 95th GENERAL ASSEMBLY

SIXTY-THIRD DAY, TUESDAY, APRIL 28, 2009

The House met pursuant to adjournment.

Speaker Richard in the Chair.

Prayer by Msgr. Donald W. Lammers.

On a day after rainfall, let us pray, using the poetry of the Hebrew Scriptures.

Thus says the Lord:
For just as from the heavens
The rain and snow come down
And do not return there
Till they have watered the earth,
Making it fertile and fruitful,
Giving seed to him who sows
And bread to him who eats.

So shall my word be
That goes forth from my mouth;
It shall not return to me void,
But shall do my will,
Achieving the end for which I sent it.
(Isaiah 55:10-11)

Almighty God, may our words and actions today be in harmony with Your word, so that our work may achieve the end for which we were sent here.

We pray to You our God forever and ever. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Devin Kennedy, Evan McFarland, Alyssa Reyes, Erykah White, Jackie Evans, Lawrence Fang, Kirsten Hoy, Andrew Reese, Christian Pollock, Tim Hefley, Taylor Webb, Samantha Webb, Samantha Meyer and Rachel Oswald.

The Journal of the sixty-second day was approved as printed.

2. As used in this section, the following terms shall mean:

(1) "Characteristics of commercial impact", characteristics determined by the rice advisory council under subsection 7 of this section that may adversely affect the marketability of rice in the event of commingling with other rice and may include, but are not limited to, those characteristics that cannot be visually identified without the aid of specialized equipment or testing, those characteristics that create a significant economic impact in their removal from commingled rice, and those characteristics whose removal from commingled rice is infeasible;

(2) "Council", the rice advisory council established in this section;

(3) "Department", the department of agriculture;

(4) "Director", the director of the department of agriculture;

(8) "Producer", any person who produces, or causes to be produced, rice;

3. Except as provided by rules promulgated by the department, it shall be unlawful for any person to introduce, sell, plant, produce, harvest, transport, store, process, or otherwise handle rice identified as having characteristics of commercial impact.

4. There is hereby created within the department of agriculture the "Rice Advisory Council". The council shall be made up of the following ten members:

(1) The director, or his or her designee;

(2) Three members appointed by the director to include:

(a) An individual[representing handlers] **employed by or as a handler** in Missouri;

(c) A representative of rice mills operating in Missouri; and

(d) A representative of rice seed dealers.

5. Members of the council shall serve terms of three years in length except that the director shall be a permanent member of the council and the director shall stagger the terms of the initial appointments so that three members serve terms of two years, three members serve terms of three years, and three members serve terms of four years. There is no limit to the number of terms a member may serve. Vacancies shall be filled in the same manner of representation as the original appointments.

6. The rice advisory council shall meet not less than twice annually as determined by the chairperson of the council, who shall be elected by the council at its first meeting and once every calendar year thereafter. Members of the council shall serve without compensation but shall be reimbursed for their actual and necessary expenses incurred in the performance of their duties.

7. The powers and duties of the rice advisory council shall include, but not be limited to, all of the following:

(3) Reviewing each rice variety identified as having characteristics of commercial impact not less often than every two years, or upon receipt of a petition from the purveyor of the rice;

(4) Making recommendations to the director on all matters pertaining to this section, including, but not limited to, enforcement of this section.

8. The department shall have the power to:

(1) Maintain the integrity and prevent the contamination of rice which has not been identified as having characteristics of commercial impact;

(2) Prevent the introduction of disease, weeds, or other pests that would adversely affect rice which has not been identified as having characteristics of commercial impact;

(3) Require that persons selling, offering for sale, or otherwise distributing seed for the production of rice identified as having characteristics of commercial impact, or that persons bringing rice identified as having characteristics of commercial impact into the state for processing, notify the department of the location of planting sites and the dates and procedures for planting, producing, harvesting, transporting, drying, storing, testing, or otherwise handling of rice identified as having characteristics of commercial impact;

(4) Require that persons receiving rice having been identified as having characteristics of commercial impact produced outside the state for processing notify the department of the location of the receipt and the procedures for processing, transporting, drying, storing, testing, or otherwise handling the rice to prevent commercial impact to other rice and the spread of weeds, disease, or other pests;

(5) Enforce restrictions and prohibitions imposed by the department on the selling, planting, producing, harvesting, transporting, drying, storing, testing, processing, or otherwise handling of rice identified as having characteristics of commercial impact; and

(6) Investigate alleged violations of this section, issue notices of violation, provide for an appeals process for persons aggrieved by the provisions of this section, and impose penalties for violation of this section.

9. The department may establish and collect reasonable fees for any sampling and testing of rice that the department determines is necessary to implement the provisions of this section. Any such fees shall be reviewed by the rice advisory council.

10. The department shall promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

11. The department shall regularly report to the rice advisory council any findings of rice varieties that could potentially have characteristics of commercial impact.

12. If the rice advisory council determines that any rice variety with characteristics of commercial impact is documented as causing unreasonable adverse effects on the environment or public health, the council may issue recommendations to the department. Within sixty days of receiving any such recommendations from the council, the department shall hold a public hearing for the purpose of determining the nature and extent of commercial impact. Within thirty days of holding any such public hearing, the department shall issue a detailed opinion in response to the council recommendations.

13. The penalty for violating a provision of this section shall be no less than ten thousand dollars nor more than one hundred thousand dollars per day per violation.

14. If the department determines a person has violated any provision of this section, the department shall provide written notice to such person informing the person of the violation. The notice shall inform the person of the right to request an appeal. Nothing in this section shall prevent a person from seeking judicial relief in a court of competent jurisdiction.

15. The provisions of this section shall become effective one hundred eighty days from August 28, 2007.

16. The provisions of this section shall not be subject to the provisions of sections 610.010 to 610.200, RSMo.";

House Amendment No. 4

AMEND Senate Bill No. 526, Section A, Page 1, Line 3, by inserting after all of said line the following:

"32.115. 1. The department of revenue shall grant a tax credit, to be applied in the following order until used, against:

- (1) The annual tax on gross premium receipts of insurance companies in chapter 148, RSMo;
 - (2) The tax on banks determined pursuant to subdivision (2) of subsection 2 of section 148.030, RSMo;
 - (3) The tax on banks determined in subdivision (1) of subsection 2 of section 148.030, RSMo;
 - (4) The tax on other financial institutions in chapter 148, RSMo;
 - (5) The corporation franchise tax in chapter 147, RSMo;
 - (6) The state income tax in chapter 143, RSMo; and
 - (7) The annual tax on gross receipts of express companies in chapter 153, RSMo.
- 2. For proposals approved pursuant to section 32.110:**

(1) The amount of the tax credit shall not exceed fifty percent of the total amount contributed during the taxable year by the business firm or, in the case of a financial institution, where applicable, during the relevant income period in programs approved pursuant to section 32.110;

(2) Except as provided in subsection 2 or 5 of this section, a tax credit of up to seventy percent may be allowed for contributions to programs where activities fall within the scope of special program priorities as defined with the approval of the governor in regulations promulgated by the director of the department of economic development;

(3) Except as provided in subsection 2 or 5 of this section, the tax credit allowed for contributions to programs located in any community shall be equal to seventy percent of the total amount contributed where such community is a city, town or village which has fifteen thousand or less inhabitants as of the last decennial census and is located in a county which is either located in:

- (a) An area that is not part of a standard metropolitan statistical area;
- (b) A standard metropolitan statistical area but such county has only one city, town or village which has more than fifteen thousand inhabitants; or
- (c) A standard metropolitan statistical area and a substantial number of persons in such county derive their income from agriculture.

Such community may also be in an unincorporated area in such county as provided in subdivision (1), (2) or (3) of this subsection. Except in no case shall the total economic benefit of the combined federal and state tax savings to the taxpayer exceed the amount contributed by the taxpayer during the tax year;

(4) Such tax credit allocation, equal to seventy percent of the total amount contributed, shall not exceed four million dollars in fiscal year 1999 and six million dollars in fiscal year 2000 and any subsequent fiscal year. When the maximum dollar limit on the seventy percent tax credit allocation is committed, the tax credit allocation for such programs shall then be equal to fifty percent credit of the total amount contributed. Regulations establishing special program priorities are to be promulgated during the first month of each fiscal year and at such times during the year as the public interest dictates. Such credit shall not exceed two hundred and fifty thousand dollars annually except as provided in subdivision (5) of this subsection. No tax credit shall be approved for any bank, bank and trust company, insurance company, trust company, national bank, savings association, or building and loan association for activities that are a part of its normal course of business. Any tax credit not used in the period the contribution was made may be carried over the next five succeeding calendar or fiscal years until the full credit has been claimed. Except as otherwise provided for proposals approved pursuant to section 32.111, 32.112 or 32.117, in no event shall the total amount of all other tax credits allowed pursuant to sections 32.100 to 32.125 exceed thirty-two million dollars in any one fiscal year, of which six million shall be credits allowed pursuant to section 135.460, RSMo. If six million dollars in credits are not approved, then the remaining credits may be used for programs approved pursuant to sections 32.100 to 32.125. **To the extent that as of the last day of April in any year, less than thirty million dollars in tax credits have been issued under the provisions of this section, such remaining unissued tax credits shall be made available for allocation pursuant to the provisions of section 135.704, RSMo;**

(5) The credit may exceed two hundred fifty thousand dollars annually and shall not be limited if community services, crime prevention, education, job training, physical revitalization or economic development, as defined by section 32.105, is rendered in an area defined by federal or state law as an impoverished, economically distressed, or blighted area or as a neighborhood experiencing problems endangering its existence as a viable and stable neighborhood, or if the community services, crime prevention, education, job training, physical revitalization or economic development is limited to impoverished persons.

3. For proposals approved pursuant to section 32.111:

(1) The amount of the tax credit shall not exceed fifty-five percent of the total amount invested in affordable housing assistance activities or market rate housing in distressed communities as defined in section 135.530, RSMo, by a business firm. Whenever such investment is made in the form of an equity investment or a loan, as opposed to a donation alone, tax credits may be claimed only where the loan or equity investment is accompanied by a donation which is eligible for federal income tax charitable deduction, and where the total value of the tax credits herein plus the value of the federal income tax charitable deduction is less than or equal to the value of the donation. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. If the affordable housing units or market rate housing units in distressed communities for which a tax is claimed are within a larger structure, parts of which are not the subject of a tax credit claim, then expenditures applicable to the entire structure shall be reduced on a prorated basis in proportion to the ratio of the number of square feet devoted to the affordable housing units or market rate housing units in distressed communities, for purposes of determining the amount of the tax credit. The total amount of tax credit granted for programs approved pursuant to section 32.111 for the fiscal year beginning July 1, 1991, shall not exceed two million dollars, to be increased by no more than two million dollars each succeeding fiscal year, until the total tax credits that may be approved reaches ten million dollars in any fiscal year;

(2) For any year during the compliance period indicated in the land use restriction agreement, the owner of the affordable housing rental units for which a credit is being claimed shall certify to the commission that all tenants renting claimed units are income eligible for affordable housing units and that the rentals for each claimed unit are in compliance with the provisions of sections 32.100 to 32.125. The commission is authorized, in its discretion, to audit the records and accounts of the owner to verify such certification;

(3) In the case of owner-occupied affordable housing units, the qualifying owner occupant shall, before the end of the first year in which credits are claimed, certify to the commission that the occupant is income eligible during the preceding two years, and at the time of the initial purchase contract, but not thereafter. The qualifying owner occupant shall further certify to the commission, before the end of the first year in which credits are claimed, that during the compliance period indicated in the land use restriction agreement, the cost of the affordable housing unit to the occupant for the claimed unit can reasonably be projected to be in compliance with the provisions of sections 32.100 to 32.125. Any succeeding owner occupant acquiring the affordable housing unit during the compliance period indicated in the land use restriction agreement shall make the same certification;

(4) If at any time during the compliance period the commission determines a project for which a proposal has been approved is not in compliance with the applicable provisions of sections 32.100 to 32.125 or rules promulgated therefor, the commission may within one hundred fifty days of notice to the owner either seek injunctive enforcement action against the owner, or seek legal damages against the owner representing the value of the tax credits, or foreclose on the lien in the land use restriction agreement, selling the project at a public sale, and paying to the owner the proceeds of the sale, less the costs of the sale and less the value of all tax credits allowed herein. The commission shall remit to the director of revenue the portion of the legal damages collected or the sale proceeds representing the value of the tax credits. However, except in the event of intentional fraud by the taxpayer, the proposal's certificate of eligibility for tax credits shall not be revoked.

4. For proposals approved pursuant to section 32.112, the amount of the tax credit shall not exceed fifty-five percent of the total amount contributed to a neighborhood organization by business firms. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. The total amount of tax credit granted for programs approved pursuant to section 32.112 shall not exceed one million dollars for each fiscal year.

5. The total amount of tax credits used for market rate housing in distressed communities pursuant to sections 32.100 to 32.125 shall not exceed thirty percent of the total amount of all tax credits authorized pursuant to sections 32.111 and 32.112.

135.484. 1. Beginning January 1, 2000, tax credits shall be allowed pursuant to section 135.481 in an amount not to exceed sixteen million dollars per year. Of this total amount of tax credits in any given year, eight million dollars shall be set aside for projects in areas described in subdivision (6) of section 135.478 and eight million dollars for projects in areas described in subdivision (10) of section 135.478. The maximum tax credit for a project consisting of multiple-unit qualifying residences in a distressed community shall not exceed three million dollars. **To the extent that as of the first day of December in any year, less than sixteen million dollars in tax credits have been issued under the provisions of this section, such remaining unissued tax credits shall be made available for allocation under the provisions of section 135.704.**

2. Any amount of credit which exceeds the tax liability of a taxpayer for the tax year in which the credit is first claimed may be carried back to any of the taxpayer's three prior tax years and carried forward to any of the taxpayer's five subsequent tax years. A certificate of tax credit issued to a taxpayer by the department may be assigned, transferred, sold or otherwise conveyed. Whenever a certificate of tax credit is assigned, transferred, sold or otherwise conveyed, a notarized endorsement shall be filed with the department specifying the name and address of the new owner of the tax credit and the value of the credit.

3. The tax credits allowed pursuant to sections 135.475 to 135.487 may not be claimed in addition to any other state tax credits, with the exception of the historic structures rehabilitation tax credit authorized pursuant to sections 253.545 to 253.559, RSMo, which insofar as sections 135.475 to 135.487 are concerned may be claimed only in conjunction with the tax credit allowed pursuant to subsection 4 of section 135.481. In order for a taxpayer eligible for the historic structures rehabilitation tax credit to claim the tax credit allowed pursuant to subsection 4 of section 135.481, the taxpayer must comply with the requirements of sections 253.545 to 253.559, RSMo, and in such cases, the amount of the tax credit pursuant to subsection 4 of section 135.481 shall be limited to the lesser of twenty percent of the taxpayer's eligible costs or forty thousand dollars.

135.535. 1. A corporation, limited liability corporation, partnership or sole proprietorship, which moves its operations from outside Missouri or outside a distressed community into a distressed community, or which commences

operations in a distressed community on or after January 1, 1999, and in either case has more than seventy-five percent of its employees at the facility in the distressed community, and which has fewer than one hundred employees for whom payroll taxes are paid, and which is a manufacturing, biomedical, medical devices, scientific research, animal research, computer software design or development, computer programming, including Internet, web hosting, and other information technology, wireless or wired or other telecommunications or a professional firm shall receive a forty percent credit against income taxes owed pursuant to chapter 143, 147 or 148, RSMo, other than taxes withheld pursuant to sections 143.191 to 143.265, RSMo, for each of the three years after such move, if approved by the department of economic development, which shall issue a certificate of eligibility if the department determines that the taxpayer is eligible for such credit. The maximum amount of credits per taxpayer set forth in this subsection shall not exceed one hundred twenty-five thousand dollars for each of the three years for which the credit is claimed. The department of economic development, by means of rule or regulation promulgated pursuant to the provisions of chapter 536, RSMo, shall assign appropriate North American Industry Classification System numbers to the companies which are eligible for the tax credits provided for in this section. Such three-year credits shall be awarded only one time to any company which moves its operations from outside of Missouri or outside of a distressed community into a distressed community or to a company which commences operations within a distressed community. A taxpayer shall file an application for certification of the tax credits for the first year in which credits are claimed and for each of the two succeeding taxable years for which credits are claimed.

2. Employees of such facilities physically working and earning wages for that work within a distressed community whose employers have been approved for tax credits pursuant to subsection 1 of this section by the department of economic development for whom payroll taxes are paid shall also be eligible to receive a tax credit against individual income tax, imposed pursuant to chapter 143, RSMo, equal to one and one-half percent of their gross salary paid at such facility earned for each of the three years that the facility receives the tax credit provided by this section, so long as they were qualified employees of such entity. The employer shall calculate the amount of such credit and shall report the amount to the employee and the department of revenue.

3. A tax credit against income taxes owed pursuant to chapter 143, 147 or 148, RSMo, other than the taxes withheld pursuant to sections 143.191 to 143.265, RSMo, in lieu of the credit against income taxes as provided in subsection 1 of this section, may be taken by such an entity in a distressed community in an amount of forty percent of the amount of funds expended for computer equipment and its maintenance, medical laboratories and equipment, research laboratory equipment, manufacturing equipment, fiber optic equipment, high speed telecommunications, wiring or software development expense up to a maximum of seventy-five thousand dollars in tax credits for such equipment or expense per year per entity and for each of three years after commencement in or moving operations into a distressed community.

4. A corporation, partnership or sole partnership, which has no more than one hundred employees for whom payroll taxes are paid, which is already located in a distressed community and which expends funds for such equipment pursuant to subsection 3 of this section in an amount exceeding its average of the prior two years for such equipment, shall be eligible to receive a tax credit against income taxes owed pursuant to chapters 143, 147 and 148, RSMo, in an amount equal to the lesser of seventy-five thousand dollars or twenty-five percent of the funds expended for such additional equipment per such entity. Tax credits allowed pursuant to this subsection or subsection 1 of this section may be carried back to any of the three prior tax years and carried forward to any of the **next** five tax years.

5. An existing corporation, partnership or sole proprietorship that is located within a distressed community and that relocates employees from another facility outside of the distressed community to its facility within the distressed community, and an existing business located within a distressed community that hires new employees for that facility may both be eligible for the tax credits allowed by subsections 1 and 3 of this section. To be eligible for such tax credits, such a business, during one of its tax years, shall employ within a distressed community at least twice as many employees as were employed at the beginning of that tax year. A business hiring employees shall have no more than one hundred employees before the addition of the new employees. This subsection shall only apply to a business which is a manufacturing, biomedical, medical devices, scientific research, animal research, computer software design or development, computer programming or telecommunications business, or a professional firm.

6. Tax credits shall be approved for applicants meeting the requirements of this section in the order that such applications are received. Certificates of tax credits issued in accordance with this section may be transferred, sold or assigned by notarized endorsement which names the transferee.

7. The tax credits allowed pursuant to subsections 1, 2, 3, 4 and 5 of this section shall be for an amount of no more than ten million dollars for each year beginning in 1999. To the extent there are available tax credits remaining under the ten million dollar cap provided in this section, [up to one hundred thousand dollars in the] **such** remaining credits shall first be used for tax credits authorized under section 135.562. **To the extent that as of the first day of December in any year, less than ten million dollars in tax credits have been issued under the provisions of this**

section, such remaining unissued tax credits shall be made available for allocation under the provisions of section 135.704. The total maximum credit for all entities already located in distressed communities and claiming credits pursuant to subsection 4 of this section shall be seven hundred and fifty thousand dollars. The department of economic development in approving taxpayers for the credit as provided for in subsection 6 of this section shall use information provided by the department of revenue regarding taxes paid in the previous year, or projected taxes for those entities newly established in the state, as the method of determining when this maximum will be reached and shall maintain a record of the order of approval. Any tax credit not used in the period for which the credit was approved may be carried over until the full credit has been allowed.

8. A Missouri employer relocating into a distressed community and having employees covered by a collective bargaining agreement at the facility from which it is relocating shall not be eligible for the credits in subsection 1, 3, 4 or 5 of this section, and its employees shall not be eligible for the credit in subsection 2 of this section if the relocation violates or terminates a collective bargaining agreement covering employees at the facility, unless the affected collective bargaining unit concurs with the move.

9. Notwithstanding any provision of law to the contrary, no taxpayer shall earn the tax credits allowed in this section and the tax credits otherwise allowed in section 135.110, or the tax credits, exemptions, and refund otherwise allowed in sections 135.200, 135.220, 135.225 and 135.245, respectively, for the same business for the same tax period.

135.680. 1. As used in this section, the following terms shall mean:

(1) "Adjusted purchase price", the product of:

- (a) The amount paid to the issuer of a qualified equity investment for such qualified equity investment; and
- (b) The following fraction:

a. The numerator shall be the dollar amount of qualified low-income community investments held by the issuer in this state as of the credit allowance date during the applicable tax year; and

b. The denominator shall be the total dollar amount of qualified low-income community investments held by the issuer in all states as of the credit allowance date during the applicable tax year;

c. For purposes of calculating the amount of qualified low-income community investments held by an issuer, an investment shall be considered held by an issuer even if the investment has been sold or repaid; provided that the issuer reinvests an amount equal to the capital returned to or recovered by the issuer from the original investment, exclusive of any profits realized, in another qualified low-income community investment within twelve months of the receipt of such capital. An issuer shall not be required to reinvest capital returned from qualified low-income community investments after the sixth anniversary of the issuance of the qualified equity investment, the proceeds of which were used to make the qualified low-income community investment, and the qualified low-income community investment shall be considered held by the issuer through the seventh anniversary of the qualified equity investment's issuance;

(2) "Applicable percentage", zero percent for each of the first two credit allowance dates, seven percent for the third credit allowance date, and eight percent for the next four credit allowance dates;

(3) "Credit allowance date", with respect to any qualified equity investment:

- (a) The date on which such investment is initially made; and
- (b) Each of the six anniversary dates of such date thereafter;

(4) "Long-term debt security", any debt instrument issued by a qualified community development entity, at par value or a premium, with an original maturity date of at least seven years from the date of its issuance, with no acceleration of repayment, amortization, or prepayment features prior to its original maturity date, and with no distribution, payment, or interest features related to the profitability of the qualified community development entity or the performance of the qualified community development entity's investment portfolio. The foregoing shall in no way limit the holder's ability to accelerate payments on the debt instrument in situations where the issuer has defaulted on covenants designed to ensure compliance with this section or Section 45D of the Internal Revenue Code of 1986, as amended;

(5) "Qualified active low-income community business", the meaning given such term in Section 45D of the Internal Revenue Code of 1986, as amended; provided that any business that derives or projects to derive fifteen percent or more of its annual revenue from the rental or sale of real estate shall not be considered to be a qualified active low-income community business;

(6) "Qualified community development entity", the meaning given such term in Section 45D of the Internal Revenue Code of 1986, as amended; provided that such entity has entered into an allocation agreement with the Community Development Financial Institutions Fund of the U.S. Treasury Department with respect to credits authorized by Section 45D of the Internal Revenue Code of 1986, as amended, which includes the state of Missouri within the service area set forth in such allocation agreement;

(7) "Qualified equity investment", any equity investment in, or long-term debt security issued by, a qualified community development entity that:

- (a) Is acquired after September 4, 2007, at its original issuance solely in exchange for cash;
- (b) Has at least eighty-five percent of its cash purchase price used by the issuer to make qualified low-income community investments; and
- (c) Is designated by the issuer as a qualified equity investment under this subdivision and is certified by the department of economic development as not exceeding the limitation contained in subsection 2 of this section.

This term shall include any qualified equity investment that does not meet the provisions of paragraph (a) of this subdivision if such investment was a qualified equity investment in the hands of a prior holder;

(8) "Qualified low-income community investment", any capital or equity investment in, or loan to, any qualified active low-income community business. With respect to any one qualified active low-income community business, the maximum amount of qualified low-income community investments made in such business, on a collective basis with all of its affiliates, that may be used from the calculation of any numerator described in subparagraph a. of paragraph (b) of subdivision (1) of this subsection shall be ten million dollars whether issued to one or several qualified community development entities;

(9) "Tax credit", a credit against the tax otherwise due under chapter 143, RSMo, excluding withholding tax imposed in sections 143.191 to 143.265, RSMo, or otherwise due under section 375.916, RSMo, or chapter 147, 148, or 153, RSMo;

(10) "Taxpayer", any individual or entity subject to the tax imposed in chapter 143, RSMo, excluding withholding tax imposed in sections 143.191 to 143.265, RSMo, or the tax imposed in section 375.916, RSMo, or chapter 147, 148, or 153, RSMo.

2. A taxpayer that makes a qualified equity investment earns a vested right to tax credits under this section. On each credit allowance date of such qualified equity investment the taxpayer, or subsequent holder of the qualified equity investment, shall be entitled to a tax credit during the taxable year including such credit allowance date. The tax credit amount shall be equal to the applicable percentage of the adjusted purchase price paid to the issuer of such qualified equity investment. The amount of the tax credit claimed shall not exceed the amount of the taxpayer's state tax liability for the tax year for which the tax credit is claimed. No tax credit claimed under this section shall be refundable or transferable. Tax credits earned by a partnership, limited liability company, S-corporation, or other pass-through entity may be allocated to the partners, members, or shareholders of such entity for their direct use in accordance with the provisions of any agreement among such partners, members, or shareholders. Any amount of tax credit that the taxpayer is prohibited by this section from claiming in a taxable year may be carried forward to any of the taxpayer's five subsequent taxable years. The department of economic development shall limit the monetary amount of qualified equity investments permitted under this section to a level necessary to limit tax credit utilization at no more than fifteen million dollars of tax credits in any fiscal year. **To the extent that as of the last day of April in any year, less than fifteen million dollars in tax credits have been issued under the provisions of this section, such remaining unissued tax credits shall be made available for allocation under the provisions of section 135.704.** Such limitation on qualified equity investments shall be based on the anticipated utilization of credits without regard to the potential for taxpayers to carry forward tax credits to later tax years.

3. The issuer of the qualified equity investment shall certify to the department of economic development the anticipated dollar amount of such investments to be made in this state during the first twelve-month period following the initial credit allowance date. If on the second credit allowance date, the actual dollar amount of such investments is different than the amount estimated, the department of economic development shall adjust the credits arising on the second allowance date to account for such difference.

4. The department of economic development shall recapture the tax credit allowed under this section with respect to such qualified equity investment under this section if:

- (1) Any amount of the federal tax credit available with respect to a qualified equity investment that is eligible for a tax credit under this section is recaptured under Section 45D of the Internal Revenue Code of 1986, as amended; or
- (2) The issuer redeems or makes principal repayment with respect to a qualified equity investment prior to the seventh anniversary of the issuance of such qualified equity investment.

Any tax credit that is subject to recapture shall be recaptured from the taxpayer that claimed the tax credit on a return.

5. The department of economic development shall promulgate rules to implement the provisions of this section, including recapture provisions on a scaled proportional basis, and to administer the allocation of tax credits issued for qualified equity investments, which shall be conducted on a first-come, first-serve basis. Any rule or portion of a rule,

as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after September 4, 2007, shall be invalid and void.

6. For fiscal years following fiscal year 2010, qualified equity investments shall not be made under this section unless reauthorization is made pursuant to this subsection. For all fiscal years following fiscal year 2010, unless the general assembly adopts a concurrent resolution granting authority to the department of economic development to approve qualified equity investments for the Missouri new markets development program and clearly describing the amount of tax credits available for the next fiscal year, or otherwise complies with the provisions of this subsection, no qualified equity investments may be permitted to be made under this section. The amount of available tax credits contained in such a resolution shall not exceed the limitation provided under subsection 2 of this section. In any year in which the provisions of this section shall sunset pursuant to subsection 7 of this section, reauthorization shall be made by general law and not by concurrent resolution. Nothing in this subsection shall preclude a taxpayer who makes a qualified equity investment prior to the expiration of authority to make qualified equity investments from claiming tax credits relating to such qualified equity investment for each applicable credit allowance date.

7. Under section 23.253, RSMo, of the Missouri sunset act:

- (1) The provisions of the new program authorized under this section shall automatically sunset six years after September 4, 2007, unless reauthorized by an act of the general assembly; and
- (2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of the reauthorization of this section; and
- (3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset.

However, nothing in this subsection shall preclude a taxpayer who makes a qualified equity investment prior to sunset of this section under the provisions of section 23.253, RSMo, from claiming tax credits relating to such qualified equity investment for each credit allowance date.

135.704. 1. As used in this section, the following terms mean:

- (1) "Authority", the Missouri agricultural and small business development authority established in chapter 348, RSMo;
- (2) "Milk producer", any person with a valid Missouri milk producer identification number who operates a dairy farm and provides, sells, or offers milk for sale to a milk plant, receiving station, or transfer station;
- (3) "Noncontrollable input cost", feed, fertilizer, and fuel costs;
- (4) "Livestock", any swine or beef cattle;
- (5) "Livestock production costs", the market value of feed commodities used in the production of livestock, including but not limited to corn and soybeans, of the type and in the quantity determined by the authority needed to bring livestock to market based on the sale weight of such livestock;
- (6) "Market value", the market price of any feed commodity or livestock on the date of sale;
- (7) "Qualifying loss", an aggregate loss from the sale of milk or livestock including any federal and state payments during a twelve-month period based on the total of all sales of milk and livestock during such twelve-month period;
- (8) "Taxpayer", any individual, partnership, or corporation as described in sections 143.441 and 143.471, RSMo, that is subject to the tax imposed in chapter 143, RSMo, excluding withholding tax imposed by sections 143.191 to 143.265, RSMo, or the tax imposed in chapter 147, RSMo.

2. For all taxable years beginning on or after January 1, 2010, any resident taxpayer who is actively engaged in business as a milk, swine, or cattle producer shall be granted a tax credit based upon the amount of milk, swine, or cattle produced and sold. The tax credit authorized under this section shall be allowed based upon production for any month in which the average amount of revenue received from products drops below the announced production price determined by the authority on the basis of noncontrollable input cost. The tax credit authorized under this section may be claimed against a taxpayer's state tax liability or quarterly estimated tax in the year of issuance. If the amount of the tax credit issued exceeds the amount of the taxpayer's state tax liability for the tax year for which the credit is claimed, the difference shall not be refundable but may be carried forward to any of the taxpayer's three subsequent taxable years. The tax credits authorized under this section

may be transferred, sold, assigned, or otherwise conveyed, and the new owner shall have the same rights as the original taxpayer.

3. The authority shall be responsible for the administration and issuance of the certificate of tax credits authorized by this section. The authority may impose a fee for the provision of services authorized by this section.

4. Taxpayers shall apply for the milk, swine, or cattle production tax credit by submitting an application to the authority on a form provided by the authority.

5. If, based on the calculations made by the authority, the current livestock or milk production costs exceed the current market prices of livestock or milk, any participant in the program shall be eligible to receive a tax credit if the participant has a qualifying loss for a twelve-month period.

6. The authority shall not issue more than twenty thousand dollars in tax credits per producer taxpayer per year. The authority shall not issue more tax credits in any calendar year than are allocable to this program for such calendar year as provided under section 32.115, RSMo, section 99.1205, RSMo, sections 135.484, 135.535, and 135.680, and section 208.770, RSMo.

7. The authority may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

8. Under section 23.253, RSMo, of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall automatically sunset on December thirty-first six years after August 28, 2009, unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset on December thirty-first twelve years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset.

208.770. 1. Moneys deposited in or withdrawn pursuant to subsection 1 of section 208.760 from a family development account by an account holder are exempted from taxation pursuant to chapter 143, RSMo, excluding withholding tax imposed by sections 143.191 to 143.265, RSMo, and chapter 147, 148 or 153, RSMo, provided, however, that any money withdrawn for an unapproved use should be subject to tax as required by law.

2. Interest earned by a family development account is exempted from taxation pursuant to chapter 143, RSMo.

3. Any funds in a family development account, including accrued interest, shall be disregarded when determining eligibility to receive, or the amount of, any public assistance or benefits.

4. A program contributor shall be allowed a credit against the tax imposed by chapter 143, RSMo, excluding withholding tax imposed by sections 143.191 to 143.265, RSMo, and chapter 147, 148 or 153, RSMo, pursuant to sections 208.750 to 208.775. Contributions up to fifty thousand dollars per program contributor are eligible for the tax credit which shall not exceed fifty percent of the contribution amount.

5. The department of economic development shall verify all tax credit claims by contributors. The administrator of the community-based organization, with the cooperation of the participating financial institutions, shall submit the names of contributors and the total amount each contributor contributes to a family development account reserve fund for the calendar year. The director shall determine the date by which such information shall be submitted to the department by the local administrator. The department shall submit verification of qualified tax credits pursuant to sections 208.750 to 208.775 to the department of revenue.

6. The total tax credits authorized pursuant to sections 208.750 to 208.775 shall not exceed four million dollars in any fiscal year. **To the extent that as of the last day of April in any year, less than four million dollars in tax credits have been issued under the provisions of this section, such remaining unissued tax credits shall be made available for allocation under the provisions of section 135.704, RSMo."**; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HCS SS SB 307, relating to health care provider assessments, was taken up by Representative Schaaf.

Representative Stream offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Substitute for Senate Bill No. 307, Page 1, In the Title, Line 3, by deleting the words “ambulance service reimbursement allowance tax” and inserting in lieu thereof the following “provider assessments”; and

Further amend said bill, Page 8, Section 633.402, Line 85, by inserting after all of said section the following:

“660.425. 1. In addition to all other fees and taxes required or paid, a tax is hereby imposed upon in-home services providers for the privilege of providing in-home services under chapter 208, RSMo. The tax is imposed upon payments received by an in-home services provider for the provision of in-home services under chapter 208, RSMo.

2. For purposes of sections 660.425 to 660.465, the following terms shall mean:

(1) "Engaging in the business of providing in-home services", all payments received by an in-home services provider for the provision of in-home services under chapter 208, RSMo;

(2) "In-home services", homemaker services, personal care services, chore services, respite services, consumer-directed services, and services, when provided in the individual's home and under a plan of care created by a physician, necessary to keep children out of hospitals. In-home services shall not include home health services as defined by federal and state law;

(3) "In-home services provider", any provider or vendor, as defined in section 208.900, RSMo, of compensated in-home services under chapter 208, RSMo, and under a provider agreement or contracted with the department of social services or the department of health and senior services.

660.430. 1. Each in-home services provider in this state providing in-home services under chapter 208, RSMo, shall, in addition to all other fees and taxes now required or paid, pay an in-home services gross receipts tax, not to exceed six and one-half percent of gross receipts, for the privilege of engaging in the business of providing in-home services in this state.

2. Each in-home services provider's tax shall be based on a formula set forth in rules promulgated by the department of social services. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

3. The director of the department of social services or the director's designee may prescribe the form and contents of any forms or other documents required by sections 660.425 to 660.465.

4. Notwithstanding any other provision of law to the contrary, appeals regarding the promulgation of rules under this section shall be made to the circuit court of Cole County. The circuit court of Cole County shall hear the matter as the court of original jurisdiction.

660.435. 1. For purposes of assessing the tax under sections 660.425 to 660.465, the department of health and senior services shall make available to the department of social services a list of all providers and vendors under this section.

2. Each in-home services provider subject to sections 660.425 to 660.465 shall keep such records as may be necessary to determine the total payments received for the provision of in-home services under chapter 208, RSMo, by the in-home services provider. Every in-home services provider shall submit to the department of social services a statement that accurately reflects such information as is necessary to determine such in-home services provider's tax due.

3. The director of the department of social services may prescribe the form and contents of any forms or other documents required by this section.

4. Each in-home services provider shall report the total payments received for the provision of in-home services under chapter 208, RSMo, to the department of social services.

660.440. 1. The tax imposed by sections 660.425 to 660.465 shall become effective upon authorization by the federal Centers for Medicare & Medicaid Services for a gross receipts tax for in-home services.

2. If the federal Centers for Medicare & Medicaid Services determines that their authorization is not necessary for the tax imposed under sections 660.425 to 660.465, the tax shall become effective sixty days after the date of such determination.

660.445. 1. The determination of the amount of tax due shall be the total amount of payments reported to the department multiplied by the tax rate established by rule by the department of social services.

2. The department of social services shall notify each in-home services provider of the amount of tax due. Such amount may be paid in increments over the balance of the assessment period.

3. The department of social services may adjust the tax due quarterly on a prospective basis. The department of social services may adjust the tax due more frequently for individual providers if there is a substantial and statistically significant change in the in-home services provided or in the payments received for such services provided under chapter 208, RSMo. The department of social services may define such adjustment criteria by rule.

660.450. The director of the department of social services may offset the tax owed by an in-home services provider against any Missouri Medicaid payment due such in-home services provider, if the in-home services provider requests such an offset. The amounts to be offset shall result, so far as practicable, in withholding from the in-home services provider an amount substantially equal to the assessment due from the in-home services provider. The office of administration and the state treasurer may make any fund transfers necessary to execute the offset.

660.455. 1. The in-home services tax owed or, if an offset has been made, the balance after such offset, if any, shall be remitted by the in-home services provider to the department of social services. The remittance shall be made payable to the director of the department of social services and shall be deposited in the state treasury to the credit of the "In-home Services Gross Receipts Tax Fund" which is hereby created to provide payments for in-home services provided under chapter 208, RSMo. All investment earnings of the fund shall be credited to the fund.

2. An offset authorized by section 660.450 or a payment to the in-home services gross receipts tax fund shall be accepted as payment of the obligation set forth in section 660.425.

3. The state treasurer shall maintain records showing the amount of money in the in-home services gross receipts tax fund at any time and the amount of investment earnings on such amount.

4. Notwithstanding the provisions of section 33.080, RSMo, to the contrary, any unexpended balance in the in-home services gross receipts tax fund at the end of the biennium shall not revert to the credit of the general revenue fund.

660.460. 1. The department of social services shall notify each in-home services provider with a tax due of more than ninety days of the amount of such balance. If any in-home services provider fails to pay its in-home services tax within thirty days of such notice, the in-home services tax shall be delinquent.

2. If any tax imposed under sections 660.425 to 660.465 is unpaid and delinquent, the department of social services may proceed to enforce the state's lien against the property of the in-home services provider and compel the payment of such assessment in the circuit court having jurisdiction in the county where the in-home services provider is located. In addition, the department of social services may cancel or refuse to issue, extend, or reinstate a Medicaid provider agreement to any in-home services provider that fails to pay the tax imposed by section 660.425.

3. Failure to pay the tax imposed under section 660.425 shall be grounds for failure to renew a provider agreement for services under chapter 208, RSMo, or failure to renew a provider contract. The department of social services may revoke the provider agreement of any in-home services provider that fails to pay such tax, or notify the department of health and senior services to revoke the provider contract.

660.465. 1. The in-home services tax required by sections 660.425 to 660.465 shall expire:

(1) Ninety days after any one or more of the following conditions are met:

(a) The aggregate in-home services fee as appropriated by the general assembly paid to in-home services providers for in-home services provided under chapter 208, RSMo, is less than the fiscal year 2010 in-home services fees reimbursement amount; or

(b) The formula used to calculate the reimbursement as appropriated by the general assembly for in-home services provided is changed resulting in lower reimbursement to in-home services providers in the aggregate than provided in fiscal year 2010; or

(2) September 1, 2011. The director of the department of social services shall notify the revisor of statutes of the expiration date as provided in this subsection.

2. Sections 660.425 to 660.465 shall expire on September 1, 2011.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Representative Wilson (130) assumed the Chair.

On motion of Representative Stream, **House Amendment No. 1** was adopted.

Representative Dethrow offered **House Amendment No. 2.**

House Amendment No. 2

AMEND House Committee Substitute for Senate Substitute for Senate Bill No. 307, Section 190.839, Page 5, Line 1, by inserting immediately after all of said section and line the following:

"205.202. 1. The governing body of any hospital district established under sections 205.160 to 205.379 in any county of the third classification without a township form of government and with more than thirteen thousand five hundred but fewer than thirteen thousand six hundred inhabitants may, by resolution, abolish the property tax levied in such district under this chapter and impose a sales tax on all retail sales made within the district which are subject to sales tax under chapter 144, RSMo. The tax authorized in this section shall be not more than one percent, and shall be imposed solely for the purpose of funding the hospital district. The tax authorized in this section shall be in addition to all other sales taxes imposed by law, and shall be stated separately from all other charges and taxes.

2. No such resolution adopted under this section shall become effective unless the governing body of the hospital district submits to the voters residing within the district at a state general, primary, or special election a proposal to authorize the governing body of the district to impose a tax under this section. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the tax shall become effective on the first day of the second calendar quarter after the director of revenue receives notification of adoption of the local sales tax. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, then the tax shall not become effective unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.

3. All revenue collected under this section by the director of the department of revenue on behalf of the hospital district, except for one percent for the cost of collection which shall be deposited in the state's general revenue fund, shall be deposited in a special trust fund, which is hereby created and shall be known as the "Hospital District Sales Tax Fund", and shall be used solely for the designated purposes. Moneys in the fund shall not be deemed to be state funds, and shall not be commingled with any funds of the state. The director may make refunds from the amounts in the fund and credited to the district for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such district. Any funds in the special fund which are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. The governing body of any hospital district that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters on any date available for elections for the district. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved.

If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

5. Whenever the governing body of any hospital district that has adopted the sales tax authorized in this section receives a petition, signed by a number of registered voters of the district equal to at least ten percent of the number of registered voters of the district voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the district a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

6. If the tax is repealed or terminated by any means, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes, and the hospital district shall notify the director of the department of revenue of the action at least ninety days before the effective date of the repeal and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such district, the director shall remit the balance in the account to the district and close the account of that district. The director shall notify each district of each instance of any amount refunded or any check redeemed from receipts due the district."; and

Further amend said substitute, Section B, Page 8, Line 6, by inserting immediately after all of said section and line the following:

"Section B. Because immediate action is necessary to allow certain hospital districts to lower their property tax levies, the enactment of section 205.202 of section A of this act is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the enactment of section 205.202 of section A of this act shall be in full force and effect upon its passage and approval."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE RESOLUTIONS

HR 515, (4-22-09, Pages 1218-1219) - Jones (117)

JOURNAL OF THE HOUSE

First Regular Session, 95th GENERAL ASSEMBLY

SIXTY-FOURTH DAY, WEDNESDAY, APRIL 29, 2009

The House met pursuant to adjournment.

Speaker Pro Tem Pratt in the Chair.

Prayer by Reverend James Earl Jackson.

Lord God, You are supreme over all things and all persons and all powers. We proclaim Your glory and Your authority and might. You have put all things in place and You reign in truth and majesty.

Holy God, another day is before us and we are faced with many important decisions. In this time of uncertainty, pandemics, declining markets, wars and rumors of wars, You are a God of certainty, whose directives are certain, whose ways are perfect.

As we move through this day, we know we will have great opportunity to rely solely on our own thoughts, ideas, and wisdom. But the wisdom, we need, which comes from You, is first of all pure, also peaceful, gentle, and willing to yield to others, full of mercy and good deeds, shows no favoritism and is always sincere. With that in mind, may we serve our state well and with the highest integrity.

Now may You, the source of hope, grant each of these in this Assembly joy, hope and confidence as they continue in this day.

These things I pray in the name of Your Son. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Makinley Powers, Mallory McDaniel, Matt Campbell, Jake Davis, Christian Derra, Lukas Lanter, Christopher Shinn, Kaylee Bundrick, Matt Koeller, Colleen Raftrey, Joe Anger, Kaela Young, Aaron Hooper, Austin Hooper, Joe Paine, Kelsey DeLong, Olivia Stevens, Neil Winter, Madison Goswick, Zackary Goswick, Daniel Fohey and Alex Addison.

In addition to the other powers of the secretary established in sections 347.010 to 347.187, the secretary shall, as is reasonably necessary to enable the secretary to administer sections 347.010 to 347.187 efficiently and to perform the secretary's duties, have the following powers including, but not limited to:

(1) The power to examine the books and records of any limited liability company to which sections 347.010 to 347.187 apply, and it shall be the duty of any manager, member or agent of such limited liability company having possession or control of such books and records, to produce such books and records for examination on demand of the secretary or his designated employee; except that no person shall be subject to any criminal prosecution on account of any matter or thing which may be disclosed by examination of any limited liability company books and records, which they may produce or exhibit for examination; or on account of any other matter or thing concerning which they may make any voluntary and truthful statement in writing to the secretary or his designated employee. All facts obtained in the examination of the books and records of any limited liability company, or through the voluntary sworn statement of any manager, member, agent or employee of any limited liability company, shall be treated as confidential, except insofar as official duty may require the disclosure of same, or when such facts are material to any issue in any legal proceeding in which the secretary or his designated employee may be a party or called as witness, and, if the secretary or his designated employee shall, except as provided in this subdivision, disclose any information relative to the private accounts, affairs, and transactions of any such limited liability company, he shall be guilty of a class C misdemeanor. If any manager, member or registered agent in possession or control of such books and records of any such limited liability company shall refuse a demand of the secretary or his designated employee, to exhibit the books and records of such limited liability company for examination, such person shall be guilty of a class B misdemeanor;

(2) The power to cancel or disapprove any articles of organization or other filing required under sections 347.010 to 347.187, if the limited liability company fails to comply with the provisions of sections 347.010 to 347.187 by failing to file required documents under sections 347.010 to 347.187, by failing to maintain a registered agent, by failing to pay the required filing fees, by using fraud or deception in effecting any filing, by filing a required document containing a false statement, or by violating any section or sections of the criminal laws of Missouri, the federal government or any other state of the United States. Thirty days before such cancellation shall take effect, the secretary shall notify the limited liability company with written notice, either personally or by certified mail, deposited in the United States mail in a sealed envelope addressed to such limited liability company's last registered agent in office, or to one of the limited liability company's members or managers. The secretary shall file the original of the administrative cancellation and serve a copy on the limited liability company as provided in section 347.051.

(d) A limited liability company whose articles of organization has been administratively cancelled continues its existence but may not carry on any business except that necessary to wind up and liquidate its business and affairs under section 347.147 and notify claimants under section 347.141.

(e) When the reinstatement is effective, it shall relate back to and take effect as of the effective date of the administrative cancellation of the articles of organization and the limited liability company may continue carrying on its business as if the administrative cancellation had never occurred.

(f) In the event the name of the limited liability company was reissued by the secretary to another entity prior to the time application for reinstatement was filed, the limited liability company applying for reinstatement may elect to reinstate using a new name that complies with the requirements of section 347.020 and that has been approved by appropriate action of the limited liability company for changing the name thereof.

"334.104. 1. A physician may enter into collaborative practice arrangements with registered professional nurses. Collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols, or standing orders for the delivery of health care services. Collaborative practice arrangements, which shall be in writing, may delegate to a registered professional nurse the authority to administer or dispense drugs and provide treatment as long as the delivery of such health care services is within the scope of practice of the registered professional nurse and is consistent with that nurse's skill, training and competence.

2. Collaborative practice arrangements, which shall be in writing, may delegate to a registered professional nurse the authority to administer, dispense or prescribe drugs and provide treatment if the registered professional nurse is an advanced practice nurse as defined in subdivision (2) of section 335.016, RSMo. Collaborative practice arrangements may delegate to an advanced practice registered nurse, as defined in section 335.016, RSMo, the authority to administer, dispense, or prescribe controlled substances listed in Schedules III, IV, and V of section 195.017, RSMo; except that, the collaborative practice arrangement shall not delegate the authority to administer any controlled substances listed in schedules III, IV, and V of section 195.017, RSMo, for the purpose of inducing sedation or general anesthesia for therapeutic, diagnostic, or surgical procedures. Schedule III narcotic controlled substance prescriptions shall be limited to a one hundred twenty-hour supply without refill. Such collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols or standing orders for the delivery of health care services.

3. The written collaborative practice arrangement shall contain at least the following provisions:

- (1) Complete names, home and business addresses, zip codes, and telephone numbers of the collaborating physician and the advanced practice registered nurse;
- (2) A list of all other offices or locations besides those listed in subdivision (1) of this subsection where the collaborating physician authorized the advanced practice registered nurse to prescribe;

(3) A requirement that there shall be posted at every office where the advanced practice registered nurse is authorized to prescribe, in collaboration with a physician, a prominently displayed disclosure statement informing patients that they may be seen by an advanced practice registered nurse and have the right to see the collaborating physician;

(4) All specialty or board certifications of the collaborating physician and all certifications of the advanced practice registered nurse;

(5) The manner of collaboration between the collaborating physician and the advanced practice registered nurse, including how the collaborating physician and the advanced practice registered nurse will:

(a) Engage in collaborative practice consistent with each professional's skill, training, education, and competence;

(b) Maintain geographic proximity; and

(c) Provide coverage during absence, incapacity, infirmity, or emergency by the collaborating physician;

(6) A description of the advanced practice registered nurse's controlled substance prescriptive authority in collaboration with the physician, including a list of the controlled substances the physician authorizes the nurse to prescribe and documentation that it is consistent with each professional's education, knowledge, skill, and competence;

(7) A list of all other written practice agreements of the collaborating physician and the advanced practice registered nurse;

(8) The duration of the written practice agreement between the collaborating physician and the advanced practice registered nurse; and

(9) A description of the time and manner of the collaborating physician's review of the advanced practice registered nurse's [prescribing practices] **delivery of health care services**. The description shall include provisions that the advanced practice registered nurse shall submit [documentation of] **a minimum of ten percent of the charts documenting** the advanced practice registered nurse's [prescribing practices] **delivery of health care services** to the collaborating physician [within] **for review every** fourteen days[. The documentation shall include, but not be limited to, a random sample review by the collaborating physician of at least twenty percent of the charts and medications prescribed.]; **and**

(10) The collaborating physician shall review every fourteen days a minimum of twenty percent of the charts in which the advanced practice registered nurse prescribes controlled substances. The charts reviewed under this subdivision may be counted in the number if charts required to be reviewed under subdivision (9) of this subsection.

4. The state board of registration for the healing arts pursuant to section 334.125 and the board of nursing pursuant to section 335.036, RSMo, may jointly promulgate rules regulating the use of collaborative practice arrangements. Such rules shall be limited to specifying geographic areas to be covered, the methods of treatment that may be covered by collaborative practice arrangements and the requirements for review of services provided pursuant to collaborative practice arrangements including delegating authority to prescribe controlled substances. Any rules relating to dispensing or distribution of medications or devices by prescription or prescription drug orders under this section shall be subject to the approval of the state board of pharmacy. Any rules relating to dispensing or distribution of controlled substances by prescription or prescription drug orders under this section shall be subject to the approval of the department of health and senior services and the state board of pharmacy. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither the state board of registration for the healing arts nor the board of nursing may separately promulgate rules relating to collaborative practice arrangements. Such jointly promulgated rules shall be consistent with guidelines for federally funded clinics. The rulemaking authority granted in this subsection shall not extend to collaborative practice arrangements of hospital employees providing inpatient care within hospitals as defined pursuant to chapter 197, RSMo, **or population based public health services as defined by 20 CRS 2150-5.100 as of April 30, 2008.**

5. The state board of registration for the healing arts shall not deny, revoke, suspend or otherwise take disciplinary action against a physician for health care services delegated to a registered professional nurse provided the provisions of this section and the rules promulgated thereunder are satisfied. Upon the written request of a physician subject to a disciplinary action imposed as a result of an agreement between a physician and a registered professional nurse or registered physician assistant, whether written or not, prior to August 28, 1993, all records of such disciplinary licensure action and all records pertaining to the filing, investigation or review of an alleged violation of this chapter incurred as a result of such an agreement shall be removed from the records of the state board of registration for the healing arts and the division of professional registration and shall not be disclosed to any public or private entity seeking such information from the board or the division. The state board of registration for the healing arts shall take action to correct reports of alleged violations and disciplinary actions as described in this section which have been submitted to the National Practitioner Data Bank. In subsequent applications or representations relating to his medical practice, a

physician completing forms or documents shall not be required to report any actions of the state board of registration for the healing arts for which the records are subject to removal under this section.

6. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice agreement, including collaborative practice agreements delegating the authority to prescribe controlled substances, or physician assistant agreement and also report to the board the name of each licensed professional with whom the physician has entered into such agreement. The board may make this information available to the public. The board shall track the reported information and may routinely conduct random reviews of such agreements to ensure that agreements are carried out for compliance under this chapter.

7. Notwithstanding any law to the contrary, a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016, RSMo, shall be permitted to provide anesthesia services without a collaborative practice arrangement provided that he or she is under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed. Nothing in this subsection shall be construed to prohibit or prevent a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016, RSMo, from entering into a collaborative practice arrangement under this section, except that the collaborative practice arrangement may not delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of section 195.017, RSMo.

8. A collaborating physician shall not enter into a collaborative practice arrangement with more than three full-time equivalent advanced practice registered nurses. This limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197, RSMo, or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

9. It is the responsibility of the collaborating physician to determine and document the completion of at least a one-month period of time during which the advanced practice registered nurse shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. This limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

10. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020, RSMo, if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

11. No contract or other agreement shall require a physician to act as a collaborating physician for an advanced practice registered nurse against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular advanced practice registered nurse. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any advanced practice registered nurse, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. No contract or other agreement shall require any advanced practice registered nurse to serve as a collaborating advanced practice registered nurse for any collaborating physician against the advanced practice registered nurse's will. An advanced practice registered nurse shall have the right to refuse to collaborate, without penalty, with a particular physician."; and

House Amendment No. 11

AMEND House Committee Substitute for Senate Bill No. 296, Section 346.125, Page 86, Line 45, by inserting after all of said line the following:

"376.421. 1. Except as provided in subsection 2 of this section, no policy of group health insurance shall be delivered in this state unless it conforms to one of the following descriptions:

(1) A policy issued to an employer, or to the trustees of a fund established by an employer, which employer or trustees shall be deemed the policyholder, to insure employees of the employer for the benefit of persons other than the employer, subject to the following requirements:

(a) The employees eligible for insurance under the policy shall be all of the employees of the employer, or all of any class or classes thereof. The policy may provide that the term "employees" shall include the employees of one or more subsidiary corporations, and the employees, individual proprietors, and partners of one or more affiliated corporations, proprietorships or partnerships, if the business of the employer and of such affiliated corporations, proprietorships or partnerships is under common control. The policy may provide that the term "employees" shall include the individual proprietor or partners if the employer is an individual proprietorship or partnership. The policy may provide that the term "employees" shall include retired employees, former employees and directors of a corporate employer. A policy issued to insure the employees of a public body may provide that the term "employees" shall include elected or appointed officials;

(b) The premium for the policy shall be paid either from the employer's funds or from funds contributed by the insured employees, or from both. Except as provided in paragraph (c) of this subdivision, a policy on which no part of the premium is to be derived from funds contributed by the insured employees must insure all eligible employees, except those who reject such coverage in writing; and

(c) An insurer may exclude or limit the coverage on any person as to whom evidence of individual insurability is not satisfactory to the insurer in a policy insuring fewer than ten employees and in a policy insuring ten or more employees if:

- a. Application is not made within thirty-one days after the date of eligibility for insurance; or
- b. The person voluntarily terminated the insurance while continuing to be eligible for insurance under the policy; or
- c. After the expiration of an open enrollment period during which the person could have enrolled for the insurance or could have elected another level of benefits under the policy;

(2) A policy issued to a creditor or its parent holding company or to a trustee or trustees or agent designated by two or more creditors, which creditor, holding company, affiliate, trustee, trustees or agent shall be deemed the policyholder, to insure debtors of the creditor or creditors with respect to their indebtedness subject to the following requirements:

(a) The debtors eligible for insurance under the policy shall be all of the debtors of the creditor or creditors, or all of any class or classes thereof. The policy may provide that the term "debtors" shall include:

- a. Borrowers of money or purchasers or lessees of goods, services, or property for which payment is arranged through a credit transaction;
- b. The debtors of one or more subsidiary corporations; and
- c. The debtors of one or more affiliated corporations, proprietorships or partnerships if the business of the policyholder and of such affiliated corporations, proprietorships or partnerships is under common control;

(b) The premium for the policy shall be paid either from the creditor's funds or from charges collected from the insured debtors, or from both. Except as provided in paragraph (c) of this subdivision, a policy on which no part of the premium is to be derived from funds contributed by insured debtors specifically for their insurance must insure all eligible debtors;

(c) An insurer may exclude any debtors as to whom evidence of individual insurability is not satisfactory to the insurer in a policy insuring fewer than ten debtors and in a policy insuring ten or more debtors if:

- a. Application is not made within thirty-one days after the date of eligibility for insurance; or
- b. The person voluntarily terminated the insurance while continuing to be eligible for insurance under the policy; or
- c. After the expiration of an open enrollment period during which the person could have enrolled for the insurance or could have elected another level of benefits under the policy;

(d) The total amount of insurance payable with respect to an indebtedness shall not exceed the greater of the scheduled or actual amount of unpaid indebtedness to the creditor. The insurer may exclude any payments which are delinquent on the date the debtor becomes disabled as defined in the policy;

(e) The insurance may be payable to the creditor or to any successor to the right, title, and interest of the creditor. Such payment or payments shall reduce or extinguish the unpaid indebtedness of the debtor to the extent of each such payment and any excess of insurance shall be payable to the insured or the estate of the insured;

(f) Notwithstanding the preceding provisions of this subdivision, insurance on agricultural credit transaction commitments may be written up to the amount of the loan commitment, and insurance on educational credit transaction commitments may be written up to the amount of the loan commitment less the amount of any repayments made on the loan;

(3) A policy issued to a labor union or similar employee organization, which shall be deemed to be the policyholder, to insure members of such union or organization for the benefit of persons other than the union or organization or any of its officials, representatives, or agents, subject to the following requirements:

(a) The members eligible for insurance under the policy shall be all of the members of the union or organization, or all of any class or classes thereof;

(b) The premium for the policy shall be paid either from funds of the union or organization or from funds contributed by the insured members specifically for their insurance, or from both. Except as provided in paragraph (c) of this subdivision, a policy on which no part of the premium is to be derived from funds contributed by the insured members specifically for their insurance must insure all eligible members, except those who reject such coverage in writing;

(c) An insurer may exclude or limit the coverage on any person as to whom evidence of individual insurability is not satisfactory to the insurer in a policy insuring fewer than ten members and in a policy insuring ten or more members if:

a. Application is not made within thirty-one days after the date of eligibility for insurance; or

b. The person voluntarily terminated the insurance while continuing to be eligible for insurance under the policy; or

c. After the expiration of an open enrollment period during which the person could have enrolled for the insurance or could have elected another level of benefits under the policy;

(4) A policy issued to a trust, or to the trustee of a fund, established or adopted by two or more employers, or by one or more labor unions or similar employee organizations, or by one or more employers and one or more labor unions or similar employee organizations, which trust or trustee shall be deemed the policyholder, to insure employees of the employers or members of the unions or organizations for the benefit of persons other than the employers or the unions or organizations, subject to the following requirements:

(a) The persons eligible for insurance shall be all of the employees of the employers or all of the members of the unions or organizations, or all of any class or classes thereof. The policy may provide that the term "employees" shall include the employees of one or more subsidiary corporations, and the employees, individual proprietors, and partners of one or more affiliated corporations, proprietorships or partnerships if the business of the employer and of such affiliated corporations, proprietorships or partnerships is under common control. The policy may provide that the term "employees" shall include the individual proprietor or partners if the employer is an individual proprietorship or partnership. The policy may provide that the term "employees" shall include retired employees, former employees and directors of a corporate employer. The policy may provide that the term "employees" shall include the trustees or their employees, or both, if their duties are principally connected with such trusteeship;

(b) The premium for the policy shall be paid from funds contributed by the employer or employers of the insured persons or by the union or unions or similar employee organizations, or by both, or from funds contributed by the insured persons or from both the insured persons and the employer or union or similar employee organization. Except as provided in paragraph (c) of this subdivision, a policy on which no part of the premium is to be derived from funds contributed by the insured persons specifically for their insurance, must insure all eligible persons except those who reject such coverage in writing;

(c) An insurer may exclude or limit the coverage on any person as to whom evidence of individual insurability is not satisfactory to the insurer;

(5) A policy issued to an association or to a trust or to the trustees of a fund established, created and maintained for the benefit of members of one or more associations. The association or associations shall have at the outset a minimum of fifty members; shall have been organized and maintained in good faith for purposes other than that of obtaining insurance; shall have been in active existence for at least two years; shall have a constitution and bylaws which provide that the association or associations shall hold regular meetings not less than annually to further the purposes of the members; shall, except for credit unions, collect dues or solicit contributions from members; and shall provide the members with voting privileges and representation on the governing board and committees. The policy shall be subject to the following requirements:

(a) The policy may insure members of such association or associations, employees thereof, or employees of members, or one or more of the preceding, or all of any class or classes thereof for the benefit of persons other than the employee's employer;

(b) The premium for the policy shall be paid from funds contributed by the association or associations or by employer members, or by both, or from funds contributed by the covered persons or from both the covered persons and the association, associations, or employer members;

(c) Except as provided in paragraph (d) of this subdivision, a policy on which no part of the premium is to be derived from funds contributed by the covered persons specifically for their insurance must insure all eligible persons, except those who reject such coverage in writing;

(d) An insurer may exclude or limit the coverage on any person as to whom evidence of individual insurability is not satisfactory to the insurer;

(e) If the health benefit plan, as defined in section 376.1350, is delivered, issued for delivery, continued or renewed, is providing coverage to any resident of this state, and is providing coverage to [both] **sole proprietors, self-employed persons**, small employers as defined in subsection 2 of section 379.930, RSMo, and large employers, the insurer providing the coverage to the association or trust or trustees of a fund established, created, and maintained for the benefit of members of one or more associations may be exempt from subdivision (1) of subsection 1 of section 379.936, RSMo, as it relates to the association plans established under this section. The director shall find that an exemption would be in the public interest and approved and that additional classes of business may be approved under subsection 4 of section 379.934, RSMo, if the director determines that the health benefit plan:

a. Is underwritten and rated as a single employer;

b. Has a uniform health benefit plan design option or options for all participating association members or employers;

c. Has guarantee issue to all association members and all eligible employees, as defined in subsection 2 of section 379.930, RSMo, of any participating association member company; and

(c) An insurer may exclude or limit the coverage on any member as to whom evidence of individual insurability is not satisfactory to the insurer;

(7) A policy issued to cover persons in a group where that group is specifically described by a law of this state as one which may be covered for group life insurance. The provisions of such law relating to eligibility and evidence of insurability shall apply.

2. Group health insurance offered to a resident of this state under a group health insurance policy issued to a group other than one described in subsection 1 of this section shall be subject to the following requirements:

(1) No such group health insurance policy shall be delivered in this state unless the director finds that:

(a) The issuance of such group policy is not contrary to the best interest of the public;

(b) The issuance of the group policy would result in economies of acquisition or administration; and

(c) The benefits are reasonable in relation to the premiums charged;

(2) No such group health insurance coverage may be offered in this state by an insurer under a policy issued in another state unless this state or another state having requirements substantially similar to those contained in subdivision (1) of this subsection has made a determination that such requirements have been met;

HR 515, (4-22-09, Pages 1218-1219) - Jones (117)

JOURNAL OF THE HOUSE

First Regular Session, 95th GENERAL ASSEMBLY

SIXTY-FIFTH DAY, THURSDAY, APRIL 30, 2009

The House met pursuant to adjournment.

Speaker Richard in the Chair.

Prayer by Msgr. Donald W. Lammers.

On this date, in 1789, George Washington took office as the first President of the United States. Let us join in the prayer he offered in his inaugural address:

(I make)
"...fervent supplications to the Almighty Being
who rules over the universe,
who presides in the councils of nations,
and whose providential aids can supply every human defect,
that His benediction may consecrate
to the liberties and happiness of the people...
a Government instituted by themselves...
and may enable every (person) employed in its administration
to execute with success the functions allotted to his charge."
(From The American Patriots Almanac, p. 137)

Almighty God, may this prayer continue to be fulfilled in the providential aids You give us, that we may succeed in the functions allotted to our charge, and that we may glorify You now and forever. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Candice Howe, Allison Hudson, Katie Altheide, Kristen Dodd, Ashley Cummins, Matt Karr, Alec Voss, Louis Burton, Tony Hodgson, Chance Bedell, Joseph White, Madi Hale, Sam Stuteville, Bella Nunez, Lance Brenton, Grace Deien, Hannah Deien, Audrey Deien, Frances Price, Kirstin Clark, Lindsay Hampton, Alex Kersting, Katherine Spradling, Max Franck and Austin Kuennen.

AMEND House Committee Substitute for Senate Bill No. 464, Page 31, Section 375.1224, Line 16, by inserting after all of said line the following:

"376.388. 1. A pharmacy benefits manager, as defined in section 376.1460, shall remit on a monthly basis to the plan sponsor a summary of each claim submitted by the pharmacy benefits manager to the plan sponsor which shall include the prescription number, the eleven-digit National Drug Code (NDC) number used to calculate the charge to the plan sponsor and the National Drug Code (NDC) used to calculate the reimbursement to the pharmacy for such claim, the quantity and the net amount paid by the plan sponsor to the pharmacy benefits manager.

2. A pharmacy benefits manager shall not:

(1) Automatically enroll or passively enroll the pharmacy in a contract, or modify an existing contract without written affirmation from the pharmacy or pharmacist;

(2) Require that a pharmacy or pharmacist participate in one pharmacy benefits manager contract in order to participate in another contract; or

(3) Discriminate between in-network pharmacies or pharmacists on the basis of co-payments or days of supply unless such pharmacy declines to fill such prescriptions at the price allowed to other in-network pharmacies for such prescription.

3. When an insured presents a prescription to a pharmacy in the pharmacy benefits manager's network, the pharmacy benefits manager shall not reassign such prescription to be filled by any other pharmacy. When the pharmacy benefits manager contacts the prescribing health care practitioner to affirm or modify the original prescription, the affirmed or modified prescription shall be filled at the in-network pharmacy of the patient's choice to which the insured presented the original prescription. This subsection shall not apply to any prescribed specialty drug with a specific formulation.

376.389. 1. A health benefit plan or health care services contract that covers prescription drugs shall not limit, reduce, or deny coverage for any immunosuppressive drug if, prior to the limitation, reduction, or denial of coverage:

- (1) Any insured was using the immunosuppressive drug;
- (2) Such insured or insureds were covered under the plan or contract; and
- (3) The immunosuppressive drug was covered under the plan or contract for such insured individual or individuals.

2. A limitation, reduction, or denial of coverage includes removing an immunosuppressive drug from the formulary or other drug list, imposing new prior authorization or other utilization management tools, or placing the immunosuppressive drug on a formulary tier that increases the patient's cost-sharing obligations or otherwise increases the patient's cost-sharing obligations.

3. Nothing in this section shall prohibit an insurer from making uniform changes in its benefit design that apply to all covered drugs, uniformly removing a drug from the formulary list for all insureds, or increasing cost-sharing obligations merely due to a percentage coinsurance payment that necessarily increases with an increase in the underlying drug prices.”; and

Further amend said bill, Page 32, Section 376.502, Line 14, by inserting after all of said line the following:

“**376.1460. 1.** As used in sections 376.1460 to 376.1464, the following terms shall mean:

(1) "Health carrier", the same meaning as such term is defined in section 376.1350; except when such health care services are provided, delivered, arranged for, paid for, or reimbursed by the department of social services or the department of mental health;

(2) "Pharmacy benefit manager" or "PBM", a person or entity other than a pharmacy or pharmacist acting as an administrator in connection with pharmacy benefits;

(3) "Switch communication", a communication to a patient or the patient's physician from a health carrier or PBM that recommends a patient's medication be switched by the original prescribing health care professional to a different medication than the medication originally prescribed by the prescribing health care professional. A switch communication shall:

(a) Clearly identify the originally prescribed medication and the medication to which it has been proposed that the patient should be switched;

(b) Explain any financial incentives that may be provided to, or have been offered to, the prescribing health care professional by the health carrier or PBM that could result in the switch to the different drug;

(c) Explain any clinical affects that the proposed medication may have on the patient which are different than those of the originally prescribed medication;

(d) Advise the patient of the right to discuss the proposed change in treatment before such a switch takes place, including a discussion with the patient's prescribing practitioner; and

(e) Explain any cost sharing changes for which the patient is responsible; and

(f) Clearly identify the net change in cost to the health insurance payer, including employers, which will result from the use of the proposed drug in lieu of the originally prescribed medication.

2. Anytime a patient's prescribed medication is recommended to be switched to a medication other than that originally prescribed by the prescribing practitioner, the following communications shall be sent:

(1) A switch communication to the patient; and

(2) Information to the plan sponsor or health carrier utilizing a PBM regarding the recommended medication, shown in currency form, and the cost, shown in currency form, of the originally prescribed medication. Such communication shall include notice of medication switches among plan participants, including any financial incentive the health carrier or PBM may be utilizing to encourage or induce the switch. Information contained in the notification shall be in the aggregate and shall not contain any personally identifiable information.

The provisions of this subsection shall not apply to any substitution made under subsection 2 of section 338.056, RSMo, unless such substitute results in a higher cost to the patient or health insurance payer.

3. All health carriers and pharmacy benefit managers shall submit the format and language for any switch communication that will be sent to a patient under this section to the department of insurance, financial institutions and professional registration for approval. The department shall examine the format and language of the switch communication to ensure it meets the criteria for a switch communication as described in this section. The department shall have sixty days to review and issue a statement to the health carrier or pharmacy benefit manager that the format and language of the switch communication either does or does not comply with the statute. In the event the department's response indicates non-compliance with the statute, the department shall site specific reasons for such decision. The department shall also promulgate rules governing switch communications. Such rules shall include, but not be limited to the following:

(1) Procedures for verifying the accuracy of any switch communications from health carriers and pharmacy benefit managers to ensure that such switch communications are truthful, accurate, and not misleading based on cost to the patient and plan sponsor, the product package labeling, medical compendia recognized by the MO HealthNet program for the drug utilization review program, and peer-reviewed medical literature;

(2) Except for a substitution due to the Food and Drug Administration's withdrawal of a drug for prescription, a requirement that all switch communications bear a prominent notification on the first page clearly indicating the switch communication is not a product safety notice.

4. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

376.1462. 1. Issuing or delivering or causing to be issued or delivered a switch communication that has not been approved and is not in compliance with the requirements of section 376.1460 is punishable by a fine not to exceed twenty-five thousand dollars.

2. Providing a misrepresentation or false statement in a switch communication under section 376.1460 is punishable by a fine not to exceed twenty-five thousand dollars.

3. Any other material violation of section 376.1460 is punishable by a fine not to exceed twenty-five thousand dollars.

376.1464. 1. When medications for the treatment of any medical condition are restricted for use by a health carrier or PBM by a step therapy or fail first protocol, a prescriber shall have access to a clear and convenient process to expeditiously request an override for such restriction from the PBM or health carrier. An override of such restriction shall be expeditiously granted by the health carrier or PBM when:

(1) The prescriber can demonstrate, based on sound clinical evidence, that the preferred treatment required under the step therapy or fail first protocol has been ineffective in the treatment of the covered person's disease or medical condition; or

(2) Based on sound clinical evidence or medical and scientific evidence:

(a) The prescriber can demonstrate that the preferred treatment required under the step therapy or fail first protocol is expected or likely to be ineffective based on the known relevant physical or mental characteristics of the covered person and known characteristics of the drug regimen; or

(b) The prescriber can demonstrate that the preferred treatment required under the step therapy or fail first protocol will cause or will likely cause an adverse reaction or other harm to the covered person.

2. The duration of any step therapy or fail first protocol shall not be longer than a period of fourteen days when such treatment is deemed clinically ineffective by the prescribing physician. However, when the health carrier or PBM can show, through sound clinical evidence, the originally prescribed medication is likely to require more than two weeks to provide any relief or amelioration to the patient the step therapy or fail first protocol may be extended up to seven additional days.

3. Nothing in this section shall require the PBM or health carrier to grant an exception to the step therapy or fail first protocol if the prescriber fails to meet the requirements in subsection 1 of this section.

4. Nothing in this section shall be construed as requiring coverage for any condition which is specifically excluded by the insurance policy or contract and not otherwise required by law.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

House Amendment No. 2

AMEND House Committee Substitute for Senate Bill No. 464, Page 5, Section 148.370, Line 13, by inserting after all of said section the following:

“301.560. 1. In addition to the application forms prescribed by the department, each applicant shall submit the following to the department:

(1) Every application other than a renewal application for a motor vehicle franchise dealer shall include a certification that the applicant has a bona fide established place of business. Such application shall include an annual certification that the applicant has a bona fide established place of business for the first three years and only for every other year thereafter. The certification shall be performed by a uniformed member of the Missouri state highway patrol or authorized or designated employee stationed in the troop area in which the applicant's place of business is located; except that in counties of the first classification, certification may be performed by an officer of a metropolitan police department when the applicant's established place of business of distributing or selling motor vehicles or trailers is in the metropolitan area where the certifying metropolitan police officer is employed. When the application is being made for licensure as a boat manufacturer or boat dealer, certification shall be performed by a uniformed member of the Missouri state water patrol stationed in the district area in which the applicant's place of business is located or by a uniformed member of the Missouri state highway patrol stationed in the troop area in which the applicant's place of business is located or, if the applicant's place of business is located within the jurisdiction of a metropolitan police department in a first class county, by an officer of such metropolitan police department. A bona fide established place of business for any new motor vehicle franchise dealer, used motor vehicle dealer, boat dealer, powersport dealer, wholesale motor vehicle dealer, trailer dealer, or wholesale or public auction shall be a permanent enclosed building or structure, either owned in fee or leased and actually occupied as a place of business by the applicant for the selling, bartering, trading, servicing, or exchanging of motor vehicles, boats, personal watercraft, or trailers and wherein the public may contact the owner or operator at any reasonable time, and wherein shall be kept and maintained the books, records, files and other matters required and necessary to conduct the business. The applicant's place of business shall contain a working telephone which shall be maintained during the entire registration year. In order to qualify as a bona fide established place of business for all applicants licensed pursuant to this section there shall be an exterior sign displayed carrying the name of the business set forth in letters at least six inches in height and clearly visible to the public and there shall be an area or lot which shall not be a public street on which multiple vehicles, boats, personal watercraft, or trailers may be displayed. The sign shall contain the name of the dealership by which it is known to the public through advertising or otherwise, which need not be identical to the name appearing on the dealership's license so long as such name is registered as a fictitious name with the secretary of state, has been approved by its line-make manufacturer in writing in the case of a new motor vehicle franchise dealer and a copy of such fictitious name registration has been provided to the department. Dealers who sell only emergency vehicles as defined in section 301.550 are exempt from maintaining a bona fide place of business, including the related law enforcement certification requirements, and from meeting the minimum yearly sales;

(2) The initial application for licensure shall include a photograph, not to exceed eight inches by ten inches but no less than five inches by seven inches, showing the business building, lot, and sign. A new motor vehicle franchise dealer applicant who has purchased a currently licensed new motor vehicle franchised dealership shall be allowed to submit a photograph of the existing dealership building, lot and sign but shall be required to submit a new photograph upon the installation of the new dealership sign as required by sections 301.550 to 301.573. Applicants shall not be required to submit a photograph annually unless the business has moved from its previously licensed location, or unless the name of the business or address has changed, or unless the class of business has changed;

(3) Every applicant as a new motor vehicle franchise dealer, a used motor vehicle dealer, a powersport dealer, a wholesale motor vehicle dealer, trailer dealer, or boat dealer shall furnish with the application a corporate surety bond or an irrevocable letter of credit as defined in section 400.5-103, RSMo, issued by any state or federal financial institution in the penal sum of twenty-five thousand dollars on a form approved by the department. The bond or

irrevocable letter of credit shall be conditioned upon the dealer complying with the provisions of the statutes applicable to new motor vehicle franchise dealers, used motor vehicle dealers, powersport dealers, wholesale motor vehicle dealers, trailer dealers, and boat dealers, and the bond shall be an indemnity for any loss sustained by reason of the acts of the person bonded when such acts constitute grounds for the suspension or revocation of the dealer's license. The bond shall be executed in the name of the state of Missouri for the benefit of all aggrieved parties or the irrevocable letter of credit shall name the state of Missouri as the beneficiary; except, that the aggregate liability of the surety or financial institution to the aggrieved parties shall, in no event, exceed the amount of the bond or irrevocable letter of credit. The proceeds of the bond or irrevocable letter of credit shall be paid upon receipt by the department of a final judgment from a Missouri court of competent jurisdiction against the principal and in favor of an aggrieved party. Additionally, every applicant as a new motor vehicle franchise dealer, a used motor vehicle dealer, a powersport dealer, a wholesale motor vehicle dealer, [trailer dealer,] or boat dealer shall furnish with the application a copy of a current dealer garage policy bearing the policy number and name of the insurer and the insured;

(4) Payment of all necessary license fees as established by the department. In establishing the amount of the annual license fees, the department shall, as near as possible, produce sufficient total income to offset operational expenses of the department relating to the administration of sections 301.550 to 301.573. All fees payable pursuant to the provisions of sections 301.550 to 301.573, other than those fees collected for the issuance of dealer plates or certificates of number collected pursuant to subsection 6 of this section, shall be collected by the department for deposit in the state treasury to the credit of the "Motor Vehicle Commission Fund", which is hereby created. The motor vehicle commission fund shall be administered by the Missouri department of revenue. The provisions of section 33.080, RSMo, to the contrary notwithstanding, money in such fund shall not be transferred and placed to the credit of the general revenue fund until the amount in the motor vehicle commission fund at the end of the biennium exceeds two times the amount of the appropriation from such fund for the preceding fiscal year or, if the department requires permit renewal less frequently than yearly, then three times the appropriation from such fund for the preceding fiscal year. The amount, if any, in the fund which shall lapse is that amount in the fund which exceeds the multiple of the appropriation from such fund for the preceding fiscal year.

2. In the event a new vehicle manufacturer, boat manufacturer, motor vehicle dealer, wholesale motor vehicle dealer, boat dealer, powersport dealer, wholesale motor vehicle auction, trailer dealer, or a public motor vehicle auction submits an application for a license for a new business and the applicant has complied with all the provisions of this section, the department shall make a decision to grant or deny the license to the applicant within eight working hours after receipt of the dealer's application, notwithstanding any rule of the department.

3. Upon the initial issuance of a license by the department, the department shall assign a distinctive dealer license number or certificate of number to the applicant and the department shall issue one number plate or certificate bearing the distinctive dealer license number or certificate of number and two additional number plates or certificates of number within eight working hours after presentment of the application. Upon renewal, the department shall issue the distinctive dealer license number or certificate of number as quickly as possible. The issuance of such distinctive dealer license number or certificate of number shall be in lieu of registering each motor vehicle, trailer, vessel or vessel trailer dealt with by a boat dealer, boat manufacturer, manufacturer, public motor vehicle auction, wholesale motor vehicle dealer, wholesale motor vehicle auction or new or used motor vehicle dealer.

4. Notwithstanding any other provision of the law to the contrary, the department shall assign the following distinctive dealer license numbers to:

For purposes of this subsection, qualified transactions shall include the purchase of salvage titled vehicles by a licensed salvage dealer. A used motor vehicle dealer who also holds a salvage dealer's license shall be allowed one additional plate or certificate number per fifty-unit qualified transactions annually. In order for salvage dealers to obtain number plates or certificates under this section, dealers shall submit to the department of revenue on August first of each year a statement certifying, under penalty of perjury, the dealer's number of purchases during the reporting period of July first of the immediately preceding year to June thirtieth of the present year. The provisions of this subsection shall become effective on the date the director of the department of revenue begins to reissue new license plates under section 301.130, or on December 1, 2008, whichever occurs first. If the director of revenue begins reissuing new license plates under the authority granted under section 301.130 prior to December 1, 2008, the director of the department of revenue shall notify the revisor of statutes of such fact.

5. Upon the sale of a currently licensed new motor vehicle franchise dealership the department shall, upon request, authorize the new approved dealer applicant to retain the selling dealer's license number and shall cause the new dealer's records to indicate such transfer.

6. In the case of new motor vehicle manufacturers, motor vehicle dealers, powersport dealers, recreational motor vehicle dealers, and trailer dealers, the department shall issue one number plate bearing the distinctive dealer license number and may issue two additional number plates to the applicant upon payment by the manufacturer or dealer of a fifty dollar fee for the number plate bearing the distinctive dealer license number and ten dollars and fifty cents for each additional number plate. Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. Boat dealers and boat manufacturers shall be entitled to one certificate of number bearing such number upon the payment of a fifty dollar fee. Additional number plates and as many additional certificates of number may be obtained upon payment of a fee of ten dollars and fifty cents for each additional plate or certificate. New motor vehicle manufacturers shall not be issued or possess more than three hundred forty-seven additional number plates or certificates of number annually. New and used recreational motor vehicle dealers are limited to two additional plates or certificate of number per ten-unit qualified transactions annually for their first fifty transactions and one additional plate or certificate of number per ten-unit qualified transactions thereafter. An applicant seeking the issuance of an initial license shall indicate on his or her initial application the applicant's proposed annual number of sales in order for the director to issue the appropriate number of additional plates or certificates of number. A motor vehicle dealer, trailer dealer, boat dealer, powersport dealer, recreational motor vehicle dealer, motor vehicle manufacturer, boat manufacturer, or wholesale motor vehicle dealer obtaining a distinctive dealer license plate or certificate of number or additional license plate or additional certificate of number, throughout the calendar year, shall be required to pay a fee for such license plates or certificates of number computed on the basis of one-twelfth of the full fee prescribed for the original and duplicate number plates or certificates of number for such dealers' licenses, multiplied by the number of months remaining in the licensing period for which the dealer or manufacturers shall be required to be licensed. In the event of a renewing dealer, the fee due at the time of renewal shall not be prorated. Wholesale and public auctions shall be issued a certificate of dealer registration in lieu of a dealer number plate. In order for dealers to obtain number plates or certificates under this section, dealers shall submit to the department of revenue on August first of each year a statement certifying, under penalty of perjury, the dealer's number of sales during the reporting period of July first of the immediately preceding year to June thirtieth of the present year.

7. The plates issued pursuant to subsection 3 or 6 of this section may be displayed on any motor vehicle owned by a new motor vehicle manufacturer. The plates issued pursuant to subsection 3 or 6 of this section may be displayed on any motor vehicle or trailer owned and held for resale by a motor vehicle dealer for use by a customer who is test driving the motor vehicle, for use and display purposes during, but not limited to, parades, private events, charitable events, or for use by an employee or officer, but shall not be displayed on any motor vehicle or trailer hired or loaned to others or upon any regularly used service or wrecker vehicle. Motor vehicle dealers may display their dealer plates on a tractor, truck or trailer to demonstrate a vehicle under a loaded condition. Trailer dealers may display their dealer license plates in like manner, except such plates may only be displayed on trailers owned and held for resale by the trailer dealer.

8. The certificates of number issued pursuant to subsection 3 or 6 of this section may be displayed on any vessel or vessel trailer owned and held for resale by a boat manufacturer or a boat dealer, and used by a customer who is test

driving the vessel or vessel trailer, or is used by an employee or officer on a vessel or vessel trailer only, but shall not be displayed on any motor vehicle owned by a boat manufacturer, boat dealer, or trailer dealer, or vessel or vessel trailer hired or loaned to others or upon any regularly used service vessel or vessel trailer. Boat dealers and boat manufacturers may display their certificate of number on a vessel or vessel trailer when transporting a vessel or vessels to an exhibit or show.

9. Wholesale and public auto auctions and applicants currently holding a new or used license for a separate dealership shall be exempt from the requirements of this subsection. The provisions of this subsection shall not apply to current new motor vehicle franchise dealers or motor vehicle leasing agencies or applicants for a new motor vehicle franchise or a motor vehicle leasing agency. The provisions of this subsection shall not apply to used motor vehicle dealers who were licensed prior to August 28, 2006.

(2) The educational seminar shall include, but is not limited to, the dealer requirements of sections 301.550 to 301.573, the rules promulgated to implement, enforce, and administer sections 301.550 to 301.570, and any other rules and regulations promulgated by the department.”; and

House Amendment No. 1

AMEND House Committee Substitute for Senate Bill No. 215, Section 348.274, Page 34, Line 134, by inserting after all of said line the following:

"447.708. 1. For eligible projects, the director of the department of economic development, with notice to the directors of the departments of natural resources and revenue, and subject to the other provisions of sections 447.700 to 447.718, may not create a new enterprise zone but may decide that a prospective operator of a facility being remedied and renovated pursuant to sections 447.700 to 447.718 may receive the tax credits and exemptions pursuant to sections 135.100 to 135.150, RSMo, and sections 135.200 to 135.257, RSMo. The tax credits allowed pursuant to this subsection shall be used to offset the tax imposed by chapter 143, RSMo, excluding withholding tax imposed by sections 143.191 to 143.265, RSMo, or the tax otherwise imposed by chapter 147, RSMo, or the tax otherwise imposed by chapter 148, RSMo. For purposes of this subsection:

(1) For receipt of the ad valorem tax abatement pursuant to section 135.215, RSMo, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs. The city, or county if the eligible project is not located in a city, must provide ad valorem tax abatement of at least fifty percent for a period not less than ten years and not more than twenty-five years;

(2) For receipt of the income tax exemption pursuant to section 135.220, RSMo, and tax credit for new or expanded business facilities pursuant to sections 135.100 to 135.150, and 135.225, RSMo, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs, or combination thereof. For purposes of sections 447.700 to 447.718, the tax credits described in section 135.225, RSMo, are modified as follows: the tax credit shall be four hundred dollars per employee per year, an additional four hundred dollars per year for each employee exceeding the minimum employment thresholds of ten and twenty-five jobs for new and existing businesses, respectively, an additional four hundred dollars per year for each person who is a person difficult to employ as defined by section 135.240, RSMo, and investment tax credits at the same amounts and levels as provided in subdivision (4) of subsection 1 of section 135.225, RSMo;

(3) For eligibility to receive the income tax refund pursuant to section 135.245, RSMo, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs, or combination thereof, and otherwise comply with the provisions of section 135.245, RSMo, for application and use of the refund and the eligibility requirements of this section;

(4) The eligible project operates in compliance with applicable environmental laws and regulations, including permitting and registration requirements, of this state as well as the federal and local requirements;

(5) The eligible project operator shall file such reports as may be required by the director of economic development or the director's designee;

(6) The taxpayer may claim the state tax credits authorized by this subsection and the state income exemption for a period not in excess of ten consecutive tax years. For the purpose of this section, "taxpayer" means an individual proprietorship, partnership or corporation described in section 143.441 or 143.471, RSMo, who operates an eligible project. The director shall determine the number of years the taxpayer may claim the state tax credits and the state income exemption based on the projected net state economic benefits attributed to the eligible project;

(7) For the purpose of meeting the new job requirement prescribed in subdivisions (1), (2) and (3) of this subsection, it shall be required that at least ten new jobs be created and maintained during the taxpayer's tax period for which the credits are earned, in the case of an eligible project that does not replace a similar facility in Missouri. "New job" means a person who was not previously employed by the taxpayer or related taxpayer within the twelve-month period immediately preceding the time the person was employed by that taxpayer to work at, or in connection with, the eligible project on a full-time basis. "Full-time basis" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned. For the purposes of this section, "related taxpayer" has the same meaning as defined in subdivision (9) of section 135.100, RSMo;

(8) For the purpose of meeting the existing job retention requirement, if the eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, it shall be required that at least twenty-five existing jobs be retained at, and in connection with the eligible project, on a full-time basis during the taxpayer's tax period for which the credits are earned. "Retained job" means a person who was previously employed by the taxpayer or related taxpayer, at a facility similar to the eligible project that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, within the tax period immediately preceding the time the person was employed by the taxpayer to work at, or in connection with, the eligible project on a full-time basis. "Full-time basis" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned;

(9) In the case where an eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, the owner and operator of the eligible project shall provide the director with a written statement explaining the reason for discontinuing operations at the closed facility. The statement shall include a comparison of the activities performed at the closed facility prior to the date the facility ceased operating, to the activities performed at the eligible project, and a detailed account describing the need and rationale for relocating to the eligible project. If the director finds the relocation to the eligible project significantly impaired the economic stability of the area in which the closed facility was located, and that such move was detrimental to the overall economic development efforts of the state, the director may deny the taxpayer's request to claim tax benefits;

(10) Notwithstanding any provision of law to the contrary, for the purpose of this section, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment used at the eligible project during any tax year shall be determined by dividing by twelve, in the case of jobs, the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month of the tax year. If the eligible project is in operation for less than the entire tax year, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment created at the eligible project during any tax year shall be determined by dividing the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month during the portion of the tax year during which the eligible project was in operation, by the number of full calendar months during such period;

(11) For the purpose of this section, "new qualified investment" means new business facility investment as defined and as determined in subdivision (7) of section 135.100, RSMo, which is used at and in connection with the eligible project. "New qualified investment" shall not include small tools, supplies and inventory. "Small tools" means tools that are portable and can be hand held.

2. The determination of the director of economic development pursuant to subsection 1 of this section shall not affect requirements for the prospective purchaser to obtain the approval of the granting of real property tax abatement by the municipal or county government where the eligible project is located.

3. (1) The director of the department of economic development, with the approval of the director of the department of natural resources, may, in addition to the tax credits allowed in subsection 1 of this section, grant a remediation tax credit to the applicant for up to one hundred percent of the costs of materials, supplies, equipment, labor, professional engineering, consulting and architectural fees, permitting fees and expenses, demolition, asbestos abatement, **environmental insurance premiums, backfill of areas where contaminated soil excavation occurs**, and direct utility charges for performing the voluntary remediation activities for the preexisting hazardous substance contamination and releases, including, but not limited to, the costs of performing operation and maintenance of the remediation equipment at the property beyond the year in which the systems and equipment are built and installed at the eligible project and the costs of performing the voluntary remediation activities over a period not in excess of four tax years following the taxpayer's tax year in which the system and equipment were first put into use at the eligible project, provided the remediation activities are the subject of a plan submitted to, and approved by, the director of natural resources pursuant to sections 260.565 to 260.575, RSMo. The tax credit may also include up to one hundred percent of the costs of demolition that are not directly part of the remediation activities, provided that the demolition is on the property where the voluntary remediation activities are occurring, the demolition is necessary to accomplish the planned use of the facility where the remediation activities are occurring, and the demolition is part of a redevelopment plan approved by the municipal or county government and the department of economic development. The demolition may occur on an adjacent property if the project is located in a municipality which has a population less than twenty thousand and the above conditions are otherwise met. The adjacent property shall independently qualify as abandoned or underutilized. The amount of the credit available for demolition not associated with remediation cannot exceed the total amount of credits approved for remediation including demolition required for remediation.

(2) The amount of remediation tax credits issued shall be limited to the least amount necessary to cause the project to occur, as determined by the director of the department of economic development.

(3) The director may, with the approval of the director of natural resources, extend the tax credits allowed for performing voluntary remediation maintenance activities, in increments of three-year periods, not to exceed five consecutive three-year periods. The tax credits allowed in this subsection shall be used to offset the tax imposed by chapter 143, RSMo, excluding withholding tax imposed by sections 143.191 to 143.265, RSMo, or the tax otherwise imposed by chapter 147, RSMo, or the tax otherwise imposed by chapter 148, RSMo. The remediation tax credit may be taken in the same tax year in which the tax credits are received or may be taken over a period not to exceed twenty years.

(4) The project facility shall be projected to create at least ten new jobs or at least twenty-five retained jobs, or a combination thereof, as determined by the department of economic development, to be eligible for tax credits pursuant to this section.

(5) No more than seventy-five percent of earned remediation tax credits may be issued when the remediation costs were paid, and the remaining percentage may be issued when the department of natural resources issues a "Letter of Completion" letter or covenant not to sue following completion of the voluntary remediation activities. It shall not include any costs associated with ongoing operational environmental compliance of the facility or remediation costs arising out of spills, leaks, or other releases arising out of the ongoing business operations of the facility. **In the event the department of natural resources issues a "letter of completion" letter for a portion of a property, an impacted media such as soil or groundwater, or for a site or a portion of a site improvement, a prorated amount of the remaining percentage may be released based on the percentage of the total site receiving a letter of completion.**

4. In the exercise of the sound discretion of the director of the department of economic development or the director's designee, the tax credits and exemptions described in this section may be terminated, suspended or revoked, if the eligible project fails to continue to meet the conditions set forth in this section. In making such a determination, the director shall consider the severity of the condition violation, actions taken to correct the violation, the frequency of any condition violations and whether the actions exhibit a pattern of conduct by the eligible facility owner and operator. The director shall also consider changes in general economic conditions and the recommendation of the director of the department of natural resources, or his or her designee, concerning the severity, scope, nature, frequency and extent of any violations of the environmental compliance conditions. The taxpayer or person claiming the tax credits or exemptions may appeal the decision regarding termination, suspension or revocation of any tax credit or exemption in accordance with the procedures outlined in subsections 4 to 6 of section 135.250, RSMo. The director of the department of economic development shall notify the directors of the departments of natural resources and revenue of the termination, suspension or revocation of any tax credits as determined in this section or pursuant to the provisions of section 447.716.

5. Notwithstanding any provision of law to the contrary, no taxpayer shall earn the tax credits, exemptions or refund otherwise allowed in subdivisions (2), (3) and (4) of subsection 1 of this section and the tax credits otherwise allowed in section 135.110, RSMo, or the tax credits, exemptions and refund otherwise allowed in sections 135.215, 135.220, 135.225 and 135.245, RSMo, respectively, for the same facility for the same tax period.

6. The total amount of the tax credits allowed in subsection 1 of this section may not exceed the greater of:

(1) That portion of the taxpayer's income attributed to the eligible project; or
 (2) One hundred percent of the total business' income tax if the eligible facility does not replace a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; fifty percent of the total business' income tax if the eligible facility replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; or twenty-five percent of the total business income if the taxpayer operates, in addition to the eligible facility, any other facilities in Missouri. In no case shall a taxpayer operating more than one eligible project in Missouri be allowed to offset more than twenty-five percent of the taxpayer's business income in any tax period. That portion of the taxpayer's income attributed to the eligible project as referenced in subdivision (1) of this subsection, for which the credits allowed in sections 135.110 and 135.225, RSMo, and subsection 3 of this section, may apply, shall be determined in the same manner as prescribed in subdivision (6) of section 135.100, RSMo. That portion of the taxpayer's franchise tax attributed to the eligible project for which the remediation tax credit may offset, shall be determined in the same manner as prescribed in paragraph (a) of subdivision (6) of section 135.100, RSMo.

7. Taxpayers claiming the state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first put into use. Otherwise, the taxpayer's right to claim such state tax benefits shall be forfeited. Unused business facility and enterprise zone tax credits shall not be carried forward but shall be initially claimed for the tax period during which the eligible project was first capable of being used, and during any applicable subsequent tax periods.

8. Taxpayers claiming the remediation tax credit allowed in subsection 3 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first put into use, or during the taxpayer's tax period immediately after the tax period in which the voluntary remediation activities were performed.

9. The recipient of remediation tax credits, for the purpose of this subsection referred to as assignor, may assign, sell or transfer, in whole or in part, the remediation tax credit allowed in subsection 3 of this section to any other

person, for the purpose of this subsection referred to as assignee. To perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to transfer the tax credits to the assignee, the date the transfer is effective, the assignee's name, address and the assignee's tax period and the amount of tax credits to be transferred. The number of tax periods during which the assignee may subsequently claim the tax credits shall not exceed twenty tax periods, less the number of tax periods the assignor previously claimed the credits before the transfer occurred.

10. In the case where an operator and assignor of an eligible project has been certified to claim state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section, and sells or otherwise transfers title of the eligible project to another taxpayer or assignee who continues the same or substantially similar operations at the eligible project, the director shall allow the assignee to claim the credits for a period of time to be determined by the director; except that, the total number of tax periods the tax credits may be earned by the assignor and the assignee shall not exceed ten. To perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to transfer the tax credits to the assignee, the date the transfer is effective, the assignee's name, address, and the assignee's tax period, and the amount of tax credits to be transferred.

11. For the purpose of the state tax benefits described in this section, in the case of a corporation described in section 143.471, RSMo, or partnership, in computing Missouri's tax liability, such state benefits shall be allowed to the following:

- (1) The shareholders of the corporation described in section 143.471, RSMo;
- (2) The partners of the partnership. The credit provided in this subsection shall be apportioned to the entities described in subdivisions (1) and (2) of this subsection in proportion to their share of ownership on the last day of the taxpayer's tax period.

620.472. 1. The department shall establish a new or expanding industry training program, the purpose of which is to provide assistance for new or expanding industries for the training, retraining or upgrading of the skills of potential employees. **Training may include preemployment training, and services may include analysis of the specified training needs for such company, development of training plans, and provision of training through qualified training staff. Such program may fund in-plant training analysis, curriculum development, assessment and preselection tools, publicity for the program, instructional services, rental of instructional facilities with necessary utilities, access to equipment and supplies, other necessary services, overall program direction, and an adequate staff to carry out an effective training program. In addition, the program may fund a coordinated transportation program for trainings if the training can be more effectively provided outside the community where the jobs are to be located. In-plant training analysis shall include fees for professionals and necessary travel and expenses.** Such program may also provide assistance in the locating of skilled employees and in the locating of additional sources of job training funds. Such program shall be operated with appropriations made by the general assembly from the fund.

2. Assistance under the new or expanding industry training program may be available only for industries whose investments relate directly to a projected increase in employment which will result in the need for training of newly hired employees or the retraining or upgrading of the skills of existing employees for new jobs created by the new or expanding industry's investment.

3. The department shall issue rules and regulations governing the awarding of funds administered through the new or expanding industry training program. When promulgating these rules and regulations, the department shall consider such factors as the potential number of new permanent jobs to be created, the amount of private sector investment in new facilities and equipment, the significance of state funding to the industry's decision to locate or expand in Missouri, the economic need of the affected community, and the importance of the industry to the economic development of Missouri."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

"135.535. 1. A corporation, limited liability corporation, partnership or sole proprietorship, which moves its operations from outside Missouri or outside a distressed community into a distressed community, or which commences operations in a distressed community on or after January 1, 1999, and in either case has more than seventy-five percent of its employees at the facility in the distressed community, and which has fewer than one hundred employees for whom payroll taxes are paid, and which is a manufacturing, biomedical, medical devices, scientific research, animal research, computer software design or development, computer programming, including Internet, web hosting, and other information technology, wireless or wired or other telecommunications or a professional firm shall receive a forty percent credit against income taxes owed pursuant to chapter 143, 147 or 148, RSMo, other than taxes withheld pursuant to sections 143.191 to 143.265, RSMo, for each of the three years after such move, if approved by the department of economic development, which shall issue a certificate of eligibility if the department determines that the taxpayer is eligible for such credit. The maximum amount of credits per taxpayer set forth in this subsection shall not exceed one hundred twenty-five thousand dollars for each of the three years for which the credit is claimed. The department of economic development, by means of rule or regulation promulgated pursuant to the provisions of chapter 536, RSMo, shall assign appropriate North American Industry Classification System numbers to the companies which are eligible for the tax credits provided for in this section. Such three-year credits shall be awarded only one time to any company which moves its operations from outside of Missouri or outside of a distressed community into a distressed community or to a company which commences operations within a distressed community. A taxpayer shall file an application for certification of the tax credits for the first year in which credits are claimed and for each of the two succeeding taxable years for which credits are claimed.

2. Employees of such facilities physically working and earning wages for that work within a distressed community whose employers have been approved for tax credits pursuant to subsection 1 of this section by the department of economic development for whom payroll taxes are paid shall also be eligible to receive a tax credit against individual income tax, imposed pursuant to chapter 143, RSMo, equal to one and one-half percent of their gross salary paid at such facility earned for each of the three years that the facility receives the tax credit provided by this section, so long as they were qualified employees of such entity. The employer shall calculate the amount of such credit and shall report the amount to the employee and the department of revenue.

3. A tax credit against income taxes owed pursuant to chapter 143, 147 or 148, RSMo, other than the taxes withheld pursuant to sections 143.191 to 143.265, RSMo, in lieu of the credit against income taxes as provided in subsection 1 of this section, may be taken by such an entity in a distressed community in an amount of forty percent of the amount of funds expended for computer equipment and its maintenance, medical laboratories and equipment, research laboratory equipment, manufacturing equipment, fiber optic equipment, high speed telecommunications, wiring or software development expense up to a maximum of seventy-five thousand dollars in tax credits for such equipment

or expense per year per entity and for each of three years after commencement in or moving operations into a distressed community.

4. A corporation, partnership or sole partnership, which has no more than one hundred employees for whom payroll taxes are paid, which is already located in a distressed community and which expends funds for such equipment pursuant to subsection 3 of this section in an amount exceeding its average of the prior two years for such equipment, shall be eligible to receive a tax credit against income taxes owed pursuant to chapters 143, 147 and 148, RSMo, in an amount equal to the lesser of seventy-five thousand dollars or twenty-five percent of the funds expended for such additional equipment per such entity. Tax credits allowed pursuant to this subsection or subsection 1 of this section may be carried back to any of the three prior tax years and carried forward to any of the **next** five tax years.

5. An existing corporation, partnership or sole proprietorship that is located within a distressed community and that relocates employees from another facility outside of the distressed community to its facility within the distressed community, and an existing business located within a distressed community that hires new employees for that facility may both be eligible for the tax credits allowed by subsections 1 and 3 of this section. To be eligible for such tax credits, such a business, during one of its tax years, shall employ within a distressed community at least twice as many employees as were employed at the beginning of that tax year. A business hiring employees shall have no more than one hundred employees before the addition of the new employees. This subsection shall only apply to a business which is a manufacturing, biomedical, medical devices, scientific research, animal research, computer software design or development, computer programming or telecommunications business, or a professional firm.

6. Tax credits shall be approved for applicants meeting the requirements of this section in the order that such applications are received. Certificates of tax credits issued in accordance with this section may be transferred, sold or assigned by notarized endorsement which names the transferee.

7. The tax credits allowed pursuant to subsections 1, 2, 3, 4 and 5 of this section shall be for an amount of no more than ten million dollars for each year beginning in 1999. To the extent there are available tax credits remaining under the ten million dollar cap provided in this section, [up to one hundred thousand dollars in the] **such** remaining credits shall first be used for tax credits authorized under section 135.562. The total maximum credit for all entities already located in distressed communities and claiming credits pursuant to subsection 4 of this section shall be seven hundred and fifty thousand dollars. The department of economic development in approving taxpayers for the credit as provided for in subsection 6 of this section shall use information provided by the department of revenue regarding taxes paid in the previous year, or projected taxes for those entities newly established in the state, as the method of determining when this maximum will be reached and shall maintain a record of the order of approval. Any tax credit not used in the period for which the credit was approved may be carried over until the full credit has been allowed.

8. A Missouri employer relocating into a distressed community and having employees covered by a collective bargaining agreement at the facility from which it is relocating shall not be eligible for the credits in subsection 1, 3, 4 or 5 of this section, and its employees shall not be eligible for the credit in subsection 2 of this section if the relocation violates or terminates a collective bargaining agreement covering employees at the facility, unless the affected collective bargaining unit concurs with the move.

9. Notwithstanding any provision of law to the contrary, no taxpayer shall earn the tax credits allowed in this section and the tax credits otherwise allowed in section 135.110, or the tax credits, exemptions, and refund otherwise allowed in sections 135.200, 135.220, 135.225 and 135.245, respectively, for the same business for the same tax period.

135.562. 1. If any taxpayer with a federal adjusted gross income of thirty thousand dollars or less incurs costs for the purpose of making all or any portion of such taxpayer's principal dwelling accessible to [an individual with a disability] **a disabled individual or a senior** who permanently resides with the taxpayer, such taxpayer shall receive a tax credit against such taxpayer's Missouri income tax liability in an amount equal to the lesser of one hundred percent of such costs or two thousand five hundred dollars per taxpayer, per tax year.

For purposes of this section, "disabled individual" means any natural person who:

- (1) Is a hearing-impaired person as defined in section 302.174, RSMo;**
- (2) Is a blind person as defined in section 8.700, RSMo; or**
- (3) Has medical disabilities that, as determined by a health care professional as defined in section 191.300, RSMo, prohibit, limit, or severely impair the person's ability to ambulate or walk as follows:**
 - (a) The person is unable to ambulate or walk less than fifty feet without stopping to rest due to a severe and disabling arthritic, neurological, orthopedic, or other severe and disabling condition; or**
 - (b) The person is unable to ambulate or walk without the use of or assistance from a brace, cane, crutch, prosthetic device, wheelchair, other assistive device, or another person.**

2. Any taxpayer with a federal adjusted gross income greater than thirty thousand dollars but less than sixty thousand dollars who incurs costs for the purpose of making all or any portion of such taxpayer's principal dwelling accessible to [an individual with a disability] **a disabled individual or senior** who permanently resides with the taxpayer shall receive a tax credit against such taxpayer's Missouri income tax liability in an amount equal to the lesser of fifty percent of such costs or two thousand five hundred dollars per taxpayer per tax year. No taxpayer shall be eligible to receive tax credits under this section in any tax year immediately following a tax year in which such taxpayer received tax credits under the provisions of this section.

3. Tax credits issued pursuant to this section may be refundable in an amount not to exceed two thousand five hundred dollars per tax year.

4. Eligible costs for which the credit may be claimed include:

- (1) Constructing entrance or exit ramps;
- (2) Widening exterior or interior doorways;
- (3) Widening hallways;
- (4) Installing handrails or grab bars;
- (5) Moving electrical outlets and switches;

- (8) Modifying hardware of doors; [or]
- (9) Modifying bathrooms; **or**

(10) Constructing additional rooms in the dwelling or structures on the property for the purpose of accommodating the senior or disabled person.

5. The tax credits allowed, including the maximum amount that may be claimed, pursuant to this section shall be reduced by an amount sufficient to offset any amount of such costs a taxpayer has already deducted from such taxpayer's federal adjusted gross income or to the extent such taxpayer has applied any other state or federal income tax credit to such costs.

6. A taxpayer shall claim a credit allowed by this section in the same taxable year as the credit is issued, and at the time such taxpayer files his or her Missouri income tax return; provided that such return is timely filed.

7. The department may, in consultation with the department of social services, promulgate such rules or regulations as are necessary to administer the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

8. The provisions of this section shall apply to all tax years beginning on or after January 1, 2008.

9. The provisions of this section shall expire December 31, 2013.

10. In no event shall the aggregate amount of all tax credits allowed pursuant to this section exceed [one hundred thousand dollars] **the amount of tax credits remaining unused under the program authorized under section 135.535** in any given fiscal year. The tax credits issued pursuant to this section shall be on a first-come, first-served filing basis."; and

JOURNAL OF THE HOUSE

First Regular Session, 95th GENERAL ASSEMBLY

SIXTY-SIXTH DAY, MONDAY, MAY 4, 2009

The House met pursuant to adjournment.

Speaker Richard in the Chair.

Prayer by Representative Witte.

Dear Heavenly Father, first, we praise You, that You, in Your infinite wisdom, have created the world and each and everything in it.

And Heavenly Father, second, we thank You for our loved ones, our family and our friends, and for all the other many blessings that You have bestowed upon us.

And Father, I next ask You for something for me and for all the other members of this body, especially our leaders. Please help us remember that we represent not only those people who live in our districts, but that we also represent this body. Please help us remember that we also need to represent You, in whatever holy form we worship You, in all those things that we think, do or say. Please, Father, give each of us the patience, wisdom and understanding that we need to be the person that You want us to be.

And Father, because we are human, we know that we will need Your forgiveness, and for that we thank You also.

And so Father, we praise You and thank You. We ask You to guide us and direct us in the days and weeks to come and to forgive us when we fail and fall short.

I ask these things of You on behalf of all of those who hear my voice. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Jaron Heller, Mary Mazzola, Tristen Wilbers, Addie Dickerson, Sammy Pycior and Tyler Shrout.

The Journal of the sixty-fifth day was approved as corrected by the following vote:

House Amendment No. 1

AMEND Senate Bill No. 217, Section A, Page 1, Line 2, by inserting after all of said section and line the following:

"347.183. In addition to the other powers of the secretary established in sections 347.010 to 347.187, the secretary shall, as is reasonably necessary to enable the secretary to administer sections 347.010 to 347.187 efficiently and to perform the secretary's duties, have the following powers including, but not limited to:

(1) The power to examine the books and records of any limited liability company to which sections 347.010 to 347.187 apply, and it shall be the duty of any manager, member or agent of such limited liability company having possession or control of such books and records, to produce such books and records for examination on demand of the secretary or his designated employee; except that no person shall be subject to any criminal prosecution on account of any matter or thing which may be disclosed by examination of any limited liability company books and records, which they may produce or exhibit for examination; or on account of any other matter or thing concerning which they may make any voluntary and truthful statement in writing to the secretary or his designated employee. All facts obtained in the examination of the books and records of any limited liability company, or through the voluntary sworn statement of any manager, member, agent or employee of any limited liability company, shall be treated as confidential, except insofar as official duty may require the disclosure of same, or when such facts are material to any issue in any legal proceeding in which the secretary or his designated employee may be a party or called as witness, and, if the secretary or his designated employee shall, except as provided in this subdivision, disclose any information relative to the private accounts, affairs, and transactions of any such limited liability company, he shall be guilty of a class C misdemeanor. If any manager, member or registered agent in possession or control of such books and records of any such limited liability company shall refuse a demand of the secretary or his designated employee, to exhibit the books and records of such limited liability company for examination, such person shall be guilty of a class B misdemeanor;

(2) The power to cancel or disapprove any articles of organization or other filing required under sections 347.010 to 347.187, if the limited liability company fails to comply with the provisions of sections 347.010 to 347.187 by failing to file required documents under sections 347.010 to 347.187, by failing to maintain a registered agent, by failing to pay the required filing fees, by using fraud or deception in effecting any filing, by filing a required document containing a false statement, or by violating any section or sections of the criminal laws of Missouri, the federal government or any other state of the United States. Thirty days before such cancellation shall take effect, the secretary shall notify the limited liability company with written notice, either personally or by certified mail, deposited in the United States mail in a sealed envelope addressed to such limited liability company's last registered agent in office, or to one of the limited liability company's members or managers. Written notice of the secretary's proposed cancellation to the limited liability company, domestic or foreign, shall specify the reasons for such action. The limited liability company may appeal this notice of proposed cancellation to the circuit court of the county in which the registered office of such limited liability company is or is proposed to be situated by filing with the clerk of such court a petition setting forth a copy of the articles of organization or other relevant documents and a copy of the proposed written cancellation thereof by the secretary, such petition to be filed within thirty days after notice of such cancellation shall have been given, and the matter shall be tried by the court, and the court shall either sustain the action of the secretary or direct him to take such action as the court may deem proper. An appeal from the circuit court in such a case shall be allowed as in civil action. The limited liability company may provide information to the secretary that would allow the secretary to withdraw the notice of proposed cancellation. This information may consist of, but need not be limited to, corrected statements and documents, new filings, affidavits and certified copies of other filed documents;

(3) The power to rescind cancellation provided for in subdivision (2) of this section upon compliance with either of the following:

(a) The affected limited liability company provides the necessary documents and affidavits indicating the limited liability company has corrected the conditions causing the proposed cancellation or the cancellation; or

(b) The limited liability company provides the correct statements or documentation that the limited liability company is not in violation of any section of the criminal code; and

(4) The power to charge late filing fees for any filing fee required under sections 347.010 to 347.187 and the power to impose civil penalties as provided in section 347.053. Late filing fees shall be assessed at a rate of ten dollars for each thirty-day period of delinquency;

(5) (a) The power to administratively cancel an articles of organization if the limited liability company's period of duration stated in articles of organization expires.

(b) Not less than thirty days before such administrative cancellation shall take effect, the secretary shall notify the limited liability company with written notice, either personally or by mail. for examination on demand of the secretary of state or designated employee; provided, that no person shall be subject to any criminal prosecution on account of any matter or thing which may be disclosed by the examination of any limited partnership books, or records, which they may produce or exhibit for examination; or on account of any matter or thing concerning which they may make any voluntary and truthful statement in writing to the secretary of state, or designated employee. All facts obtained in the examination of the books and records of any limited partnership, or through voluntary sworn statement of any partner, agent, or employee of any limited partnership, shall be treated as confidential, except insofar as official duty may require the disclosure of same; or when such facts are material to any issue in any legal proceeding in which the secretary of state or designated employee may be a party or called as a witness, and, if the secretary of state or designated employee shall, except as herein provided, disclose any information relative to the private accounts, affairs, and transactions of any such limited partnership, he shall be deemed guilty of a class C misdemeanor.

Thirty days before such cancellation shall take effect, the secretary of state shall notify the limited partnership with written notice, either personally or by mail. If mailed, the notice shall be deemed delivered five days after it is deposited in the United States mail in a sealed envelope addressed to such limited partnership's last registered agent and office or to one of the limited partnership's general partners. The written notice of the secretary of state's proposed cancellation to the limited partnership, domestic or foreign, will specify the reasons for such action.

(b) The limited partnership may appeal this notice of proposed cancellation to the circuit court of the county in which the registered office of such limited partnership is or is proposed to be situated by filing with the clerk of such court a petition setting forth a copy of the certificate of limited partnership or other relevant documents and a copy of the proposed written cancellation thereof by the secretary of state, such petition to be filed within thirty days after notice of such cancellation shall have been given, and the matter shall be tried by the court, and the court shall either sustain the action of the secretary of state or direct him to take such action as the court may deem proper. An appeal from the circuit court in such a case shall be allowed as in civil action.

(c) The limited partnership may provide information to the secretary of state that would allow the secretary of state to withdraw the notice of proposed cancellation. This information may consist of, but need not be limited to, corrected statements and documents, new filings, affidavits and certified copies of other filed documents.

If mailed, the notice shall be deemed delivered five days after it is deposited in the United States mail in a sealed envelope addressed to such limited partnership's last registered agent and office or to one of the limited partnership's general partners.

(c) If the limited partnership does not timely file a certificate of amendment in accordance with section 359.101 to extend the duration of the limited partnership, which may be any number of years or perpetual, or demonstrate to the reasonable satisfaction of the secretary of state that the period of duration determined by the secretary of state is incorrect, within sixty days after service of the notice is perfected by posting with the United States Postal Service, then the secretary of state shall cancel the certificate of limited partnership by signing a certificate of administrative cancellation that recites the grounds for cancellation and its effective date. The secretary of state shall file the original of the certificate and serve a copy on the limited partnership as provided in section 359.141.

(d) If the secretary of state determines that the application contains the information and is accompanied by the fees required in paragraph (c) of this subdivision and that the information and fees are correct, the secretary of state shall rescind the certificate of administrative cancellation and prepare a certificate of reinstatement that recites his or her determination and the effective date of reinstatement, file the original of the certificate, and serve a copy on the limited partnership as provided in section 359.141.

(e) When the reinstatement is effective, it shall relate back to and take effect as of the effective date of the administrative cancellation of the certificate of limited partnership and the limited partnership may continue carrying on its business as if the administrative cancellation had never occurred.

(f) In the event the name of the limited partnership was reissued by the secretary of state to another entity prior to the time application for reinstatement was filed, the limited partnership applying for reinstatement may elect to reinstate using a new name that complies with the requirements of section 359.021 and that has been approved by appropriate action of the limited partnership for changing the name thereof.

A custodial parent may designate a person to act as standby guardian of a minor or incapacitated person by a will that complies with the requirements of section 474.320, RSMo, or by a separate written instrument which is dated and is either duly executed and acknowledged by the custodial parent or is signed by the custodial parent in the presence of at least two disinterested witnesses and subscribed by the witnesses. If the custodial parent executes more than one document designating a standby guardian and there is a conflict between the documents as to the person designated, the document bearing the latest date shall control.

2. If a custodial parent who has designated a standby guardian is or becomes seriously ill, the custodial parent or the person designated as standby guardian may file a petition in the probate division of the circuit court of the county which would be of proper venue for the appointment of a guardian of the minor or incapacitated person seeking appointment of the designated person as standby guardian. (1) The name, age, domicile, actual place of residence, and mailing address of the minor or incapacitated person;

(2) The name and address of the custodial parent and of the designated standby guardian;

3. The court shall determine appointment of a standby guardian in accordance with the best interests of the minor or incapacitated person after considering all relevant factors, including:

- (1) Whether there is a parent other than the custodial parent and, if so, whether the other parent is willing, able, and fit to assume the duties of a parent;
- (2) The suitability of a person nominated by the minor or incapacitated person if he or she is, at the time of hearing, able to communicate a reasonable choice; and
- (3) The desirability of providing arrangements for the care, custody, and control of the minor or incapacitated person which shall minimize stress and disruption and avoid his or her placement in foster or similar care pending appointment of a guardian if the custodial parent is adjudicated incapacitated or dies.

5. The authority of a person to act as standby guardian for a minor or incapacitated person shall only take effect as follows:

 - (b) Entry of an order adjudicating the custodial parent to be incapacitated; or
 - (c) The death of the custodial parent.

The person shall, within ten days after he or she begins to act as standby guardian, notify the court in writing of that fact and of the reasons therefor. The court may grant letters of standby guardianship to the person or, if the court deems it advisable, conduct a hearing to determine the propriety of the person having begun, and continuing, to act as standby guardian and the propriety of issuing letters of standby guardianship to the person.

6. A person acting as standby guardian of a minor or incapacitated person shall, within sixty days after he or she begins to act, petition the court for appointment of the standby guardian or some other qualified person as guardian of the minor or incapacitated person. Proceedings on the petition shall be conducted in the same manner as would be applicable in a case for appointment of a successor guardian under section 475.115.

7. Nothing in this section shall be construed to:

- (1) Deprive a parent of his or her legal rights with respect to a minor or incapacitated person who is a child of that parent, including court ordered visitation with the child, nor to authorize a grant of authority to a standby guardian which would supersede any such rights; or
- (2) Relieve a parent of his or her legal obligations or duties to a minor or incapacitated person who is a child of that parent, including a duty to support the child in accordance with a court or administrative order.

8. Except to the extent determined by the court to be inconsistent with the provisions of this section or as expressly provided in this section, the laws applicable to guardianship proceedings shall apply to all proceedings under this section.

475.105. 1. When a duly appointed guardian or conservator has given bond, as required by law, and the bond has been approved, letters under the seal of the court shall be issued to [him] **the person appointed**. Such letters shall specify whether they are of guardianship [or], limited guardianship, **or standby guardianship** of the person, or conservatorship or limited conservatorship of the estate, or both, and the original or duly certified copies thereof shall be prima facie evidence of the facts therein stated.

Such written consent shall be executed in front of a judge or a notary public. In lieu of such acknowledgment, the signature of the person giving such written consent shall be witnessed by the signatures of at least two adult persons who are present at the execution whose signatures and addresses shall be plainly written thereon and who determine and certify that the consent is knowingly and freely given. The two adult witnesses shall not be the prospective adoptive parents or any attorney representing a party to the adoption proceeding. The notary public or witnesses shall verify the identity of the party signing the consent.

6. The written consents shall be reviewed and, if found to be in compliance with this section, approved by the court within three business days of such consents being presented to the court. Upon review, in lieu of approving the

consent within three business days, the court may set a date for a prompt evidentiary hearing upon notice to the parties. Failure to review and approve the written consent within three business days shall not void the consent, but a party may seek a writ of mandamus from the appropriate court, unless an evidentiary hearing has been set by the court pursuant to this subsection.

7. The written consent required in subsection 3 of this section may be withdrawn anytime until it has been reviewed and accepted by a judge.

8. A consent form shall be developed through rules and regulations promulgated by the department of social services. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536, RSMo. If a written consent is obtained after August 28, 1997, but prior to the development of a consent form by the department and the written consent complies with the provisions of subsection 9 of this section, such written consent shall be deemed valid.

9. However, the consent form must specify that:

(1) The birth parent understands the importance of identifying all possible fathers of the child and may provide the names of all such persons; and

(2) The birth parent understands that if he denies paternity, but consents to the adoption, he waives any future interest in the child.

10. The written consent to adoption required by subsection 3 and executed through procedures set forth in subsection 5 of this section shall be valid and effective even though the parent consenting was under eighteen years of age, if such parent was represented by a guardian ad litem, at the time of the execution thereof.

11. Where the person sought to be adopted is eighteen years of age or older, his written consent alone to his adoption shall be sufficient.

12. A birth parent, including a birth parent less than eighteen years of age, shall have the right to legal representation and payment of any reasonable legal fees incurred throughout the adoption process. In addition, the court may appoint an attorney to represent a birth parent if:

(1) A birth parent requests representation;

(2) The court finds that hiring an attorney to represent such birth parent would cause a financial hardship for the birth parent; and

(3) The birth parent is not already represented by counsel.

13. Except in cases where the court determines that the adoptive parents are unable to pay reasonable attorney fees and appoints pro bono counsel for the birth parents, the court shall order the costs of the attorney fees incurred pursuant to subsection 12 of this section to be paid by the prospective adoptive parents or the child-placing agency."; and

(2) Whenever the board of directors of any transportation development district in which a transportation development sales tax has been imposed in the manner provided by this section receives a petition, signed by ten percent of the qualified voters calling for an election to repeal such transportation development sales tax, the board of directors shall, if such repeal will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued by the commission or any local transportation authority to finance any project or projects, submit to the qualified voters of such transportation development district a proposal to repeal the transportation development sales tax imposed pursuant to the provisions of this section.
